Children of God:

God bless you and bring you quickly to that place in your own spiritual evolution when you will be as free as Our Beloved Jesus was when He could say - "The prince of this world (death) cometh and findeth nothing in Me". Oh, beloved children, ye are as free now as Jesus was, did ye but realize it! Have faith in the reality of your sonship with God NOW. Accept it, in God's Name and be free!

Blessings and Love. MAHA CHOHAN.

(Excerpts from Beloved El Morya's Report on the March-April Transmission Flame Activities from the Resurrection Temple of Jesus and Mary).

Beloved Friends: My assignment tonight, received from the Beloved Lord Maitreya, is great indeed. It covers so many fields, so many scopes of activity and endeavor, that I must necessarily digest into a very small portion of time that which I wish to present to you.

I also ask for the full cooperation of your Holy Christ Selves to anchor into your outer consciousness the instruction that is given because believe Me, My friends (and I repeat this again and again though the intellect of many may scoff) you are they who shall one day have to explain the Law and the activity and mechanics of the Sacred Fire in its inter-relationship between the Ascended Master Realm and the outer consciousness of mankind to the masses.

Now, We shall turn to another point which has come up within the consciousness of some - and for that We shall turn to the contemplation of the banner of Our Lord, the Maha Chohan.

How much does this banner in its entirety mean to you? Have you thought upon it in relation to its activity? There is no thought form, no symbol, no service that is rendered by visualization that does not hold within itself a message for the alert. Here within the center of the purple field you have the Dove, representative of the great Maha Chohan, the Representative of The Cosmic Holy Spirit Himself. From it (when it was first conceived) poured the Five Rays, representative of the Chohans, three to seven. Since the conception of the original banner the Cosmic Law has decreed that the entire seven Members of the Chohanic Order come under the radiation of the Maha Chohan. This includes the Master Kuthumi and Myself and the revision of the symbols in the banner of the Maha Chohan will come forth in due time.

What is the activity represented by this banner and the symbols portrayed upon it? The Dove (or Holy Spirit) is animating the Freedom Flame ... In other words, animating, vitalizing, sustaining and expanding the activity of the Seventh Ray, which is the particular and predominant outpouring of the moment under the great Chohan, My Beloved Friend and Brother, Saint Germain!

Now, beloved friends, the Holy Spirit (Lord Maha Chohan) chooses from time to time to animate, sustain and expand the activities of My humble Self, or other members of the Great White Brotherhood and to give the full pressure and power of His Immortal Flame of Love and Light to the words of instruction as they are released by Us so that they may go forth to the student body of the people, and that is why He has chosen the Bulletin as an energizing and radiating instrument for His own outpouring; graciously sharing it with those of Us Who have no other instrument of expression because of the limited, though well-meaning, capacity of the distributing center which the student body can afford to support at present.

You see, beloved friends, while the Cosmic Law has furnished Us with an allotment of energy enabling Us to give this instruction, it stipulates (in accordance with the law governing the evolution of each realm) that your octave furnish the vehicles through which this instruction is received and rides forth to be assimilated by the outer consciousness of man. If the Maha Chohan had not made provision for the lowering of Our instruction from Our realm to the etheric and from the etheric to yours, it would remain as part of the vibrations of the Higher Octaves and you would be deprived of its benefits. Thus was the Bulletin as a vehicle of expression for the Ascended Host brought into being, furnished and sustained (it must not be forgotten by the cooperatio

of your good selves) but as to which Master shall or shall not use it is within the prerogative of Our Beloved Maha Chohan Whom I know you all love.

To explain the preceding paragraph, dear friends, many students have objected (if I may use the term) to the use of the Bulletin by Masters other than the Beloved Maha Sahib, thinking perhaps in their great love for Him that He was being "crowded out" by His Sons and Others. This should be a satisfactory explanation and with it let Us briefly end the subject ...

Now let us consider for a moment the question of the heart - whether that of a body or an activity of any kind. Have you thought of it in relation to this whole New Endeavor and its effect on the consciousness of the race? You have on one side of the physical heart what is called the "auricles" and on the other the "ventricles". Auricles taken from the Greek word "oracle" (the receiving center) and the ventricles doing exactly what is contained within that word-pushing the vital blood and energy through the body. Do you not see then how the double action of the heart might be considered one? And the student body, being the heart of the movement, do you not see why it is necessary that it should function as one organ? It is to bring to you a consciousness of this unity - a consciousness of your individual and collective service as one unit that We come again and again, draw aside the veil of maya and explain in as simple terms as possible the activities which can give you assistance and, through assistance, greater light.

Turning now to the breath, I would like you to understand the power you have in the control of your four lower vehicles through the use of the controlled breath.

I tell you that in the control of your breath you can draw the substance of your emotional, mental, etheric and physical bodies into the Sacred Fire within your heart, sublimate it there and then in the expansion of the Flame (the release of the breath) consciously feed each of those four bodies with the divine qualities and virtues contained within the Sacred Fire and upon which your attention rests.

The activity of breathing in The Resurrection Flame from the Temple of Jesus and Mary (which We are honoring tonight) follows exactly the same exercise if you choose to experiment with it... Within your heart is the Immortal, Three-fold Flame of God. Therefore, within your heart is a potential spark of every God Virtue from every Retreat and every Star on this planet and within interstellar space - and this includes, beloved friends, the Power of Resurrection. Does your heart possess less power of Resurrection than the daffodil or any dormant seed? As you consciously connect with the full, gathered, cosmic momentum of the manifested power of the Resurrection Flame and you breath it into the Flame within your heart, you expand that resurrection activity through your four lower bodies, giving you a foretaste of life eternal.

I hope that you understand this that I am trying to impart to you now and use it for your own good....

The practice of the controlled breath will help you in the control of the life you give to yourself for physical use; for etheric resuscitation of the powers of your being which you had in the Sun before the world was...It will help you in the resuscitation of the mental memories of your association with the Ascended Masters and Avatars and you will feel the resuscitation of the joy, bouyancy, happiness, vitality and perfection of the God-free Beings in Their service to love and life. That you experience all this and more is the wish of your Friend:

MORYA.

Dear friends: Again we try to express in words our gratitude and appreciation for your assistance in this - our mutual endeavor.

THOMAS PRINTZ' PRIVATE BULLETIN. A BRIDGE PUBLICATION.

April 8th, 1956. Vol. 5. No. 2.

Beloved Children:

In My capacity as Overlord of the Chohans of The Rays, I am delegated with the authority and responsibility of supervising the development of every lifestream evolving under the specific benediction and blessing of each of the Rays. The natural evolution of the lifestreams makes each one heir to certain impersonal blessings and stimuli which, like the sun, air and water, are equally dispersed without the measure of personal merit, as in the statement - "The sun shines and the rain falls on the just and unjust alike". The radiating center through which these blessings flow do not delegate any specific intensity to any particular individual ....

The cosmic energies that flow through My Aura contain within themselves those spiritual gifts to the evolutions of Earth and require no particular attention of My conscious self in the drawing and radiating of their substance to those channels which are provided to be faucets of radiation in the world of men. Each Chohan then receives through My Spiritual Body or Aura the gifts, substance and pressure of Flame required by Him to activate and expand His Ray. He, in turn, becomes responsible for the direction and ultimate use of this outpouring through the lifestreams under His supervision. The Chohan of the Ray personalizes the Gifts of the Holy Spirit to a much greater degree than I do and it becomes His responsibility to utilize the substance, gifts and powers of that Ray in a manner that will most efficaciously benefit the evolution of all life in the nature kingdom, the elemental kingdom and the kingdom of mankind who follow the ladder of evolution along His Ray.

Therefore, when any one of the Chohans chooses to single out any member of unascended mankind and spend some of the precious energies of His own allotment from the cosmic storehouse in nourishing the consciousness of that one, He must of necessity ask permission of My Office and I, after consulting the cosmic record of the lifestream and the potential service that could be rendered by such an one if the grant were given,am able to pass upon the wisdom of the application and give consent ... BUT, even with the consent, the Chohan or Sponsor is fully aware that He Himself must make up to the Universal Cosmic Law whatever energy, time, love, effort and gifts He delegates or bestows upon such an one, if that lifestream shows no profit.

You see, beloved ones, when an individual gains his ascension, the full, gathered, cosmic momentum of his whole life's endeavors are voluntarily and lovingly contributed to the One Cosmic Consciousness to which every Being in the Ascended Realm has access at any time for any knowledge He may require. However, for any service rendered below the Ascended Master State He is required to offer a pledge to the Cosmic Law not only for the amount He wishes to draw but an additional amount of redeemed energy to warrant the expenditure of both time and service. The conscious chelas also on whom this priceless energy is expended are held responsible, but to a less extent than the Master, it being evident above as below that the more knowledge We possess the more responsible We are for its use. In case the "investment" does not bear fruit to balance the expenditure, I, too, share in the responsibility of My Chohans and it is for this reason that I have deliberately prepared a balance to the Universal Law through these many years of instruction and endeavor over and above the cosmic duties of My Office.

Blessings and Love.

MAHA CHOHAN.

We thank and bless you, dear friends of light, for your blessed letters of encouragement and the financial help required/to support this vehicle of expression of our Beloved Maha Chohan and the members of the Celestial Hierarchy with Whom He shares it.

THOMAS PRINTZ' PRIVATE BULLETIN. A BRIDGE TO FREEDOM PUBLICATION.

April 15th, 1956. Vol. 5. No. 3.

Beloved Children of God:

All of the energy in this universe is conatantly emitting radiation and the quality of the radiation really represents the whole problem of human redemption, as far as the Ascended Masters' service to man is concerned. There is not an electron in intersteller space that is static or immoveable and the so-called "inanimate" objects of the physical world are in constant state of motion as the scientists have discovered.

The degree of evolution of each self-conscious individual determines the intensity and the length of the rays of radiation that pass from him. The higher the lifestream goes upon the spiritual ladder the greater is the area covered by his outgoing energy waves and the more life, power and love directed to such an one by the Ascended Brotherhood, the greater is his responsibility in the solar system to which he belongs because of the ever-increasing circumference of his electronic circle.

That is why the responsibility for spiritual knowledge and unfoldment is far greater than is comprehended by the student who is so eagerly desirous of knowledge, of powers and the full use of the activities of the Sacred Fire. As in the physical world greater responsibility rests upon the shoulders of those in positions of trust and authority, so does all spiritual knowledge carry with it an obligation to serve life selflessly and the far more important obligation to control and pour out through the radiation of such an one's being only those qualities which will enrich the universe through the greater scope of the increased aura.

If people could see what the unfoldment of spiritual knowledge did to their auras and how much greater was their personal ability to affect the entire universal scheme, some would hesitate (on account of the personal responsibility involved) before accepting this outpouring.

When individuals have been under the direction of the Ascended Host as you have been, dear ones, for several years now, every time One of Us has come to present the Law, countless tons of energy has flowed into each one of your auras, remaining a part of your lifestreams and greatly enlarging the sphere of influence of all the Seven Rays. It is, therefore, expedient that you begin to incorporate into your very beings the Ascended Masters' Peace, Poise, Serenity, Kindliness, Tolerance, Understanding, Love and Gentleness, because the repercussions for the slightest imperfection upon the Law of Harmony are much greater when the aura is expanded to such a large extent, for the reason that it affects a greater part of life.

The activity of anchoring the Ascended Masters' energy into your own bodies to set up new patterns of thought and feeling, coupled with your own conscious endeavor to hold your lower bodies within a harmonious expression, will do much to assist you. When your outer consciousness is constantly aware that its most essential duty is to maintain an undisturbed state of harmonious radiation-in the full knowledge of the effect it will have on the lives of others - your consciousness will become like a sun and your sphere of influence can be used cosmically to set up a like energy pattern in the lives of all those whom the Masters will see fit to draw into your environment, besides the beneficial effect it will have on every expression of life, plant, animal and elemental being that it touches.

Watch your thoughts and feelings, beloved ones, because these affect your radiation and tend to diminish your usefulness in the Ascended Masters' present endeavors to raise and redeem a planet and its people.

MAHA CHOHAN.

April 22nd. 1956. Vol. 5 No. 4.

Beloved Children:

Will it surprise you to learn that you and I, individually, have many discussions! Perhaps I should not say "discussions" because you do not audibly join with Me in the expression of My humble endeavors (through this little "Bulletin") to point out to you ways and means by which your earnest souls may consciously join with the Great Assembly of Ascended Beings One of Whom I have the privilege to be. Yet, I rarely come without there is a discussion of a sort, because within your feelings and your thoughts there have been questions raised, points on which you sought illumination, and, in the invisible, we have talked back and forth more often than you, in your outer self, are aware of, so to say that We have had many discussions is not entirely erroneous.

I enjoy tremendously the searching of your consciousness and your purpose...I enjoy your devotion to Me and to the Brothers Who represent Me and Who have carried the message of Life and Light so constantly through the years... I pray for the hour when your devotion to each other and your kindly disposition toward each other may be equal to your devotion to Myself, for in that is the hope of the unity of Our endeavor to set this planet with its teeming evolutions free to fulfill their individual Divine destinies...

That is why I ask you now, as I have requested many times in the past, to turn your thoughts to the nature of the Godhead, to that of Myself, if you feel so inclined, or to any of the Brothers of Light Who may have taken your fancy, that We might share with you Our Love both for yourself and for the Light - that you may have the richness of experiencing that love for each other...When that is done, beloved ones, We can "love the world free" through greater illumination and greater freedom - for love is all there is.

The human nature cannot love; it knows neither tolerance nor understanding nor kindness, because it is diametrically opposed to God. In fact you might say it is the "devil". All unascended beings share this human nature to some extent for self-preservation and other reasons, and the self-denial and humility that represent the vows of Church Orders are endeavors to deny the human nature and assume the nature of God... I find, though that denial by human will is not the answer, but the invocation, which I present to you now and have presented so many times in the past, to any Ascended Being to enter into your daily life, has been particularly designed by Myself as I sat last evening trying to think up a simple way and means of reaching into your hearts.

Sometimes, in the hours when We are not disposed to Cosmic Service, We have periods of quietude when Our minds and thoughts are free from the creative efforts of Our specific cosmic purpose. This is somewhat similar to your recreation hours and We are free to use Our energies in music, art, song, friendly visitation one with another, or in any harmless manner which allows Our Flame to revivify and build anew for the following day's occupation. I use the word "day" advisedly to distinguish periods of service, and it was in such a quiet time that you, beloved ones, came into My mind. As you pour fresh water into a glass of pulluted water until it is clear, so will the invocation of any Ascended Master's consciousness into your own human consciousness ceanse and purify and raise it into the God-Consciousness, as the water is purified in the glass. Experiment with this invocatiyn idea this week, beloved ones, and we will all rejoice at the results! You will definitely let Me know what you think of it! Love and Grace are the wings of the Spirit.

Blessings and Love

Beloved Friends:

All during this current month (April 15th to May 14th.) the radiation of the Flame of Peace and Comfort from My Retreat in Ceylon is flooding the planet Earth, encompassing and interpenetrating every expression of life evolving thereon.

Comfort and Peace are essential to the spiritual growth of all life from the smallest elemental to the greatest of Beings still evolving on the higher planes of existence. Likewise, it is within the scope and nature of all life and this extends to the so-called "inanimate" expressions to radiate forth a feeling of peace and comfort. Have you ever sat on a grassy bank on a warm Summer day, resting your back against a friendly tree and felt its strength and peace flow into you? Consider the peace and comfort experienced in the comtemplation of a beautiful pastoral scene or in a flock of sheep or a herd of cows grazing peacefully in a green meadow!

How much greater then should be the peace and comfort radiating from a self-conscious representative of the Holy Spirit, such as yourselves! When man replaces the selfish emanation of the human consciousness with the peace of the Holy Comforter, truly will the Kingdom of Heaven be made manifest on Earth.

I have pleasure in presenting this week for your edification and contemplation Our Beloved Kuthumi's report on the activities of the Comfort Flame on the occasion of the recent Transmission Activities.

Blessings and Love. MAHA CHOHAN.

(Report of Beloved Kuthumi from the Maha Chohan's Retreat April 21st, 1956.)

Beloved Friends: Turning our attention tonight to the great and beautiful amphitheatre over Asia (which is in the form of a magnificent Pink Heart, created by the Builders of Form after the pattern of the Thought-form of the year) you will see the four Beings that represent the activity of Divine Love - Beloved Archangel Chamuel and Charity, the Beloved Venetian and Blessed Nada - standing at the four cardinal points of this great amphitheatre, which is as large, I would say, as the continent of Asia. Later in the evening, as the activity expands, it will cover Australia, the Pacific Islands and the entire Western Hemisphere as well.

Into this Retreat tonight come all that require comfort and who is there who does not! Into it are coming the members who were released from the Compound. Into it are coming all the discarnates who are working out their salvation in the various Temples, including the Ascension Temples and others. Into it, in lovely pink litters, are being carried those who are sleeping yet after having passed into so-called death and into it, in a specific group, are coming all those souls who have applied to the Lords of Karma for embodiment and who will take their vow before the Beloved Mother Mary in May and endeavor to secure an Earth body.

There is a special place reserved in the atmosphere above the amphitheatre for elemental beings and many, many members of the kingdom of nature - the salamanders, the sylphs, the undines and the gnomes are gathered here, for God knows that these beings certainly do need comfort!

The Ascended Masters are all seated within the beautiful Flame Room of Our Lord, the Maha Chohan. I will try to describe that room to you if you care to come and stand with Me at the door...

Beloved Maha Chohan and Pallas Athena (officiating together,) are both in garments of beautiful delicate pink. The Maha Chohan tonight is wearing a cape, which He very seldom does, over His long pink tunic, extending back in a train to about twelve feet. He stands to the left of the Altar, the Beloved Pallas Athena to the right. She looks beautiful in Her pink robes and is wearing a cape similar to that worn by the Lord Maha Chohan. Her hair is piled high, Grecian fashion, with small pink flowers, something like your forget-me-not, woven through it.

The Altar is very Beautiful in this Flame Room. The room itself is done entirely in pink, with the walls panelled in gold that come to a point at the top something like

the beautiful Gothic stained glass windows that you so often see in your churches. There are three panels on either side of this room and one over the door at which we are standing. In each of these panels one of the Chohans is pictured, done in embossed gold with jewels for the eyes and hair and underneath is His name in golden script, that is, El Morya, Paul, the Venetian, Myself and so on. Saint Germain is pictured on the panel over the door. He is shown standing, looking down over the room towards the Altar.

The chairs are all done in deep pink and you will notice they have arm rests, they are covered with a velvet-like substance. The frames look somewhat like mother-o-pearl. The entire floor is carpeted right to the walls in pale pink. The Maha Sahib is very sensitive to sound and in every Retreat where His Activity is focused He has some sort of sound-proofing so that there is nothing to jar the vibratory action of the services in which He is engaged. The seats are arranged on either side of a central aisle and down that aisle over the carpeting runs a strip of magnificent leaf gold which forms the panel over which the Masters walk to take Their places.

The Altar, of course, is raised and the beautiful chalice in which the Comfort Flame is held stands in the center. On this exquisite vessel of delicate ivory countless small doves are finely carved, seeming to cluster all around the tip or fringe of the cup. The Flame of Comfort and Peace is now rising from this beautiful receptacle, both Pallas Athena and the Maha Chohan pouring Their radiation into It from either side.

At the actual commencement of the Ceremony, these two Great Beings will rise and meet within the Flame which will then ascend to the amphitheatre where It will begin to expand Its activity of Divine Comfort - first to all gathered here and then to the entire planet.

At approximately 9:20 this evening, the Beloved Maha Chohan and Pallas Athena will release for every lifestream on the planet and all belonging to this evolution a thought-form of a beautiful white dove, which will enter into and abide within the soul of each lifestream, so, as you finish your breathing exercise and remain in the heart of the silence for a moment, you may visualize those beautiful doves expanding outward, each one coming to rest finally in someone's soul. There are also tiny doves, some no larger than the head of a pin, created by order of the Maha Chohan Himself, to fit into the hearts of the smallest undines and the tiniest sylphs, salamanders and gnomes. There are also doves of tremendous size, some with a wingspread of from fifteen to twenty feet, to fit into the hearts of the great Devas. Even the Elohim Themselves get a gift of one of these doves tonight because this cosmic service not only includes human and elemental life, but includes a blessing from the Holy Spirit to all life, from Cosmic Heights down to the smallest elemental, who have been instrumental in setting Beloved Sanat Kumara free and who desire to bring comfort to this Earth.

For the animal Kingdom, the Maha Chohan - instead of the dove - designed a white cup much in the form of a lily-of-the-valley and that cup will go into the heart of every breathing animal tonight to give comfort to that life wherever it may be on this planet.

Now, beloved ones, as you take your places for the breathing ceremony, let Me remind you that every Master seated within the Flame Room is a Specialist in some activity of life. Think of the Beloved Jesus alone and the capacity He has had through the ages to comfort life! All those great Beings, as They draw in the Flame of Comfort, charge it with Their cosmic momentum of whatever quality They have specialized in and then breathe that out to bless all life.

The Maha Chohan wishes Me to remind you of the value of the quality of Constancy. There is great comfort in the constancy of your association one with another; constancy of friendship; constancy of purpose; constancy of emotional reaction; constancy of health; constancy in the flow of your money supply; constancy in your spiritual ritual... We can promise you in turn that the Master is always waiting - constant - for each unascended being, no matter what the karma or the impurity of the outer self...CONSTANT that Master waits "beside the tideless shore of Life's Eternal Sea' - waiting for you, blessed, beloved children, to come once more into Our Presence and Our Hearts. God Bless you, Beloved Friends.

Beloved Children of God:

I would like you to contemplate very seriously the tremendous possibilities that lie within your grasp in the use of the Holy Breath. Study the instructions given you by My Beloved Kuthumi on this subject -- use the exercises daily and make the benefits derived therefrom part of your own personal experience through experimentation ... Put yourself to sleep on the Breath ... Dwell on the Breath - and I venture to say that once you have touched on the truth of the power that lies within the rhythmic use of the Holy Breath, you will never cease to use it as faithfully as you now use the food that seems to be such an important part of your daily life.

Blessings and Love.

MAHA CHOHAN.

(Beloved Kuthumi's instruction on The Breath of Life, given on the evening of the Transmission Flame Ceremonies at the Maha Chohan's Retreat, 4/22/56.

Beloved Friends:

The Holy Christ Self of each man is pure, perfect and Divine. Your own individualized God-Presence is pure, perfect and Divine. Your Causal Body - the accumulated store of all the God-energy you have constructively used during the long centuries you have lived - is pure, perfect and Divine also. Therefore, when We come to unascended individuals who wish to sit at the feet of the Masters, We must deal primarily with the soul and the various sheaths which surround it, which for the time being are causing certain restrictions in the release of the light from your Presence; in the release of your financial freedom; your perfect health; your eternal youth and beauty, and all those great powers of precipitation, levitation and God-freedom you desire so earnestly and which are part of your Divine heritage.

From your Presence, of course you know, at least intellectually, that there is directed into the secret chamber of your heart a focus of Itself. This is the Immortal, Three-fold Flame of God and is the intelligence by which you think; the motivating power by which you move and is the only part of you that sustains eternally your ascended body when you are God-free.

Now, blessed ones, I would like you to think about that Flame in your hearts for a moment ... In the undeveloped It is very, very small and lives within the airless cell. In the more developed It begins to expand and it is the endeavor of the Great White Brotherhood, Those of the Golden Robe primarily, to teach chelas and sincere students how to expand that Flame and how to utilize It for the redemption of all the energies in their vehicles.

Therefore, at the request of the Beloved Maha Chohan, it is My pleasure to offer you a group of breathing exercises which should be of tremendous assistance in your spiritual progress if you choose to use them:

In order to intensify the power of the Immortal, Three-fold Flame within your physical hearts, it is essential that you consciously breathe into this Flame, First; the Divine Pattern of your own Mighty "I AM" Presence. Second: the full gathered, cosmic momentum of your Causal Body. Third; the Divine Nature of your Holy Christ Self.

After these breaths have increased the power of the three-fold Flame in your heart, hold yourself centered within the Three-fold Flame of God within your heart and realize that the transmuting power of Holy Amethyst, Beloved Zedkiel, Beloved Saint Germain and all the powers of the Fire of Mercy and Compassion are within that Flame. Then the next step is the purification of the four lower bodies.

Now, consciously draw (on the incoming breath) from your emotional body all the impure substance with it into the beautiful Transmuting Flame within your heart ... Hold the breath within the Flame and mentally see all that impure substance transmuted within that Sacred Fire.

Next, consciously expand (on the outgoing breath) into your emotional body all the

transmuted and purified substance from the Flame. When that purified substance has filled the emotional body, your next step is to hold the breath out of the body and consciously project into the world the Ascended Master feeling from the Sacred Fire in your heart, adding to it whatever quality, virtue or activity in which you, yourself, might be engaged to bless life.

Do the same with the mental body, using the same rhythm, drawing all the pictures, patterns and forms of imperfection that fill that body and all the half-truths that lurk therein, into the heart of the Sacred Fire. As you hold the breath within the Flame, mentally see all those pictures, concepts and patterns dissolved and replaced by the Divine Pattern of your own God Presence. Now, expand the Holy Breath until it fills the entire mental body and then project it by the power of thought into the atmosphere where those constructive pictures may be picked up by other individuals.

When you come to the etheric body, you can breathe into the sublimating Sacred Fire within your heart all the unhappy experiences, all the etheric substance that has been qualified imperfectly, and while the breath is held within the body, feel the purifying power of the Sacred Fire within your heart charging through that etheric substance and removing every record of distress that lurks therein ... Then when the Flame expands you can charge into your etheric body all the glory and the memory of the perfection that you had in the Sun before the world was and as you project it forth, you can charge that etheric faith and confidence into the world around you.

For physical healing, it is the most magnificent activity to consciously draw (on the inbreath) all of the substance of the body from the soles of the feet, from the top of the head, from the tips of the fingers and from every organ and cell into the heart of the Sacred Fire and there feel it sublimated -- every bit of that energy charged with the power of your own Divine Pattern and Plan fulfilled. Then, as you expand that Flame feel it flow out to the extremities of your physical body on the breath, feeling them actually tingle with the quality and power of light. Now, project it forth for the healing of your fellowmen ...

It is important to remember that each of the four breaths that make up the exercise should be taken on an exact same number of counts, as per table attached.

Let me again remind you, beloved ones, that within that Flame in your hearts is the sublimating power of the Violet Fire of Freedom's Love. Within that Flame is the purifying power by which the energies of your lower bodies may be transmuted and purified.

As you draw the energies from your four lower vehicles home. into the heart of that Sacred Fire, I want you to feel the sublimation of those energies; then in the pressure of the expansion of the breath, charge back into the particular vehicle on which you happen to be working, the sublimated energy that has been transformed.

Let us consider the emotional body for just a moment ... It is the largest of your vehicles and forms the periphery of the concentric circles that surround the physical body --- the emotional on the outside; the mental body next; then the etheric body and the physical body in the heart center of the whole. In the emotional body there is a great deal of substance and energy that has been misqualified by passions and emotions of an imperfect nature in the past. These tendencies, patterns, explosive qualities, depressions --- We need not name them in full, but if you wish to treat yourself for emotional instability, you can do it easily on the breath, remembering always - before you start this breathing activity - to first center yourself in the Immortal, Three-fol Flame of God within your heart, realizing that this is the only Power that can act.

God bless you, beloved ones. Will have more to say on this subject later.

KUTHUMI.

Dear Friends: It is through your encouragement and financial help that the distribution of the Masters' instruction is made possible.

In order to increase the power, activity and quality of any specific Virtue of the Immortal Victorious Three Fold Flame of God within your heart, you can consciously invite the full gathered momentum of any God-Free Being to accelerate that particular virtue through the Immortal Victorious Flame within your heart by this exercise: (We have chosen the Violet Fire of Transmutation, as purification is most required by unascended beings at this hour). You can, however, use the Blue Flame of Faith of Beloved Michael; the Golden Flame of Illumination of Beloved Jophiel; the Pink Flame of Love of Beloved Chamuel; the White Flame of Purity of Beloved Gabriel; the Green Flame of Truth of Beloved Raphael; the Ruby (or Gold) Flame of Peace of Beloved Uriel in this exercise as well.

On the inbreath feel the impure substance drawn into the purified essence of the Sacred Fire.

On the breath held within the body feel the impure substance transmuted by the Sacred Fire.

On the out-going breath feel the purified substance return to nourish the body you are treating.

On the breath held out of the body feel the purified substance of the body you are treating projected into the outside world for the blessings of all mankind.

Beloved Children of My Heart:

Perhaps it has not occurred to your outer minds that the services of Those of the Ascended Host Who have voluntarily dedicated Their free energies to the spiritual welfare of the race are strenuous in the extreme. For instance, long after you have completed your "calls" and gone about your daily affairs, the Members of the Hierarchy assigned to the fulfillment of your supplications are using Their dynamic energies in the accomplishment of the desired requests, limited as their endeavors may be by individual or mass Karma.

Likewise, when a Brother or Sister from the Higher Octaves is given an assignment to address a group of unascended beings, He puts time, energy and application into the preparation of His discourse. These addresses given by the Masters, beloved ones, are not by any manner of means "impromptu talks rendered on the spur of the moment" - rather are they the result of deep thought and study on the part of the Master of the immediate requirement of those to whom His rendition is directed.

The Beloved Kuthumi, for example, took advantage of the opportunity afforded Him to speak to the multitude in His report on the Transmission Flame Ceremonies held recently in My Retreat at Ceylon, to incorporate three separate and distinct subjects - all related to mankind's freedom - into His address. It would be difficult to decide which phase of His presentation is the most essential, but it is safe to affirm that the purification of mankind's inner vehicles is of the most vital importance to their spiritual progress. My Beloved Jesus, referring to the same subject, made the statement "Ye cannot put new wine into old bottles".

May I suggest, beloved ones, that you make an earnest call to the Holy Christ Selves of mankind in general that the free-will which the ego has usurped may be transmuted quickly into an unsatiable desire for unadulterated Truth, which Those Who have reached the Christ Estate are alone capable to impart.

Blessings and Love. MAHA CHOHAN.

The Beloved Kuthumi an the Sacred Fire of Purification and Its use.

Beloved Ladies and Gentlemen: To you who are seeking the way back Home through the control of the energies of your own inner bodies -- and to you who have applied primarily to the Great Maha Chohan Himself for an understanding of how to become a Comforting Presence to all life -- to you I bring and give the special blessing and benediction of Our Lord, the Maha Chohan. He wishes Me to commend you on the sincerity of your endeavor, for the constancy of your service, for the purity of your motive and for the deep heart-desire which is so practically manifest in your inner bodies to purify, sublimate, transmute and make a fit receptacle of all your vehicles for the descent of the Holy Spirit. By thus providing for His reception, He will abide within your heart and express fully through your emotional, mental and etheric bodies as a tangible radiation which will be the master- control of all the energies you are called upon to contact; your sphere of influence expanding when necessary to envelop an entire nation or planet and able to contract itself again to a smaller sphere when you are handling perhaps just a roomful of people or a smaller group.

The process of the expansion and contraction of your sphere of influence will come under your control as you learn a little more about the activity of the Rhythmic Breath and as you open yourselves to the activities of purification, which are more concentrated in the astral and psychic realms and in the inner bodies of mankind today than at any time since the fall of man from Grace.

As these inner bodies are opened to the mighty concentrates of the Beloved Astrea Purifying Circle and Sword of Flame and Beloved Michael's Limitless Legions' Swords of Blue Flame and all the Purifying Activities of the Seventh Ray and the Mercy Flame, they are dislodged from the vehicles and souls of men the astral sheaths which enfold them and which have been embedded there for many, many ages of time. As that substance is dislodged ; as the emotional, mental, etheric and physical bodies begin to disgorge, We might say, the substance which has been solidified in, through and around them through

theages, it is essential that man has an understanding of the Sacred Fire in the aspect of sublimation in his unascended state; else there would be a veritable hailstorm of creations dislodged from their hiding places in these inner bodies which would bombard the vehicles of the balance of the race, just as a dust storm blowing over an entire countryside lights upon everything in sight.

That is why, beloved friends, it is necessary to institute a knowledge of the Fires of Mercy and Purification, as well as Saint Germain's activity of Divine Alchemy in the consciousness of the student body before it would be safe to stir up for redemption so many of these misqualified energies that have lain dormant so long within the inner bodies of the people.

After the establishment of the Violet Fire Foci over the various countries, cities, towns and locations in which conscious students (or even one student) dwell, who may be used as a magnetizing center for this Fire of Purification, it has been made possible to take all the people within the various continents into those Violet Fire lakes and gradually remove layer after layer of mental, emotional, etheric and physical substance that has been misqualified. After that substance is removed it is purified and One of the Beings of Purification Who has assisted at the ritual applies to the Silent Watcher of the particular continent to which the lifestream belongs and asks if that purified substance shall go directly back to the Sun or whether it shall be placed in the Causal Body of the individual to which the energy belongs as a momentum of good and perfection. There is a certain aspect of Cosmic Law which governs the re-direction of purified substance into the Causal Body of an individual when that individual has not made the self-conscious effort to sublimate that energy.

When you, Beloved ones, consciously use the Violet Fire of Freedom's Love and use the activity of Divine Alchemy, you are self-consciously drawing into your emotions, your minds, your memories and your flesh that Violet Fire...When you walk down those beautiful marble ramps into the Violet Fire Lakes - you are self-consciously calling on the Law of Forgiveness for the misqualification of your energies- and because you have self-consciously and voluntarily done so, the Silent Watchers, the Lords of Karma and the Beings of Light (without exception) give that energy back to you, which immediately enters your Causal Bodies to become part of the momentum which your Holy Christ Self use to send back to whichever one of your four lower bodies needs assistance and help most, at any given time.

However, when an individual is drawn within that purifying Fire with no self-conscious effort or desire to use the Violet Fire, the substance as purified is usually returned to the Sun... The Sun then gives it to some God-free Beings -- to the Beloved Zadkiel, Saint Germain or Acturus - any One of the Great Ones - rather than concentrate it back as a personal grant to the lifestream who misqualified it - because that one has not made the conscious endeavor to purify it.

This is a very important part of the law and one which I hope you will understand because the energies that you consciously purify become immediately part of your own Causal Body and then your Holy Christ Self, according to Its Wisdom, charges them back into the vehicle of expression that needs them most. Therefore, beloved ones, you come under a specific dispensation of the Cosmic Law.

This is the same activity that takes place when individuals pass through so-called death. They are bathed within this Violet Fire, which some people call Purgatory and others refer to as The River Styx...Almost all religions refer to some type of purificationbefore the soul can enter a state of Heavenly Bliss. When individuals are not conscious students of the law-- when they pass from the body without an actual knowledge of the power of Mercy and Forgiveness as an activity of the Sacred Fire-- they are bathed in that substance just as you would bathe children, after which they are prepared to enter the Halls of Karma and receive their assignments of service in whatever sphere they have fitted themselves to dwell. That bathing, however, does not give them a conscious return of the purified energy which they have misqualified until they have learned to sublimate their energy by a voluntary submersion in the Violet Fire in one of the Temples dedicated to that purpose, after which they are entitled to make application for the energy they have voluntarily purified. God bless you, dear ones. KUTHUMI.

Beloved Children of My Heart:

My Beloved Kuthumi completed His marvelous three-subject address on the evening of the Transmission Flame Ceremonies at My Retreat in Ceylon recently with a comprehensive summary of His subjects, which I have the pleasure of offering you herewith. It is natural, beloved ones, that the further along you go in the study of any subject the more intensive grows the knowledge presented for your edification. Let Me remind you, however, that unless you apply the instruction given for your spiritual advancement, it becomes only that much more accretion added to the already superfluous supply which now clutters up the mental bodies of the race.

Blessings and Love MAHA CHOHAN.

Beloved Friends:

The Beloved Maha Chohan wants you to feel that as you allow your attension to rest on the Three-fold Flame in your hearts that His Comfort Flame is expanding within you, drawing you very close to His own Blessed Heart.

This Comfort Flame is cultivated and expanded by every Cosmic Being, Ascended Master and Angelic Presence. Every Being within that Flame Chamber tonight is a Specialist in some activity of blessing to life... Think you of the Beloved Jesus alone and the capacity He has had through the ages to comfort life. Now in His proximity to the Comfort Flame this evening --as He draws It in, He qualifies It with His own Jesus Christ Comfort and breathes His own cosmic momentum of that quality back into the concentrate of The Comfort Flame that is held within the Focus We are honoring and which will be projected out into the world at large when the actual Breathing Ceremony begins.

Think also of the Beloved Mother (Mary)! As She breathes in that tremendous Comfort Flame, She is charging It with all Her power to comfort life and so adds Her cosmic momentum of that quality to the Comfort Flame on the Altar.

The Beloved Lord Michael - robed in pink tonight, most unusual for His August Presence - is also breathing in the great Comfort Flame of Our Lord the Maha Chohan, qualifying It with His own Immortal Three-fold Flame of Comfort accummulated through the ages in His service of cutting lifestreams free from all types of discordant pressure, and charging it back into the Comfort Flame on the Great Altar.

You will see from this how the Comfort Flame grows in size and intensity through the Holy Breath of the Ascended Masters and Cosmic Beings present.

All of you, beloved ones, through every capacity you have ever had and used to comfort life, have also breathed in that Flame (though perhaps unconscious of Its Presence and quality) and breathed It out again to comfort life. By this action you have actually expanded the Comfort Flame of Our Lord Maha Chohan Who, as you know, is Representative of the Holy Spirit to our planet.

At the close of the Formal Ceremony - as the Pink Flame encircles the entire Earth - the Maha Chohan Himself will address the Assembly on The Comfort of Constancy.

"There is great comfort in CONSTANCY"says the Lord Maha Chohan. And is that not true, beloved ones, even in your association one with another? There is much comfort in the constant heart; constancy of purpose; constancy in emotional reaction; constancy in friendship; constancy even in the flow of your money supply; constancy in the health of your physical minds and bodies; constancy in your spiritual rituals... Eternal comfort exists within the quality of CONSTANCY!

THE BREATH: In your breathing, if you should come across a block,-shall we say- in your endeavors, do not be disturbed any more than you would be in dealing with a small child if that child were not instantly responsive to your request for obedience... As you begin definite application through the use of the Sacred Fire on the activity of Purification, it is apt to do two things: First, it will expand the Flame in your heart, making it larger and larger until It reaches out to the periphery of your vehicles- the outermost point of your emotional body. Second, It will draw your four lower vehicles into the control of that Flame where they really belong and where they should have remained in the first place.

The Maha Chohan has been particularly desirous that I give you this information on

The Holy Breath, and I would appreciate it if you would experiment daily with the power that is centered within your heart (theImmortal Three-fold Flame of Eternal Truth) and see what you can do toward clearing up the channels which form your many sheaths.

You know, beloved ones, that everything you desire comes from your own "I AM" Presence ...Supply is limited only because of the shadows existing in some one of your four lower bodies. That is all that keeps you from being Self-luminous and Self-conscious Precipitating Beings of Light ... As you continue earnestly, sincerely and consistently to use the Violet Fire of Purification - and experiment (if you care to) with the Rhythmic Breath, you will get your vehicles into better alignment and then you will find that all of the glory of the Causal Body will be yours.

You would be amazed and delighted too, beloved friends, if you could see how much of the substance of your own worlds and that of mankind you have sublimated by your calls. Your own purified energy has been returned to your Causal Bodies where it is waiting to be released to and through you by your own Holy Christ Selves as the occasion presents itself.

The Breathing Exercise: In the activity of drawing the impure substance of the four lower vehicles into the Purifying action of the Three-fold Flame within the heart and breathing out the purified substance, it may be easier at first, beloved ones, to treat one body at a time. In this exercise it may not be possible for a beginner to draw in the breath, sustain it while you hold the picture, expand it and project it through all the four lower bodies at once...Start with the emotional body (the outermost one) draw the impure substance of that one in -- hold it in the Transmuting Flame for the duration of the held breath... Charge the purified substance back into the emotional body on the out-breath and then project as much purified substance as can be carried on the breath out into the emotional bodies of all mankind while you hold the breath out of the body.

Follow the same procedure with the mental, etheric and physical bodies, drawing in the impure substance - seeing it purified in the Flame, charging the purified substance back into the body to which it belongs and blessing the emotional, mental, etheric and physical bodies of the race with the purified substance on the projected breath. You will be doing very well as a beginner in the study of this important esoteric exercise if you successfully treat one body at a time.

If you are constant with this... If you will take a few minutes three times a day to experiment with it, you will gradually be able to treat two bodies at a time, then three and finally the four...Dexterity comes with experience after you have gained absolute control over the breath.

As you begin, you will find the drawing in of the breath to be comparatively easy. Also the holding of the breath while you are mentally accepting the sublimation of the impure energies in the Flame within the heart is easy; but you will have to watch on the expansion of the purified substance on the out-breath, regulating it so that you will have the proper amount of purified energy to give the world at large on the projected breath. Remember that you must follow the same rhythm on each of the four breaths -- the inbreath; the held-breath; the out-breath and the projected breath. You will find that you will require a good deal of control to save enough energy for an outward drive of purified substance as a blessing to the world... The latter (projected breath) is part of the cosmic service.

Many people in their instruction on The Law of The Breath just give the three first steps: They take the in-drawn breath, the held-breath, the expansion or out-breath but Saint Germain's Activity includes a blessing for the world in the projected breath.

Remember, beloved ones, that every God-quality is held within the Flame in your hear Let us take Faith- (and that is one quality required by the race)- you may draw from your emotional body the quality of despair or lack of faith into the Living, Blue Fire in your heart--see it transmuted there into Michael's Faith, then charge it back into your emotional body and out into the world at large on the projected breath. Treat the contents of your mental, etheric and physical bodies the same way and do not forget that every purified breath you project blesses all mankind. God bless you. KUTHUMI.

Beloved Children of the One Father:

All during this current month (May 15th. to June 14th., inclusive) the radiation of the Liberty Flame is flooding the Earth from the Beloved Paul, the Venetian's, Retreat in Southern France. It is My pleasure to offer you His report of the proceedings on the evening of the Transmission Flame Activities, as well as a short description of the beautiful Chateau itself.

While this focus of the Three-fold Flame of God, Representative of the Holy Trinity, for the planet Earth, is guarded by the Beloved Paul and His Confreres within the beautiful Chateau d' Liberte, I would ask you to remember, dear ones, that each one of you is also a Guardian of the Flame, in that you carry a replica of that same Liberty Flame in your heart, to which you may have recourse at any second, minute or hour of the day or night.

In the understanding and use of the Holy Breath, after you have expanded the Three-fold Flame in your heart by the magnetization of your "I AM" Presence, your Causal Body and your Holy Christ Self through your call. I would suggest that you treat any problem that presents itself, no matter what it is, whether lack of faith, supply, sickness, disappointment in others - no matter what form it takes - by drawing the disturbed energy from whichever body it happens to be functioning - into the Flame in your heart... See it transmutted there by Love <u>while you hold the breath</u> and then return it happily to its natural habitat on the <u>out-going breath</u>, remembering not to qualify it after it has been redeemed by thoughts of doubt and fear. Let it "rest in peace", beloved ones, and you do your part by turning your busy thoughts to some constructive endeavor.

Get into the habit of doing this, beloved ones and you will be both surprised and delighted at the change for the better in your world. It is time now that we put our <u>knowledge</u> and <u>power</u> into action. Blessings and Love

MAHA CHOHAN.

Beloved Friends: Tonight, you are to be among the guests of honor at My Chateau in France, and as time is running on, I will ask you to ascend in consciousness and take your places in the beautiful Grail which is your forcefield. In it We will move rapidly across the wide Atlantic, settling softly on the green grass of Southern France where you can look for a moment at the beautiful Mediterranean; then we will move onward toward the Chateau itself so that you may observe the architecture from the lower level before you ascend the steps to the great door.

As this Retreat represents the activity of the Holy Trinity, We always try to bring the action of the Three in One to the attention of Our visitors. You will notice that the steps leading to the front entrance are in groups of three, a grassy sward separating one group from another. The first landing contains within itself a beautiful fountain with a blue fire activity playing in and around it. On the second landing is a fountain with the gold fire activity and the space at the top of the three remaining steps contains a fountain with the pink fire radiating from it; the pink fire being nearest to the entrance of the Chateau and closest to the particular services in which We are engaged.

You have been here many times before...You are aquainted with the painting over the balcony between the divided stairway, which is a product of My own humble endeavors...You are familiar with the beautiful Seraphic figures that decorate the hallway and you can feel again the beat of the Liberty Flame underneath the mosaic pattern of the floor.

You have entered the chamber many times where the Liberty Flame is focused, or at least you have stood at the doorway if you have not entered. Let Us stand at the entrance now and, looking towards the Altar, you will again recognize the activity of the Trinity as the Altar for this celebration is built in three tiers; the lower one covered with the beautiful roses for which We are famous here in France and which grow profusely in the gardens behind the chateau. The Altar on the second tier is graced with two beautiful candelabrum, one on each side, the colors of the Rays represented in the candles which they hold. The Altar on the third and highest tier

contains the Grail from which the Liberty Flame expands.

This golden vessel is very beautiful in the usual chalice formation, inlaid with three large doves in shining mother-of-pearl . The three Altars are built of the same shining material with a large dove, symbolic of the Maha Chohan's activity, inlaid in gold at the base of each one....

In the atmosphere over the Liberty Flame tonight stands the Goddess of Liberty, looking magnificent in Her all-white robes. She is drawing the Liberty Flame upward into the amphitheatre, which extends over all the European continent this evening and is built in the form of a gigantic heart, the entire construction done in deep pink with the seats of a lighter shade, with four great beings of love standing at each of the cardinal points-- the Archangels Chamuel and Charity, The Elohim Orion and Beloved Nada. Tonight as the ceremony proceeds, I shall serve at the right of the Altar and the Beloved Maha Chohan at the left -- the beloved Goddess of Liberty in the atmosphere overhead.

Mankind has desired liberty for many ages, beloved ones, from the time the Immortal Three-fold Flame of life was projected by the Godhead and the first individualization of Himself realized that "I AM". From that time onward, the Great, Eternal First Cause gave into the use of that Flame of Life free-will -- liberty in the use of that Flame - by which the individual so created may grow into limitless perfection. Many souls thus brought into being, wiser far than you and I, utilized the Flame to create only perfection and many never trod the ways of Earth. Nevertheless, no matter how dense the accumulation of effluvia around the human form, still within the heart-beat is that same God-given prerogative of free-will to use life and reap the harvest of that using -- but very often, beloved ones, in the reaping of the harvest comes the learning of the law of life through bitter tears when it could be as well learned through joy....

We are grateful beyond words, dear ones, that one of your magnificent calls has been for the <u>removal of the destructive free-will</u> of the people of Earth and in response to that request, the Beloved Goddess of Liberty, the Beloved Lord, Maha Chohan, and all the members of the Brotherhood representing the Pink Ray, are concentrating Their energies into the Liberty Flame this evening in the petition to Life that mankind may <u>lose the desire and capacity</u> to use his free will to create imperfection from the beautiful life substance, which is part of the Body of God. Therefore, as the breathing exercises commence, remember that there are Ascended Masters breathing into that Liberty Flame with you a prayer that the universe will be richer because man chooses happily to surrender His Flame, his free-will and his Presence to the God that created him in the first place.

Thank you, each one, everywhere, for your presence with Us this evening, because it is on the wings of your attention that you come and after you have placed your valuable and lovely vehicles to rest, I wish that you would return on the wings of light to the Chateau d' Liberte, that I may have the pleasure of taking you Myself through the gardens that I may play for you if you so choose, as they tell me I have some small talent on the piano, organ and violin. It would also give Me pleasure to show you some of the paintings that you have done yourselves and some of the sculpture that you have carved in times past when you were more free -- in the golden Ages that have folded their garments around them and are no more except for the beauty We have salvaged and preserved to this present day... I want you to breathe in the scent of the roses... I want you to feel My love for you, each one...I believe in you... I have believed enough in you to desire to remain a part of your planet and as the Beloved Kwan Yin said before Me -- "I shall not enter the gates of the cosmic Nirvana while there is one potential soul yet undeveloped". I shall look for your return in your light bodies, beloved ones. Until then, permit Me to say-

"Au revoir".

PAUL.

Dear friends; It is a fact that without your individual help and encouragement this work <u>could not go on</u>. "God needs a body". We thank you in His Name for the love and faith which prompts you to continually let Him use yours.

THOMAS PRINTZ' PRIVATE BULLETIN. A BRIDGE TO FREEDOM PUBLICATION.

June 3rd. 1956. Vol. 5. No. 10.

Beloved Children of God:

I have pleasure in offering you herewith My Beloved Son Paul's address on the art of being your "brother's keeper". He tells how, through love, this seemingly difficult feat may be accomplished. Even in the Earthly sphere, beloved ones, "everything brings forth according to its kind". What would be more natural than that the Father of all life should be the first to establish that precedent! Love is the nature of God .... In the Fall of man the erstwhile Sons of God "clothed themselves" in the dark and heavy garments of the human nature. When they have divested themselves completely of these fleshlytrappings and reached for the white robe of love which the Children of the Kingdom wear, man will find himself once more back in "his Father's House". Cultivate love, beloved ones, in your dealings one with another and observe the uplift of soul which follows its use.

Blessings and Love. MAHA CHOHAN.

Beloved Ladies and Gentlemen:

I love you deeply and sincerely. I love your earnest call that you may feel the real, honest desire to become "your brother's keeper" and I hasten to answer that call with My Presence and My feeling of joy in being "My brother's keeper".

Have you thought of the billions of individuals that belong to Earth's evolution, yet unascended, when you make that statement and use the energy of your breath asking that you may become the keeper in love of all those many lifestreams? Life will give you that opportunity, for life allows every man, woman and child full opportunity to fulfill the words expressed, the vows taken, the decrees given, the songs intoned and sung and the prayers whispered within the heart that are not always audible to the physical senses.

There is in this great planet much of the body of God that requires transmutation and sublimation - much of the elemental kingdom that is in agony, impurity and distress; much of the four-footed kingdom that requires sublimation and many, many members of the race who have not accepted even a mental concept of a Supreme Intelligence, but choose to endow the outer intellect and the puny mind of man with the prerogative and powers of the Great and Supreme Source.

There are many people on this Earth who have an abstract knowledge of a Universal First Cause -- they call It by varying names, according to the races and the religions into which they have been born and raised. They have endowed this Great First Cause with the characteristics, the emotions and the tendencies of themselves -- making gods according to themselves. It is to dispel these half-truths, these created gods made in the image and likeness of man and to bring into the outer consciousness of all mankind the knowledge and the nature of the One Supreme Father that We have forsworn Nirvana and the happiness and joy We have earned, to serve here on the planet Earth while there is yet one unascended being undeveloped.

We on the Third Ray, beloved ones, are particularly concerned with the development of Love. We represent, as you are aware, the activity of love in the triple aspect of the Holy Trinity, and through the Elohim, through the Archangels and the Chohanship, We are endeavoring to lower into the outer consciousness and feelings -- first, of the chelas and then all peoples -- a love for God that contains within itself a mighty sense of faith in His power to restore emotions and minds and bodies and memories to their perfect estate.

Beloved ones, examine yourselves closely and find out how much reliance you have on the All-power of God in your world -- how much have you allowed your reliance to build upon passing appearances. In order to come to a point where you are able to be not only the keeper of your own vehicles,but to be able to act efficaciously as "your brother's keeper", you must first come to an acceptance in your feelings of the ever-presence of God within what you call the "Immortal, Three-fold Flame of Eternal Truth" that beats your heart. Mental acceptance of this is not enough, but when your feeling world joyously accepts that Active Christ Presence and joyously gives that Presence

full power to act through the various vehicles, then you will find yourself master - first, of your own aura and then able to give joyous assistance to your fellowman.

How many times have you said - "I consciously withdraw all power I have ever given to persons, places conditions and things -- I return all power to God". Oh, lovely ones, We, Who stand as the Teachers of those who desire to be "the keepers of mankind" are so cognizant of the necessity of developing within your precious hearts an acceptance of God Almighty's Power in <u>you</u> to act! Does It not act in the ordinary course of your medical profession. When the bone is set, does not the Healing Presence within the body knit that bone into perfection? Does not the intelligence within the blood cause it to coagulate so that the life essence does not flow out from the form and leave it lifeless? Does not the great surgeon and doctor say after he has completed his ministrations - "Now we must rely on the patient's <u>will to live</u>?"

Can you not loose this Presence of God even as you read My words and allow it freedom to act until your fingers tingle and you feel light and life in every atom and cell of your being?

Under Our Ray, the Archangel Chamuel renders the specific service which I do not think the students have utilized enough - that is, of stirring within the individual's feelings a joyous acceptance of the ever-Presence of God. Let Me tell you a little about the Archangel Chamuel and His service, beloved ones! He is a Being of transcendentlight Who has served aeon after aeon at inner levels teaching the Angelic Host how They may, through prayer and devotion, accelerate Their own blessed Flames in praise to the Godhead. He has also served in the Elemental Temples, teaching elemental life how to raise their consciousnesses in praise and adoration to the God that made them ... He has withdrawn from many centuries from the conscious knowledge of the outer minds of the masses and therefore they did not have access to His Presence, but now you do -- you can tie in to the world of this Mighty Archangel and <u>feel through Him</u> the great love that God holds for His creation.

Is the power of contagion of the feelings so strange to you when you experience it daily in all your activities? How often are your feelings changed by proximity to the aura of a person in distress? Conversely, how often are your feelings raised and made buyoant by a positive, poised and faith-filled individual? If one unascended being can have that effect upon another, what then cannot the Ascended Host do for you, particularly the Archangels Who represent the greatest composite of positive feelings that this Earth can contain? That feeling flows from the Archangel Chamuel's Heart the moment you allow your thoughts to dwell upon Him -even if you are in a place or condition where your lips cannot form the words, the moment you invoke His Name, beloved ones, and you ask His help - that moment your world and Chamuel's become one. If it does not, it is because of your unbelief!

I commend you, who need assistance, to a comradeship with Chamuel and your own faith, your own feelings will prove How sincere His handclasp through the veil can be and what vital assistance the invocation of His Presence can bring into your lives. God bless you, beloved ones.

PAUL.

The balance of Beloved Paul's discourse on "My Brother's Keeper" will go to you in an early Bulletin. Your willingness to help proves your understanding of the responsibility laid on all of us. We acknowledge gratefully that encouragement and assistance.

Beloved Friends:

We are happy to inform you that the first booklet of the Fifth Series which we have offered, containing addresses by the Ascended Masters is in the mail now for all those whose orders have been received and doubtless they are in your hands by this time.

Many of the students wonder why - when they have paid for the complete set of four- that they have received only one so far. The reason is that we do not wish to keep the Masters' instruction from the students longer than we can help. We wish to comply with the Great Ones' request that the addresses be put into the hands of the people while the subject matter is still relevant to present conditions. For that reason we send them out as completed....

The journey heavenward is likened somewhat to mountain climbing - a gradual ascent- the PATH the only safe way up the steep side of what is referred to as The Mount of Attainment. This Path was hewn out of its face by hand, so to speak, by the dauntless Spirits Who first dared its dizzy heights to reach the Kingdom at its summit. That Path is now worn smooth by the feet of the countless thousands of pilgrims who have followed Them.

Every living soul on the planet today is on the way Godward, some as yet in the deep valleys, some on the plains, others on the foothills, most of them divided into groups, shepherded by souls in varying degrees of spiritual development, appointed to his or her task by the GREAT SHEPHERD. One day every soul reaches a point on the upward journey where he places his foot upon The Path and there he really begins the upward climb.

At a certain point upon this Path, the pilgrims are qualified to come under the care and protection of the Heavenly Host. We, the students of Saint Germain, have long since reached that place.

The Masters, Whom we know and love, were once pilgrims on the Path as we are, The Maha Chohan has told us, you will remember, that in order to be allowed the privilege of turning back on the Path after They have attained Their hard-won freedom, to help those coming up behind, these Great Beings of Love are required to apply to the Karmic Board for such a doubtful privilege and if it is granted They are held responsible for every ounce of energy They expend. (Such is the Cosmic Law governing the various octaves of life's evolution). If the individuals whom They address are spiritually benefitted thereby, so much the better, but if Their hearers, through lethargy, lack of faith or other causes, fail to profit by Their proffered instruction, the Masters are required under the Cosmic Law to make up that energy Themselves through some additional service to life.

The booklets, dear friends, as well as all the other books and instruction released by the Ascended Masters at this time, are not just "stories" related by Them for our entertainment; they are part of these Great Ones' very lives and contain pertinent information and instruction for our safety and welfare while we are on The Path. They should be in the hands of every student of life - not only the ones privileged to belong to this Activity, but every living soul on Earth should possess them.

Being "Our Brother's Keeper" is as much our responsibility as it is that of the Ascended Host, amongst Whose numbers we all aspire to be. Let us help while we have the chance. God bless you Beloved Friends.

Beloved Children of the One Father:

There has been much written and spoken about the quality of love that it has become almost a platitude, but I tell you, beloved ones, that love in its purity is the mightiest force in the universe. A man clothed in love can proceed through the wildest jungle without harm. He can be a Peace-Commanding Presence no matter in what environment he happens to be or whatever conditions confront him. Through Understanding Love an individual is in command of every situation that arises, including human and elemental turnmoil. When you have learned to love as the Masters do, you will become Masters of Life and your journey through the Earth plane will be finished. Listen to the words of My Beloved Paul as He proceeds with His discourse on Love!

Blessings and Love.

MAHA CHOHAN.

Beloved Friends:

The activity of the Third Ray seems always the most difficult to anchor into the outer consciousness of mankind and yet without love there is no victory-love of God that casts out all fear -- love of the Cosmic Beings and the Masters and then love of your fellowman.

My service to this universe is to develop a love of one man for another -- one race for another -- one religion for another, and I tell you now with very great sincerity that in My opinion it is the most difficult of all the tasks that have been given to the Chohans of the Rays, because each man according to his birth, his race, his background, his training, is so anchored in the self-righteous acceptance of certain tenets, some partly true and others not at all, that it is an almost impossible task to pry him loose from them.

To have a World Brotherhood requires a sincere interest and intense devotion to the entire mass of humankind, the animal Kingdom and the elemental Kingdom...Love in the abstract is easy of accomplishment ... Love of the Cosmic Beings, love of the Masters and the Angels and love of the Supreme Being also seems easy-because there is no pressure of personal aura which is disturbing to the un-mastered energies of your own world.

You, beloved students of life, have set into motion many, many causes which have proved your love for the universe to which you belong -- love for unborn children; love for impounded lifestreams; love for those in the discarnate realms; love for the evolutions in, through and around the planet Earth, but now, beloved ones, you must cultivate the capacity to love and understand your fellowman. You have not touched the fringe, dear ones, of mankind at large. Few have yet been drawn to your midst who possess certain talents and certain gifts and who perhaps do not entirely conform to your set pattern ... As you develop and broaden your outlook many will come ... You will have your Moslems, your Hindus -- you will have your Buddhists, your Rabbis, your Christians,-all of them possessing their own aspect of the Deity -- all firmly clinging to that which has been, not letting it go until they have come to have faith in you through your works and through your example - and through these will see that you have a better way.

To you now, beloved friends, I commend the task of drawing the tolerance of My Presence into your feelings; into your minds; into your etheric consciousness; into your flesh; into your very gestures; into your spoken words and actions - until all mankind can say that in the students of Saint Germain they have found a warmth, a welcome, an understanding that will encourage them to come into the radiation of His Activity, where they, too, may set their souls free from bondage and fulfill their Divine Plan in peace and harmony.

Permit me now, dear ones, to add a few words on the subject of prayer; Whenever a heartfelt prayer is uttered, either silently or audibly, an answer to that call is always forthcoming from the HigherOctaves, its efficacy depending on the feelings of the petitioner -- whether it be a worried mother calling for the protection of her

loved ones -- or the cry of a small child in distress. There are great Beings called Silent Watchers, Whose service it is to watch for this prayer force and wherever They see it rising from the Earth, They gather it up and send it heaven-ward -- on Their own strength if it is weak, as perhaps may be in the case of the troubled mother or the distressed child. However, if this prayer force be strong as in the case of your mighty decrees, those calls pierce right through the astral world into the Living Presence of theBeings to Whom they are directed and sometimes they even reach the Throne of the Godhead Himself, all depending on the intensity of feeling, (not the sound).

Wherever people are engaged in prayer, singly or in groups, there the Angels gather like bees around a honey pot. If your ears were attuned to inner vibrations you could actually hear the gathering of those Legions as They come from north, south, east and west to add Their strength to your calls by Their presence; spreading the essence of the benedictions that come in answer to your petitions over the Earth as They return to Their various points of service.

The outpouring tonight, beloved ones, (Transmission night) is as you know, part of the radiation of the Pink Flame and Ray, as well as that of every Flame and Ray that you call forth.

May Our Love enfold you, each one.

PAUL.

Dear Friends:

We deeply appricate your love and your encouragement as expressed in your many letters, as well as the financial assistance rendered through your love gifts. Every offering received makes The Bridge to Freedom that much stronger for the many feet that will pass over in the days to come.

God bless you all.

ADDRESS BY THE LORD, MAHA CHOHAN, ON WHITSUNDAY-5/20/56.

Beloved Children:

On this,the anniversary of the first Whitsuntide, I bring to you the blessings of the Father and of the Son and of the Holy Spirit, which Latter, "I AM" privileged at present to represent to the Earth and all Her evolutions, until they, too, arrive at the place where they can consciously control the power of their own energies and externalize within themselves the Father, the Son and the Holy Spirit in Person.

I come to you, beloved ones, as an "Old Friend". We have corresponded back and forth now over a period of several years and We have sat together in council in My chambers at Ceylon where you have been brought in your inner bodies by one of the Angelic Host by order of your particular Chohan or Sponsor in order that your talents, gifts, potentialities and radiation might be studied and worked into the composite pattern for the forward progress in evolution of this race.

I know you, each one, therefore, as well as I know Myself--the glory of your Causal Body; the glory of the pattern that is held within the Immortal, Three-fold Flame within your heart, the capacity and strength of your soul, and it is My great privilege and honor to come whenever and wherever "I AM" called and radiate the power of the Holy Spirit that through you It may become externalized for all men to see.

Beloved ones, have you thought of why that first Whitsuntide was so very efficacious in raising the consciousness of the disciples and endowing them with the gifts of tongues and of healing and the various other talents which they carried forth to prove the power of the Holy Spirit and the Truth of the Ministry of the Beloved Jesus? I would like you to think about that for a moment and why, in succeeding generations--although the outpouring of each year increases--the manifest expression of the coming of the Holy Spirit does not seem so evident in the souls of men!

It would prove something to you in regard to your own world, your own faith and the capacity you have within yourself to receive the gifts that God, through His Holy Messengers, is continually offering you...

The disciples at the time of that first Visitation had passed through a period of great trial...They had passed through the desolation of Calvary...They had passed through the agony and uncertainty of the time between Good Friday and the Ressurrection Morn...They had witnessed a Resurrected Master, upon Whom they could feast their eyes...They had heard Him speak...They had, for forty some odd days, enjoyed the Presence of One Who had overcome death--Who had come back through the veil--Who had proven His words in works...And furthermore, they had witnessed the magnificence of the Ultimate Victory of the Ascension on the Hill of Bethany...Their emotions were revitalized with faith--faith that they had chosen a Messiah Who was in truth all that He professed to be.

Their minds were open to His words because He had proven those words - and when He promised that He would send The Comforter, they knew that the Holy Spirit would come because He foretold other activities which also became manifest.

The depths of the etheric bodies of the disciples gathered in "the upper room" were dormant--all their doubts and fears and past accumulations and differences were for the moment stilled, but the surface of their etheric vehicles was vivified with the strong impressions of recent happenings--the Resurrection Morn--the private instruction at Bethany and the vitalizing, magnificent example of the Ascension...Their senses, their brain consciousness, the eye, the ear all were open to the coming of the Holy Spirit -- because of the proximity of the Messiah to the first Pentacostal outpouring. However, through the centuries that have elapsed since that time, the exhilaration on the part of the followers of Jesus has lessened and therefore, although the outpouring to those waiting in that upper chamber (the higher consciousness) has increased each year, there are few among the mankind of Earth as receptive as those few disciples who waited, not quite understanding the meaning of His words: "If I do not go, the Comforter - (Paraclete) will not come". Still they waited in anticipation, because they knew that their Friend and their Redeemer did live and so they waited in faith for the grace and benediction that He had promised.

May there come a time again when among the sons and daughters of men there will be found those who bring such faith to the feelings; such receptivity to the mind; such remembrance to the etheric bodies, such confirmation to the senses of the All Power of God that the rest of the Ascended Host of Light, the Angelic Host and the Cherubic and Seraphic Hosts may SWEEP IN as They did through the light and Being of Jesus, the Christ...

It is toward this end that We are training you, beloved ones, and I say this - not to cause any sense of blame or self depreciation--the Master Jesus was born without sin, without karma and without stain or taint. He had in previous embodiments achieved the full victory over all of His bodies and redeemed those energies that He may have previously used imperfectly. Therefore, He came into the body known as Jesus, pure and perfect, with a mind clear, an emotional vehicle unstained and His etheric body T H R O B B I N G with the remembrance of Helios and Vesta and the Beloved Lord Maitreya. Besides that, He had the tremendous guardianship of the Madonna and the Beloved Saint Germain (as Joseph) to sustain Him.

You are individuals who have chosen to come with karma yet unbransmuted! You have chosen perhaps the harder way! You have chosen to serve with one hand while cleaning up the karma of the ages with the other - and it is because you have so chosen - because you have yet something to adjust on the scales of life that We can give you more than ordinary assistance in the redemption of those various energies that plague you - the lack of mastery in the emotions, in the mind, in the etheric body and in the flesh.

I watched with a great deal of interest your reactions as you read the Beloved Paul's discourse on Love. It is always interesting to observe the individual's interpretation of the statement that Paul uses so much and loves so well - "I AM" My Brother's Keeper" - because it so often implies the judgment of the morals and the life of the brother rather than the encouragement and development of his virtues. At this point on the Path, the student is very liable to develop what is called "spiritual pride". This trait I would warn you against, beloved ones, because as individuals progress in spiritual knowledge and they are told they must now be "their brother's keeper", it invariably happens that the outer mind decides within itself that it must set the standard for every man's consciousness and that includes his teacher, his fellow students and mankind at large. It is a very dangerous and precarious attitude to hold and as a preventive measure I can only refer you to the statement of our Beloved Jesus:- "What is that to thee? Follow thou me!"

Jesus encountered this same tendency among His followers during His Ministry in Judea and you will remember He explained the workings of the Law in the beautiful parable of The Laborers in the Vineyard...Those who worked all day, those that came at noon and still others who came toward evening and when the time of reckoning came and they all received the same amount of pay there was grumbling at the seeming injustice...

Beloved ones, you are those who have worked "from the morning"--worked all through the heat of the day and will, I hope, work until the setting of the sun...If others come later and reap where you have sown, that is the nature of things, but no one loses in his dealings with God. Your reward for entering the Great White Brotherhood is the opportunity for the expansion of your sphere of influence to bless more of life and to be tolerant in the extreme of your fellowman, not to mention your fellow-students. You do not know--no unascended being knows--the amount of karma that another lifestream may be carrying, or what great karma is being mitigated through the love of one part of life for another. So, proceed upon your own individual paths, beloved ones; hold to that standard which you have found to be the highest and with regard to the actions of your fellowman - remember the admonition of Jesus--"What is that to thee? Follow thou Me!" Blessings and Love. MAHA CHOHAN

Beloved Children of My Heart:

It is with pleasure I offer you this week My Beloved Morya's report on the Transmission Flame Ceremonies, held in the Rocky Mountain Retreat the evening of June 16th. 1956, under the direction of Our Beloved Lanto.

These Transmission Flame Activities are very dear to the hearts of the entire Brotherhood, because through the projection of constructive thought carried on the united breath of both ascended and unascended beings, We hope to fan the Flame in the heart of the balance of mankind to the place where they will speedily awaken to a realization of the mission for which they came into embodiment and take steps toward the fulfillment of their Divine Plan.

Your breath is your life, beloved ones, and was it not Our Beloved Jesus Who said- Greater love hath no man than that he gave his life for his friend? By conscientiously taking part in this monthly outpouring, beloved friends, that is just what each one of you is doing.

Blessings and Love

MAHA CHOHAN.

Beloved El Morya.

Beloved Ladies and Gentlemen: Some of you were among that brave group that followed Me to the Teton some few years ago, thus enabling Me to fulfill a vow that I would return there some day with individuals in physical embodiment who relied upon My faith and had come through the veil of human maya sufficiently to allow them to attend that meeting in person.

I am sure that the majority of you have seen pictures of the Great Teton, and many of you, having visited there at least twice a year in the inner consciousness, are very well acquainted with its interior also.

You know that within the heart of that mountain is a great chamber, in the center of which is a beautiful circular altar, around the base of which are large friezes showing the history of man's evolution, begining with Lord Michael descent with the members of the first root race, accompanied by their Manu. Several of the friezes have remained blank all down through the ages, but last year these were filled in, One frieze shows the release of the souls from the Compound; another shows the removal of the balance of the discarnates from the Earth and still another shows the awakening of the souls in the Sleepers Realm.

As a decoration for the ceremonies, the Brothers have woven beautiful golden lotus blossoms around the base of the altar. These have been brought from India and China in honor of the Beloved Lanto. Through them They have intersperced a very fine green fern, also a native of China. This latter represents the color of the Precipitation Flame, as well as that of the Brotherhood of the Teton. They have arranged the flowers so that the heart of the blossom faces outward. They look very beautiful.

The beautiful gold mesh curtains that hang at the entrance of each of the seven chambers that surround the great central room have been described to you before. You will remember that an Archangel and His Archaii are pictured on each one of those curtains and when they are drawn back, as they are for this evening's ceremonies, it looks as though the entrance to each room were guarded by two Archangels, one on either side.

The chairs for the Karmic Board are now being prepared by the builders of Form. They are composed of pink, marble-like substance with deep insets of pearl. The color is representative of the Thought-form for the year and in honor of the four Sponsors for the year, each of Whom embodies the Pink Ray of Divine Love, (The Beloved Archangel Chamuel, with His Complement, the Beloved Charity; the Beloved Paul, the Venetian and Blessed Nada)....

It has not yet been revealed when the Karmic Board will convene, depending on the conditions that prevail upon the Earth plane at this time, The Brothers and Sisters from the various Retreats are already gathering and presenting Their petitions to the

Keeper of the Scrolls or reporting to Their various Sponsors. There is a great deal of activity, with everyone interested in the various petitions and ideas which They or Others have brought in for the betterment of the race.

You have already had a description of the Keeper of the Scrolls - how He takes the Scroll from the Hierarch of each Retreat, encloses it in a cylinder and then assigns the illustrious Visitor, or His Representative, to the special Council Chamber allotted Him.

The unascended lifestreams who attend the Conference in their inner bodies also present their petitions to this Brother. When the petitions are all assembled and looked over it is found that many individuals have the same ideas. This happens mostly with unascended beings. It is the office of the Keeper of the Scrolls and His Assistants to get all these ideas together and present them to the visiting Hierarchy or Their representatives, Who, if the petitions have merit and are of the same vibration, weave them into Their own petitions. However, if the individual has an entirely distinct idea, he may be called upon to present it in person.

After all the petitions received have been looked over and approved by the Hierarch or Representative of each Ray, they are attached to the Bulletin Board provided for the purpose just outside the entrance to each chamber. Here they are read over with great interest by both ascended and unascended members of the Brotherhood with the purpose that if the contents appeal to them they will rise and back them with the full strength of their support at the time they are presented to the Karmic Board.

From the 15th of June on, you would be surprised to learn of the number of individual who drift toward this Retreat in their inner bodies - religionists, scientists, teachers, and so on. I say "drift" because it is the only word that can describe their coming. When they get into the vibratory action of the great scenes that are being enacted there, they often take the memory back of having visited some great hall in their dreams and perhaps reading some petition that appealed to them and when they awaken they often think within themselves - "Now, that is a good idea! I shall incorporate that in my daily work, or in my research or in my teaching" - whatever the individual's activity may be.

So, beloved friends, there is a great period of germination going on in the heart of the Teton these days ... This Retreat represents, as perhaps you know, the power of centrifugal force - the expansion of radiation ... It represents the Power of Precipitation, because it was in the vicinity of the Teton that the Ray was directed over which the first root race came to the Earth with the Lord Manu and the Archangel (Michael) Who accompanied them. From there they separated and peopled the Earth - so the natural vibration of the Teton is the activity of Precipitation and Expansion.

You are invited to visit this Retreat as often as you can during this current month. Present your petitions to the Angel Presence in charge of the Scrolls - I think you will recognize Him, as He is a good Friend of yours - (Micah).

Beloved friends, <u>you</u> are among the privileged ones <u>invited</u> to enter the Retreat. We have described it to you so often that it will seem as though you are bringing back the memory of your experiences while visiting there in your inner bodies ...

I would ask you now to relax. Do not allow yourselves to get tense, because that communicates itself to your inner bodies and deprives you of much of the joy and happiness you would derive from your visits to the Retreat.

As it is time for the breathing exercises to commense, I must away to My post. Good night, dear friends, and God be with you.

MORYA.

Dear Friends It is with feelings of sincere gratitude that we acknowledge your many letters of encouragement and financial help in our efforts to carry on the Masters' work. God bless you, each one.

Beloved Children:

I offer you herewith the remarks addressed by My Beloved Son, El Morya, to the unascended portion of the Assembly on the evening of the recent Transmission Flame Ceremonies. There is so much that the Ascended Ones would say to you, beloved ones and such a short time, measuring by your standard, in which to say it! Perhaps you are not aware that I have a long list of Names of My Illustrious Sons and Daughters eager to address the people of Earth and it is considered a great privilege when One is chosen as Speaker. The Heavenly Host are those who have trod the same Path as that on which your blessed feet walk at present and They are all so eager for you to attain the freedom which They enjoy! May I implore you once again to try and realize that We are REAL BEINGS and that our instruction is taken from the book of Our own experience. Blessings and Love.

MAHA CHOHAN.

BELOVED EL MORYA.

Beloved Friends: I have asked for opportunity to speak with you this night, because we come close again to the Conference wherein lifestreams are drawing together under the auspices of the Ascended Host for the purpose of renewing their spiritual strength, their understanding of the Law and by reason of their pilgrimage, hoping to take home with them some practical application and some vibration of unadulterated Truth from the radiation drawn here.

The entire purpose of this Endeavor is the receptivity by the chelas of the current requirements for the freedom of their lifestreams from the Ascended Master Realm and then the utilization of those energies by the students in making of the instruction received something of practical benefit for the planet and the evolutions evolving in the Earth, on the Earth and around the planet as a whole.

Many of you serve long and tirelessly, I know, but, beloved ones, there is justice - great justice, in the Cosmic Law and you will find in the long run that every ounce of energy that you give; every ounce of energy that you invest, is returned to you - amplified a thousand-fold, in that which you require most to gain your individual and personal victory.

Beloved ones, it is not in the "sweet bye and bye", in the great Kingdom beyond the veil that Victory and Mastery are required -- it is here and NOW where men, women and children suffer and know not the way out of their agonies and their pain.... It is required of some unascended beings to find that way scientifically - not by happenstance - and if one such could be found and one earnest chela illuminated think ye what it would do for the rest of mankind!

Beloved ones, We, in the Ascended State, are so earnest and sincere in Our desire to have you individual Masters, as well as rendering the cosmic service which you do in your mighty calls and decrees. What we need to do now is to get the balance between the two. Let us get to the place now of the stillness of the outer self; the realization of the Presence of God within your heart; then the efficacy and power of your decrees will be much more manifest ... It is the Power that is anchored within and the acceptance by the outer self of that power as the ONLY Power that can act that gives efficacy to your fiats. That is why the Beloved Jesus voiced His decree just once and instant manifestation took place ... He was so attuned to the Father and so one with Him, that the moment He thought, spoke, or raised His Hand to give assistance, IT WAS DONE!

We are dedicating this Summer Conference primarily to the development of self-realization of the active Presence of God within the chela; to the magnetizing of the Powers of the Sacred Fire from the Ascended Master Realm and to the expansion of the Sacred Fire through the chelas -- first, into the conglomerate group present, then into the atmosphere surrounding the group. From there it will be drawn into the Forcefield over the meeting place; thence it will reach out to all study groups and sanctuaries wherever they may be throughout the world. These outlying force-fields will add their beauty, strength and energy to the expanding radiation until

finally it will envelop the entire planet and all its evolutions with the peace and harmony of its Presence.

Beloved friends, as you know, this will be our Fourth Conference. Since the inception of these conferences many achievements of great merit have been realized. Some of these are pictured in the finished frieze decorations around the base of the great altar in the Royal Teton, such as the dissolving of the compound; the awakening of the sleepers and the removal of the discarnates from the Earth's surface. These manifestations which had exerted tremendous pressure on the mass of the people are, thank God, no more.

Now, this year, We are going to try to bring Nirvana down into the emotions, minds, etheric bodies and flesh of the people. Let us see collectively what we can do! Let us see what we can do, one for another! You, beloved students, are the heart of this entire movement! You are the representation in the physical appearance world of your Master, Saint Germain - the Great Prince, known throughout all Heaven as the most Courtly Gentleman - the most magnificent embodiment of Courtesy. His Ray is the embodiment of Divine Courtesy. When you look upon Him, you see that magnificent Graciousness -- and that, beloved friends is what you are called upon to represent to those who come within your environment or your radius.

In the Ascended Master Realm, everything belongs to everyone else. When an individual reaches the Ascended Master State there is a voluntary surrender of all the mental, emotional and etheric riches one has accumulated throughout the long ages. Your very consciousness is turned over willingly to the cosmic fund and that is why We are required to apply for permission to use even an ounce of Our Ascended Master energy for Our own individual gratification. Love - unselfish brotherly love - is not only the rule, but the delight, of all those who dwell within the Kingdom. That is the nature of God, beloved ones, and is what We are trying to develop in those of the Earth who claim to love us and who desire to follow in Our footsteps.

You know, We talk about you a great deal up there. We know more about you than you know about yourselves, which is, perhaps, just as well because you are all very self-conscious and all so very desirous of doing your best that corrections bring you to a point of self-condemnation and discouragement instead of raising you up. We would like you to realize, beloved friends, that the circumstances of life, or the Masters Who love you, will never place an obstruction or hurdle on your path that you are not capable of scaling with flying colors.

Now, beloved friends, do not "let Us down" before the Karmic Board. Let Us stand before Them and point with pride to the Student Body which has sworn "to serve Us ever", as you say in your songs and decrees. We know that you are worthy of the trust and faith We, the Ascended Master Brotherhood have placed in you. God bless you always.

EL MORYA.

Dear friends: Our prayers continually rise to the Ascended Host for the care, protection and financial freedom of you and yours for your assistance in this endeavor.

CONTINUATION OF THE BELOVED MAHA CHOHAN'S ADDRESS AT WHITSUNTIDE, 5/20/56.

Beloved Ones:

In every expression of the law you will find the "leftists" and the "rightists", as well as those who follow the middle way. When We present the idea of being "your brother's keeper" through an activity of love and understanding, some follow on the side of sympathy; some on the side of restraining them from the appetites of their lower nature, but the wise -- standing in the center of their own heart's Flame--draw out the virtues of their fellowmen while they, themselves, remain untouched by censure, praise or blame that is liable to disturb the feeling worlds of either themselves or those they happen to be treating.

You all know that Paul (the Venetian) is a great musician and all great musicians strive to draw the best qualities both from their instruments and the music composers. Likewise, all great teachers draw out of their flock the virtues, talents and gifts that often lie dormant in the lifestream, making each one to grow and blossom from within himself. That is the activity of the spiritual law and you will find that in India as well as in other Eastern countries where true unascended Masters teach the law that the chelas who gather in a circle around Them suddenly find within themselves a reason for being, an illumination, a new confidence, an added virtue, an undeveloped talent, because that Teacher--centered and poised within His own heart Flame--has drawn forth the beauty and magnificence of the Divine Pattern which is anchored within the heart of the chela.

Now, that is what We are doing with you, beloved hearts. As I look upon or counsel with you, or whether another Master does it, We do not see the human expression as you see each other...We are constantly endeavoring to draw forth from the Immortal Flame within your heart the Divine Pattern and Plan which it is your destiny to develop and express until you are an externalized manifestation of your own God-mastery.

I will touch briefly on the subject of the Holy Trinity so as to give you an understanding of My service through your worlds. We will take it in three portions -- first, from above and then from below:

1. The God-Parents of the system (Helios and Vesta) represent the Father-Mother principle of God. In Them you have the projected Immortal, Three-fold Flame of God, around which is coalesced the electronic light to make the individualized "I AM" Presence--the Sun. Their individualized Presence creates the glory of Their Causal Body <u>which is the Holy Spirit in action</u>, completely harmonious, blending all the various Rays according to the design of the God-Presence within.

2. In the lifestreams evolving upon the Earth, the individualized "I AM" Presence - working in conjunction with the free-will of the intelligence or ego- creates the aura of the Causal Body, <u>which also represents the Holy Spirit</u>. Therefore, when you sing- "Glory be to the Father and to the Son and to the Holy Spirit" you sing first, to the God-Parents Who gave you birth: second, to the Son (your own "I AM" Presence) and third to the Holy Spirit (the accumulated good in your own Causal Bod

3. In the physical octave, your own "I AM" Presence becomes the Father, the Holy Christ Self within your heart the Son, and your aura - made up of the emanations from your four lower bodies- <u>represents the Holy Spirit on the Earth plane.</u>

Understanding this, beloved ones, you may perhaps get a small conception of what My particular service to life is and My solicitude for the purfication and expansion of your consciousnesses. When you have duplicated around your four lower bodies the glory of your Causal Body you will have externalized, while yet unascended, the Holy Trinity, and will have become Masters in Love. I ask you to ponder deeply on this....

Lord Maitreya and Myself were speaking recently upon the Law and Lord Maitreya said He felt that perhaps We were giving you too much of the law for your outer minds to digest at one time. However, We both felt that for the sake of those following after you - an entire evolution of people - who would perhaps benefit by the instruction that you may never even need to use, We had better take advantage of the forcefields, of your faith, of your presence, as well as advantage of the temporary contact between the Ascended Masters' Realm and the human, and get as much of this law as possible down to you .... So, be not disturbed if you seem to have too many activities to engage your blessed little minds at this time -- because We are writing a whole Bible- a whole Bible - that will live and be read by millions of people long after you have come Home. Take what you can -- digest it -- enjoy it -- but, O, children, do not allow yourselves to become all tense about it!

Remember, you cannot "swallow" all of the universe in a day, nor can you -in a moment - make whole in your very being that which has taken US thousands of years to understand! Above Lord Maitreya, above the new Lord of the World (Gautama),above Myself are truths, understandings and principles that even We know not of - so, beloved ones, it is an orderly procession of Truth ever upward into the very Heart of Truth.

Here, I thought I would give you a brief description of the Wesak Valley Festival which you will celebrate on Thursday, the day when the moon has reached the fullness of its radiation this Spring.

Why does the Lord of the World choose the time of the Full Moon for His visitation? Because, beloved ones, the emotional bodies of the people are at their fullest tide at that time and there is more opportunity to pour the radiation from above. I am sure you all know well the story of the Wesak Valley Festival. It is described minutely in Mr. Leadbeater's "The Masters and the Path". You have heard us for some years now describe the pilgrimage to some valley in the Eastern Hemisphere where the Great White Brotherhood do honor to the Beloved Gautama Buddha (now become the Lord of the World). Here He, in turn, creates a visible Luminous Form in the atmosphere and pours through His Causal Body the benediction of His Presence to the assembled Great White Brotherhood; to the pilgrims fortunate enough to be in the vicinity and to the chelas who are able to consciously leave their bodies and attend in their inner forms.

When Lord Gautama decided within Himself to expand His Causal Body to meet that of Sanat Kumara, He naturally made a much greater radiating center of blessing, so the outpouring of the new Lord of the World will be much greater at this coming Wesak Festival than it has ever been before.

If you will step into your lovely Grail (the forcefield) We will ride swiftly to India and settle down at the base of the cliff that overlooks the Wesak Valley activities You will see that some of the pilgrims have already arrived...You will see the yak tents and the inhabitants busy about their personal ablutions, each one getting ready in his own way to receive the benedictions of the Lord. You may look upon the Angelic Beings and Builders of Form Who are supervising the spiritual activity and you will see the great Beings occupying the four cardinal points of the valley under the Beloved Archangel Chamuel.

Some pilgrims are arriving in beautiful caravans from the rich lands of the Maharajas - others come from the lowlands of India and Ceylon...The untouchables are coming on bare feet, having crossed the hot sands of India and through jungle morasses. Some come from China and Malaya...Many start on the long journey, but all do not arrive. However, it is the motive that counts and all that start receive a blessing.

The Beloved Sanat Kumara will hold the place usually occupied by Lord Maitreya this year, thus reversing the currents - Gautama in the atmosphere and Sanat Kumara holding the Rod of Power for the benediction. Very few in the assembly are aware of the elevation of Lord Gautama to His new estate, but they will sense it in the benedictic May I ask you to remember Our Beloved India in your prayers, dear Ones, as you return after your brief visit.

Blessings and Love. MAHA CHOHAN.

Beloved Children of the One Father:

After carefully listening to the reports and petitions presented to the Karmic Board, for the upliftment of the race, by ascended and unascended beings alike, at the great Royal Teton half-yearly Council Meeting, it seemed to be the general concensus of opinion that while a knowledge of the law has increased appreciably on the Earth plane, the generation of Divine Love in the feelings of the people has not kept pace with it. It was, therefore, the unanimous hope of the attending Members that mankind at large, particularly those who come under the direct instruction of the Ascended Masters would awaken in time to the fact that the conscious generation of Divine Love in the feelings is an absolutely essential requirement if they are to rise above the present human consciousness.

The Seven Mighty Archangels - and the entire Angelic Host for that matter, through Their affiliation with the emotional bodies of mankind, are all Cosmic Exponents of this indispensable God-Quality and may be invoked without limit if an individual finds it difficult to love or tolerate or compassionate his fellowman.

Lord Michael Himself in a recent address, and the Beloved Gabriel, part of Whose address I have the pleasure in offering you this week, both made appeals for the conscious generation of Divine love and kindliness in the student body in their association one with another. Beloved ones, allow Me to add My plea to Their's and say to you in the words of our Blessed Jesus - "Little children, love one another, that all men may know ye are My disciples".

Blessings and Love.

Beloved Lord Gabriel's Summary of activities at the Rocky Mountain Retreat, 7/4/56.

Beloved Friends: I will now give you a brief summary of the principal events which transpired at the Half yearly Council Meeting of the Lords of Karma for the Planet Earth, which closed last evening, July 3, 1956.

The petition of the Beloved Lord Michael* was accepted by the Karmic Board, but only about one-half of the lifestreams have agreed to become part of the evolution of Earth at this time. Therefore, Lord Michael and all those who backed His petition, especially the unascended beings, now see the necessity for the rehabilitation of the Earth plane before this request could be granted. It was pointed out that it would be a great pity to ask Individuals Who are enjoying the bliss of Nirvana to come and take embodiment on the Earth plane at this time. On the other hand, there are certain experiences that can only be abtained through physical embodiment which would widen the nature of the Causal Body and even that of the "I AM" Presence Itself. That is why those who have taken physical embodiment and have ascended from this planet have attained greater merit and achieved a wider scope of service than those who have remained within any one of the Seven Spheres and did not volunteer to come forth with their Manu. The Presence of the individuals who passed through the so-called "second death" had already volunteered and vowed to be a part of this evolution, therefore They do owe an obligation to life which is not yet fully accomplished. These Beings now live in realms difficult to describe to human minds.... Form to Them is practically non-existent... They live in an atmosphere where everything is love and light and the most magnificent expression of cosmic creation -- where new galaxies are builded -- stars are created, and music and light are the predominant vibrations.

Most of Them have chosen to eradicate from Their minds all memories of the Dark Star with its disappointments and tragedies... Then to have the idea suddenly presented to Them that such a star still exists, with the thought that They might be called upon- or rather invited-to take embodiment upon it again, certainly proved startling and will require deep consideration on Their part. Besides, many of Them have departed to other stars and galaxies.

Another unusual occurrence that took place was that the Sponsors for 1957 were chosen last evening, instead of waiting until the coming New Year.

Now, that is interestingfrom many standpoints... You see, everything is being

stepped up in this present Endeavor between the Ascended Master Realm and the human octa
The choosing of next year's Sponsors now means that each of you can begin to magnetize
and draw on those Beings, of Whom you are fully cognizant and to Whom the spirit of this
Conference was dedicated, that is, the Beloved Elohim of Purity (Claire) and the Beloved
Goddess of Truth (Pallas Athene). As these Beings will be the Sponsors for 1957, it
follows that Truth and Purity will be the joint Keynote for next year.

However, as there is a period of six months remaining, within which time there must
be externalized somewhere the Keynote of 1956, which is that of Divine Love, emphasized
through the nature of Chamuel, Charity, Paul (the Venetian) and Nada, the students must
understand that they are expected to express outwardly a conscious understanding and
manifestation of the quality of Divine Love before they can hope to attain a clear per-
ception of Truth and Purity in their entirety.

It is for this reason, beloved ones, that we cannot tell you of things to come too
far in advance -- (Beloved Portia spoke to Me at length about this) - because the human
consciousness is liable to jump over the six months' period into the radiation of the
incoming Sponsors and neglect the essential and poorly learned activity of Divine Love
presented through the Silent Watcher to Sanat Kumara, for the year of 1956.

We have yet six months within this cycle in which to intensify through your speci-
fied group activities and your personal worlds the Thought Form for this current year---
the Pink Heart--representing as you know both the auricles and the ventricles, the re-
ceiving and directing centers of the energy through the body. You also know that you
have the same activity within your conscious ego - that is, the capacity of receiving
the light from your Presence and the directing of it forth in service through your grou
activities, as well as your individual service to your fellowman...

The Lady Masters Who made particular appeals for the incoming children were very
graciously received. Beloved Portia, Who has such a tremendous love for the souls that
are to come - and represents Opportunity in Herself - did all She possibly could under
the Law to give the Beloved Nada, Meta and the Beloved Mary the assistance for which
They asked...Most of it revolved around the calling forth of purification of the etheric
mental and emotional bodies of the individual before incarnation and the purification
of mother and child during the period of gestation so that the Christ Self of the in-
coming soul will have as perfect an instrument as possible through which to fulfill its
Divine Plan.

The calls that you have made, beloved Friends, individually and collectively, for
the incoming children were greatly appreciated by the Hierarchy and the beloved Kwan Yi
Herselfread a report of all that you have done in these calls for the purification of
the inner bodies of the incoming souls as well as for their homes and families, their
parents, guardians, teachers and all those with whom they come in contact.

Kwan Yin's interest, as you know, centers around the so-called "Fallen woman" and
around the tremendous selfishness, pride, intolerance and other human emanations that s
often engulf an unwed mother-to-be, causing intense suffering and distress to that life-
stream. She spoke upon that subject Herself at some length, calling forth from the un-
ascended portion of the audience a great response for the establishment and maintenance
of homes where those individuals can hold up their heads and bring forth their offsprin
in a spirit of happiness and hope rather than self-deprecation, degradation and shame.
The Beloved Kwan Yin commended highly those religious organizations(Sponsors of which
were present) for having already done so much along this line of endeavor. Of course,
you willunderstand that conditions of this kind are much more prevalent among the teem-
ing millions of the Oriental countries rather than in the Western Hemisphere....

*The Beloved Archangel Michael, in a petition to the Karmic Board, requested that
the "I AM" Presence of those egoes who went through the "second death" be given an
opportunity to reincarnate on Earth once again so that They be enabled to fulfill
Their Divine Plan according to the vow They took to life when They first took embodi-
ment. Ed.

Beloved Children:

We will continue this week with the Beloved Gabriel's Summary of events at the recent meeting of the Karmic Board and the Great White Brotherhood, in which you are deepl interested. From the petitions placed before that August Body for Their consideration and the decisions arrived at and handed down, you will see that great progress is being made in the alertness of the student body to the requirements of the hour for the upliftment of the race. Permit me to say for your encouragement that We were all very proud of the showing our beloved chelas made before that vast Assembly.

Beloved Lord Gabriel's summary of events taking place at the Half-yearly Meeting of the Karmic Board with the Great White Brotherhood, July, 1956. (Continued from last week.)

The Beloved Saint Germain made a great call for the particular activity He is so interested in and for which He stands Sponsor, that is, a happy passing from the physical body at the time of so called death. His own transition as Joseph, in the presence of Jesus and Mary, was so peaceful it prompted Him to make a vow to life that henceforth He would dedicate a portion of His existence to making invocation to the Great Universal Cause for a "happy passing" for every lifestream connected with the planet Earth, both human and otherwise, as well as for the removal of pain and the indignity of disintegration, decay and senility that seems to accompany "old age"... He received a tremendous amount of energy supporting that call, as well as a great release from the Karmic Board.

The Brotherhood took many of the petitions which you were holding mentally and which They had not incorporated into Their own. You see, you had been visiting the Retreat from the fifteenth of June on, and had more or less got yourselves associated intimately with the Masters, the Angels and unascended lifestreams who were interested in the same projects and so the ideas were passed around from one to another.

As I have told you previously, when the Beloved Micah, Who is the Keeper of the Scrolls for this year, receives and welcomes the visiting Hierarchs and Sponsors, He assigns Them to the special Council Room set aside for Their use. Here They receive the members of the Brotherhood who are interested in the petitions They wish to present These petitions are then placed on bulletin boards outside the doors of the various chambers and the many visitors from the outside world (like yourselves) who wander around the corridors in their inner bodies at night, read these bulletins. Then they find themselves knocking rather timidly at the doors of the council chambers and, being graciously admitted, listen with great interest to the plans These Great Ones have formulated for the benefit of the race.

This year, We found so many good ideas forthcoming from the unascended beings that it was decided to place a special council room at their disposal. So it was that the Beloved Lanto had to get His Builders of Form busy hewing out another chamber (I think at the rate the Retreat is expanding it will take in the whole Teton Range presently) and there you all gathered and expressed yourselves on the various ideas that you thought were good -- as indeed most of them were.

Many lifestreams from other activities drifted into that room - liking the sound of your voices and the color of your auras, as well as the endeavor in which you were engaged...Some of them stayed while others wandered out again, still searching for something with which they could vibrate.

You remember the phrase "Water seeks its own level". That is also true of people' consciousnesses -- like seeking like -- that is how groups are formed. Individuals who have the same tendencies -- the same type of consciousness -- are inevitably drawn to a leader who is of the same kind and are perfectly happy and content in that environment- which is as it should be. That group is then liable to develop into a beautiful expression of God's perfection, all the members being of one accord. It is very interest

ing to note this tendency in all life's expressions...Even in the Retreats you will see Blue Ray people drawn like a magnet to a Blue Ray Speaker and the same with the other Rays... A very interesting thing to watch.

That is the way it works in the Higher Octaves also. There are people working in the First Ray Temple, the Second, Third, Fourth, Fifth, Sixth and Seventh - and I tell you from experience, as an activity of the Fourth Ray (Purity) that Our's is not the most popular in the world. In Our service on the Resurrection - that of cleansing and purifying the various bodies, especially the etheric, it stirs up latent distresses, so I know something of what it is to use positive energy which moves inert matter -- and inert matter both resists and resents that... Of course, our lifestreams, not possessing any of the frailties of the human nature, these feelings do not tie in to Us- but it would be apt to do so with unascended beings,if they put their attention on it.

Your various petitions were all gathered up by the Beloved Morya and presented by Him to the Karmic Board. Some of you had your petitions embodied in those of certain of the Masters (being the same in substance) but some of you presented your own.

We do not wish to repeat Ourselves, because the human mind is always on the search for something new -- but We have had opportunity to describe to you how very brave you were in the writing of your petitions, but how very timid - when you had to stand before that great audience and deliver those petitions yourselves to the Karmic Board...Nevertheless, I think it is a most marvelous and wonderful thing that you have the interest of mankind,as well as the other evolutions of the Earth,so much at heart, and you are to be commended for the strength of spirit it takes to even stand up and open your mouths before that tremendous Body... I have seen people who had wonderful ideas, but at the last moment, when they looked at that great assembly, at the Karmic Board, the Ascended Master Hierarchy, the Angelic Host and all the visitors, including Those from other suns and systems, they were not just able to go through with it... They would start up the circular stairway leading to the rostrum - and then turn back... So you are to be commended on your courage and the full import of all that was contained in your petitions and the Beloved Morya, as well as the other Masters under Whose instruction you have been, were very pleased indeed with the impression Their chelas made before that vast assemblage and the Karmic Board, particularly.

The replica of the Temple of Truth, which has covered the Western Hemisphere, became world-wide last evening. It now encompasses the entire planet, which gives a tremendous impetus to the Beloved Vesta, Pallas Athena and Hilarion in bringing in the radiation of Truth and to the Beloved Elohim of Purity (Our Beloved Claire) and Astrea to bring the Purity Ray into the lower atmosphere. We are of the opinion that you will find a greater clarity of truth and purity in your own consciousness, which will pass through radiation to those in your immediate environment and eventually to the rest of mankind.

The old proverb says - "with all thy getting, get <u>understanding</u>"but before this can be done in its entirety it is necessary to remove the effluvia from your mental, emotional, etheric and physical bodies, that has closed in your light and made the truth difficult to understand. However, during this class, We have removed tons of this dark substance from the entire student body which will expand the Flame in your hearts and accelerate your brain consciousness.

Try to understand this and accept it. Call to Me and I will help you to understand That is why We speak to you in simple words that can be readily understood. The old occult studies were, as you know, so abstruse that few could understand them, but now, that We are speaking to you like children there should be no lack of understanding... If you find yourself puzzled on some point of the law - just call "Gabriel --Help!"and I will be as willing to assist you as I was to help the Beloved Mother Mary in Her hour of trial. Thank you and God bless you beloved ones. GABRIEL.

Beloved Gabriel's treatise on Divine Love, included in His Karmic Board Summary, will go to you in a coming Bulletin.

We ask God's fullest blessings on you and yours for your help and assistance to us in our efforts to spread the Truth that "will make all men free". THE BULLETIN SERVICE.

Beloved Children of My Heart:

I offer you this week an address by My Beloved Son, Serapis, delivered on the occasion of the recent Transmission Flame Cermonies at His Retreat in Luxor, during the course of which He not only acted the part of a very entertaining Host and Guide through His beautiful Sanctuary, but He also took advantage of your attention to impart a little of His Beloved Law. As you have been told so often, the God-free Beings take these opportunities to address the children of men very seriously and spend much time in the preparation of their subject in an endeavor to cover as many points of the great Law as possible, coupled with instruction on how to live within it. As the Archangel Gabriel saluted the Beloved Mary with the words "Blessed art thou amongst women!" I say to you-- Blessed are ye among the sons and daughters of men that <u>are given the opportunity</u> to hear the words of the Ascended Host of Light and profit by them.

Blessings and Love.

MAHA CHOHAN.

Beloved Ladies and Gentlemen:

(July 21st. 1956.)

"I AM" come tonight to bring to you the feeling of buoyancy and joy that is within the Heart of the Ascension Flame -- that Flame on which so many lifestreams belonging to Earth's evolution, as well as the Guardian Spirits from other evolutions, have risen into a God-free estate of perfection, Beauty and Eternal Freedom...As each one rose on that Flame they left within It the feeling of their individual joy, happiness and gratitude for their release, all of which has added to the momentum of the bliss and exaltation that is within Its essence...This is the Flame, beloved ones, that We guard at Luxor and to which We pay honor and praise this evening.

On this Flame, some day--some where, each of you shall (when you have completed your life course) ascend in like manner into the heart of your own "I AM" Presence-- becoming one with It, which is, of course, your preordained destiny. But, beloved ones, while you are still "working in the fields" and in the process of "reaping your harvest" do not, I beg of you, either emotionally or mentally, look upon the Ascension"as a means of escape" or "a way out" of certain experiences that seem trying as you walk the Way of Earth. Rather would it be the part of wisdom to trust in the Law, knowing that when your work is done, when your particular obligation to life is completed and when the purgative power of the Sacred Fire has cleansed and purified your lifestream, then and then only will you be summond Home.

You know, beloved ones the tendency of the outer nature is such that when difficulties arise--when there are conditions to be surmounted which seem to try all the strength of the mental, emotional, etheric and physical bodies-- there is a desire within the outer mind to <u>escape</u> in some manner. Some of the orthodox beliefs have furnished such an escape for their followers by encouraging the mind to dwell on gold-paved streets in Heavenly cities, while in metaphysical and occult circles they find a certain peace in dwelling on the so-called <u>mystery</u> of the Ascension.

When individuals come to Luxor, <u>the motive</u> in desiring the Ascension is immediately discernible--whether it be to draw from the Causal Body all of Its wonderful perfection in, through and around the lower bodies as a blessing to life--or whether it is more or less of a wish <u>to renounce a rather difficult task</u> in the world of form--<u>and return Home</u>.

Before I came this evening, I discussed very freely with the Maha Chohan,(as We always do) the subject matter of My address, and He said to Me--"Which do you think they would like better--a treatise on The Law, or a trip through Luxor?" I need not say that I did not have to answer that question! So, He smiled in that gentle way of His and said- "Son, they have had so much of the Law that they are practically "tied up in knots" trying to understand and obey it, trying to breathe rhythmically and all the other things-- I think it would be nice if you just took them through Luxor this evening."... Well, of course, that "clipped my wings" as far as a lecture on The Law was concerned, for as you know, both the Beloved Morya and Myself always try to present some portion of the Law every opportunity We get. However, as the Beloved Maha Sahib's <u>word</u> is "Law"

to Us--tonight I will assume the role of guide and take you by means of projected consciousness through the Halls of Luxor.....

This sanctuary is builded on the principle of the columns which I have always loved so well...In former times We used them in Greece as well as in Egypt. Here they are laid out in a vast square, twelve mighty pillars to a row and eight deep so that they make great squares, one inside of the other, something like the boxes children play with. You will understand that each square gets smaller as we approach the center and it is in this center chamber that the Ascension Flame abides.

The forty-eight mighty columns forming the outside barrier of the Retreat are rather colorless in appearance, something like your sandstone, but the seven inside rows of columns are in the glorious colors of the Seven Mighty Rays. However, due to the fact that this Sanctuary is the focus for the Ascension Flame, the colors of the Rays do not run in their general consecutive order, the pillars forming the innermost square being of pure crystal white. The row of columns next to the outside is an exquisite sapphire blue; the next row is gold, the one inside that is pink; next comes the green, then the ruby and last the violet. When one passes through the magnificent Violet Chamber he comes face to face with the brilliant white light enfolding the Ascension Chamber.

In the spaces between these rows of pillars are the compartments and corridors in which are housed the various aspirants and chelas.

The outer corridor is the one where the neophytes are placed when they first come tp Luxor. Here they are sorted, as it were, and their states of development examined by one of the Brothers before they are presented to the Hierarch(Myself in this case).

The mystic part of this Retreat is that there is no need for curtains to shut off the various corridors, because the light emanating from each one forms a barrier, and while the occupants of each one feel the radiation of light, yet they are unable to see beyond it....

Now, the occupants of the outer corridor--looking toward the blue columns--see what they think is a great wall of sapphire blue light between each of the pillars and -- while they feel and enjoy its radiation, they do not see within it...Those in the next corridor, looking toward the gold columns think they see a wall of golden light, and so on, the same with those looking toward the pink columns--all the way in: but they all know that when a certain point in their development is reached, they are automatically advanced, each step bringing them closer to the Ascension Flame. They also know that there is an activity going on behind that wall of colored light, but they do not know what it is and are invariably surprised - when they are moved from one corridor to another-to see that there are people like themselves functioning therein.

While in My aura this evening, beloved friends, you have been free to walk from one beautiful corridor to another...THere are no doors in this Retreat like there are in Shamballa and other places; each pair of columns making an entrance so that there can be a mass movement of several hundred people walking forward at once between these pillars. However, as I said before, each aspirant knows that he can only move forward when his own vibratory action fits him to enter the light and so he finds himself in the next inner compartment.....

SERAPIS.

Beloved friends:

Space does not allow us to give any more of the Beloved Serapis' address this week, but we will continue to give you a part of it each week until it is completed. We thank you and bless you for your loving cooperation with our endeavors to present the Masters' work and words to you.

Beloved Children:

Both My Beloved Serapis and Myself are happy in your enjoyment of your trip to Luxor under His guidance. Your pleasure is His reward for setting aside the address He had planned for the evening of the Transmission Flame Activities at His Retreat. The hour allotted to Them by the Law is so precious, dear ones, and They put so much of Their time and energy into the preparation of Their address that a request to change these plans at the last moment is not lightly given...Mankind could well learn a lesson from Their gentle courtesy, obedience and grace. How true, indeed, are the words of the Beloved Jesus--"Ye must become as little children to enter the Kingdom of Heaven"!

Blessings and Love.

MAHA CHOHAN.

(Continuation of Beloved Serapis' address from Bulletin of July 29th. 1956).

Beloved Friends: As we find ourselves in the Violet Flame Chamber, you will note that its appearance is somewhat different than the others in that the four sides of this vast room are of the most exquisite, purple light, it is understood, of course, that the average unascended being may not enter the Ascension Chamber, but if you look through the Violet Light curtains you will be able to distinguish the exquisitely carved crystalline columns that form the walls of the inner Chamber, as well as the magnificent three-tiered, circular altar which occupies the center of the room. On top of this high altar you will notice is a beautifully carved Egyptian urn from which blazes Our Beloved Ascension Flame.

Around the base of the altar are three massive rings of the same beautiful crystalline substance. These rings are placed one inside of the other, at an equal distance apart and depicted on the outer one in raised figures are twelve beautiful figures, representative of the twelve Virtues of the Deity. (We use the numeral twelve in all Our activities here in Luxou, just as you have the twelve signs of the Zodiac through which your Earth passes in the course of a year).

The forty-eight collumns that form the walls of the Ascension Chamber formerly upheld a magnificent Eastern canopy of crystalline substance that covered the entire room and when the Flame rose it blended into that shining essence, making an aureole of light that shed its radiance over the entire countryside. However, owing to the expansion of the consciousness of the race through Our Beloved Maha Chohan's Transmission Flame Activities and the amphitheatres that the Brotherhood found it necessary to build over the Retreats to take care of the thousands of lifestreams that are drawn to them through these Activities, We recently removed the canopy, allowing the Ascension Flame full freedom to rise up into the amphitheatre where the people are gathered and where instruction is given.

Tonight, as "I AM" Host to this vast assembly, it is both My pleasure and responsibility to welcome the Members of the Heavenly Host who grace Our Retreat with Their Presence--the Beloved Lord Gautama, the Beloved Lord Maitreya (the new Buddha), the Beloved Archangels with Their Archaii and the other members of the Celestial Hierarchy, including the Beloved Ascended Masters Who have come to Us from other planets as well as this. They are all in pure white tonight in honor of the Ascension Flame and grateful "I AM" to Them for Their Presence here with Us.

We are so grateful to have this fine amphitheatre created over the continent of Africa and I ask you now to make calls that this be permanently sustained here because, as you know, it is the darkest of the continents belonging to Earth's evolution. This Ascension Flame, which contains within Itself Divine Purity and all the other qualities necessary for the Ascension, should do much for the race of people evolving here, as well as for the animal life, the reptile life and all the imprisoned elementals in this continent.

I am reminded by our Beloved Morya to tell you something about the "I AM" Presences of those individuals who have passed through the "second death"...When the soul or perso

ality was wiped out, many of these Beloved Beings returned to a state of Nirvana and live now as the Angels do, but some of Them - desiring still to fulfill Their vow to the Universal First Cause, asked for permission to go to other universes where They could start Their work all over again...

We have told you many times that on certain great occasions like the Gathering at Shamballa, around the end of the year, the Highways between the higher universes and other stars and galaxies are open to the Celestial visitors Who traverse them, from the Great Central Sun Itself down.

When these great Messengers come with Their retinues, They create something like a "down-draft"and along that in Their wake come many lesser Beings from distant stars and planets. Then, on Their return They create an "up-draft" and many Lifestreams Who ask permission to serve Life elsewhere are allowed to become a part of that train...So it is that these individuals are literally "sucked in" to the evolutions to which these Great Beings belong.

It is a very interesting thing, beloved ones, and it is again a case of "timing". Because those Mighty Messengers come and when the business that brought Them is finished-They are gone--and if the Individual Who has applied for permission to accompany Them is not ready-the opportunity for that time is gone--They will have to wait until another Messenger comes...That is why it is so necessary to have a tremendous alertness and consciousness of "timing"in dealing with spiritual matters.

Many of Those Who went into Nirvana applied for permission to work out Their life plan in other universes and are very happy doing this in these superior systems. Therefore, it does not seem as though They would choose to reincarnate as unascended beings on Earth, but, according to a report by Our Beloved Morya, They will at least return to this Universal Scheme after They have completed Their freedom and serve under the Beloved Helios and Vesta...They will become part of the Hierarchy Who serve this planet and pour Their radiation to the Earth. Those Who have not become affiliated with other planets have agreed to again become part of the evolution of this planet- when the time is ripe.

Thank you, dear ones, for your interest, your application-and the result which means so much to everyone concerned with the planet...We, of the Ascended Host, thank and bless you. (audience rises in gratitude).

You may be under the impression, beloved friends, that serving the humanity of Earth from the Ascended State is a comparatively easy task, but let Me assure you that such is not the case! In the first place, We are dealing with beings of free will who, (even among the students under Our instruction) do not always feel like cooperating with Our suggestions and endeavors; then We have those in different states of development, receptivity and capacity and lastly We have the general run of mankind who are not aware even of Our very existence, whom We must serve with impersonal radiation.

However, every time Our Retreat here at Luxor is active and I see all the lifestreams who are attracted here, I pray God that there may be a "click" in the feelings of the people that death is not the end --but that the Ascension -- the conscious Ascension -- is the ultimate victory of all their endeavors... So, beloved friends, We are sending forth on the Ascension Flame tonight from the hearts of the Assembled Host of Light and the conscious chelas assembled here, the strong feeling of Everlasting Life and the Joy of Service, and We know that you will cooperate with Us in this during the current month while Our Beloved Ascension Flame is active....

SEPAPIS.

Dear Friends: We have given you in this Bulletin and the preceding one the portions of the Beloved Serapis' address relating to the Transmission Flame activities at Luxor. Next week we will give you the balance of His address which deals with the Atlantean period of our civilization. We take this opportunity to thank and bless you for your encouragement and help and to earnestly assure you that without your cooperation this service could not go forward. God bless and reward you.

Beloved Children:

In giving you these glimpses into civilizations of the past during which the majority of you took both an active and constructive part, it is not the intention of the Master to stir up etheric memories of these long forgotten experiences...Rather it is meant to convey the encouragement that comes from the knowledge that you have served life well in past embodiments and to provide a certain entertainment which We feel you have merited by reason of the service you have rendered in those bygone days, as well as your present splendèd, cooperative endeavors.

The awakening of your "Eternal Divine Memory" actually means those transcendent experiences that you had with your own Mighty "I AM" Presence "before the world was"... Memories of experiences <u>after</u> the Fall of Man invariably bring regret, sorrow and very often bitter remorse, with their attendant recoil of discordant energy, the pain of which <u>you need never experience</u> if you make persistent use of the Sacred Fire of Purification.

Beloved children, Divine Discrimination, is one of the very first Ascended Master gifts bestowed upon the earnest student of Truth. This quality, coupled with what the world is pleased to call "common sense" will go a long way toward keeping the student's feet firmly planted on the upward path that leads to freedom. If you can eradicate the karma placed upon your shoulders in this embodiment through your calls to the Transmuting Power of the Violet Flame and demonstrate before life that you are indeed "your brother's keeper" by making similar calls for him, then you may safely trust that the Law of Divine Justice and Mercy will wipe out your own individual debts to life...

There seems to be a growing tendency among the student body to probe into past etheric records in an endeavor to uncover some of their activities in other embodiments May I gently say here, beloved ones, that if some of these records were truthfully placed before you they may not appear as noble as your ego would have you believe they were, Rather let me counsel you to turn your faces consistently toward the Light, invoke the glory--"the glory that you had with HIM in the beginning", and "let the dead (past) bury its dead" as the Beloved Jesus once admonished His followers.

Blessings and Love.

(Final installment of Beloved Serapis' address of July 21st 1956).

Beloved Friends: Many, many long ages ago, when the Atlantean Civilization was in ful bloom, there was a great Temple of Light in what is now one of your large Eastern Citie This Temple was dedicated and consecrated to the Power of Protection, which is the spec ific God-activity of protecting the Divine Spirit-Nature of the mankind embodied at that time as well as all the other evolving life upon the planet.

The individuals who served in this Temple all wore the varying shades of blue, fror the deep sapphire and midnight colors to the very palest shades, representing the powers of Faith and Protection and the other qualities that come under the Blue Ray. Sometimes these blue garments were banded with the golden hue of Wisdom.

From this Temple the priests and priestesses who were conscious of and able to cor tact the Beloved Hercules, the Beloved Archangel Michael and all those Beings Who rep- resent the activity of Protection, drew into themselves a concentrate of the Blue Flame Day and night, rhythmically, groups of these priests and priestesses (never less than seven to a group) gathered together and, through their calls, were able to see the activity of the Sacred Fire ascending and descending, as well as consciously hear the directions of the Beloved Hercules, the Archangel Michael or One of Their Representa- tives...In this way they drew a concentrate of energy which was qualified with the powers of Strength, Endurance, Faith, Protection and the Will to Do that which their Own Christ Self and the God-free Beings desired. From this Temple rays of light, like beams from the sun, radiated out until they covered the whole surface of the Earth.

The people in and around Atlantis proper, of course, were much more acquainted with the power of the priesthood than those in the outlying districts who only learned

of the powers of magnetization and radiation from the visiting missionaries, but the people from all over the landed surface of the Earth were invited to come from time to time to the main Temples of Atlantis, learn at firsthand the teaching and take part- according to their development- in the activities.

Now, these activities have engaged the lives of many of the present day students of Saint Germain. Therefore, you have builded within yourselves certain strengths on this ray of Cosmic Christ Protection which We hope (and have hoped since the beginning of this New Endeavor) you would use for the protection of everything connected with the activity of Saint Germain.

The blue robes that you then wore--the Blue Light that you drew--the Faith that you embodied are all part of your etheric bodies...You never lose in the etheric body the experiences that you have had in the light, no matter how much destructive thought and feeling you may have drawn around yourself since then. You see, beloved friends, each successive life that you live forms a coating like the petals of a flower, each one closing in the experiences of the life before. Therefore, down in the deepest core of the etheric body are the experiences that you had "before the world was"...and outside them, layer after layer, are the experiences of every life you lived up to the present c

Another phase of the law which, of course, is apparent to the students of Saint Germain)is, that if you awaken what the world calls "the subconcious"(which is really the Book of Memory in the etheric body) and are not acquainted with the Violet Transmuting Flame and Its use, you are going to have to handle not only the karma which has been given you in this present life, but you are stirring up something from a past life which the Lords of Karma did not deem wise to impose upon you at present...If an individual deliberately awakens a portion of the subconscious mind of another(who is, or is not, conscious of the power of the Sacred Fire) and throws that individual back one or two embodiments, stirring dormant etheric records into action, he would be very gravely responsible to life,taking upon himself in ignorance the prerogative of the Lords of Karma, but lacking Their cosmic Love and Wisdom.

Beloved friends, you have an affinity with each other through past service...Your etheric bodies have certain definite rememberances within them of constructive services performed together which makes for unity and in unity there is strength...That is the strength of cooperative service We are endeavoring to build up through the welding together of the student body by their love for Us, love for each other and love for mankind as a whole.

People of all grades of development come to Us here in Luxor--all seeking escape from the weary round of births and deaths...We have the seven departments already described to you, through which the aspirant for the Ascension must pass:-

The First, or outer one, is the place where he desires and decides to do God's Will.

The Second, where he receives the illumination so to do.

The Third, where he learns to love his God, and his brother, as he loves himself.

The Fourth, where he is willing to purify himself.

The Fifth, where he is willing to consecrate all his energies, vehicles, time and talents,to the service of the Godhead.

The Sixth, where he becomes desirous within himself to minister to all evolutions on the Earth--human, elemental, animal--in whatever form he may encounter them.

The Seventh, where he learns to become Master of all energy through the Sacred Love of the Sacred Fire.

Use the Sacred Fire of Purification offered to you by the Beloved Saint Germain constantly, beloved ones, because in your inner bodies there is darkness as well as light and the more you use the Violet Fire the more of this effluvia will be burned away until only the light remains. Your etheric body can either "bog you down" or, through purification, it can become the motor by which you can perform miracles and finally ascend. I hope you have enjoyed your visit to Luxor as much as I have enjoyed being your Host. Thank you and God bless you.

Beloved Children of God seeking the Way Home:

As My Beloved Kuthumi was your Guide and Mentor on the occasion of your recent visit to the Beloved Meru's Retreat in South America, Saturday evening, last, it is with great pleasure that I present His words to your outer minds, even though your inner bodies hold the vibrations of the joy and gladness you experienced on that journey.

Time and space being factors which even the Celestial Hierarchy find it necessary to observe in dealing with the affairs of this lower octave, I now offer you My beloved Son's report, which I know your outer minds will find interesting in the extreme and which should, through contemplation of its contents, help your spiritual progress.

Blessings and Love, dear ones. MAHA CHOHAN.

(Beloved Kuthumi's Report on events and activities of the Transmission Flame Ceremonies, held this month at the Beloved Meru's Retreat in South America. August 18th 1956

Beloved Friends: It is My pleasure and privilege to conduct you, through the activity of your projected consciousness, to the Beloved Meru's Retreat, situated, as most of you are aware, in the High Andes of South America where the Transmission Flame Ceremonies are being performed this evening. This Retreat is the focus for the Great Feminine Ray for the planet Earth, the Masculine Ray being under the guardianship of the Great Himalaya in His Retreat in Tibet...This Feminine Ray expresses Itself as the Great Flame of Illumination, which We honor tonight.

As we approach the great Andes range, we can see the Holy Mountain Meru, and looking upon it, let us think for a moment of that great Feminine Ray of the Godhead directed through that mountain where it meets with the Masculine Ray from the heart of the great Himalaya and forms the cradle around which the Builders of Form fashioned the planet Earth.

For many long ages the Masculine Ray has been active. You are aware of the fact that all the great Masters, Gurus and Chelas have been drawn to Himalaya for His teaching and understanding of the law, but as the Feminine Ray in Meru's Heart becomes more intensified, you will find that in time the jungles will recede and new civilizations will come in...Certain climatic changes will take place and many of the Illuminati of the East will come and sit at the feet of Meru for their complete illumination. Many of you will not perhaps be in embodiment at that time, but then again, some of you may....

In this great South American Continent, the Great Divine Director (Manu of the Seventh Root Race) intends to bring forth His people. Of course the God Meru (Manu of the Sixth Root Race) still has many of his people in embodiment, not only in South America, but throughout the world.

Contemplating the majesty of this great mountain tonight, let us feel the pressur of the tremendous Feminine Ray, which is the fertility or manifest expression of all the ideas held in the Mind of the Deity for the planet Earth. All that expression of fertility and manifestation anchored through the Flame of Meru's Mountain can be yours tonight. We hope you will accept it in your feelings and that you will realize (through proximity to the Flame) the capacity within yourselves to do all the things your hearts desire and that you will be wise enough to hold your attention anchored on the mental concept until manifest expression comes into being.

Now, let us walk into the Lodge where Those who serve in the Retreat are assembled...The walls (as We have described to you before) are hung with beautiful tapestries woven by the natives and depicting various activities of the Incan civilization and the Golden Age when South American culture was at its height. Here we can rest for a moment on the beautiful embroidered cushions proffered us and feel the pulsation of the great mountain. We notice that there are not so many lifestreams gathered here just yet, but we do feel a tremendous sense of peace as the curtain is drawn aside and the guide beckons us to follow him down the beautiful corridor which is carved right out of the mountain, in the floor and walls of which you can see the polished veins of virgin gold indicative of the untouched wealth of the Andes.

At the end of this long corridor we come to the great open chamber where the Illumination Flame burns. The ceremonies in this Retreat, you will remember, are informal compared to the other Retreats. The attending Celestial Hierarchy, which includes Lord Gautama, Lord Maitreya, the Lord Maha Chohan, Pallas Athena, My Brother Chohans and Others are all seated Eastern fashion on the beautiful pink and gold cushions provided for Their use, in a great circle around the Flame. Some Masters are robed in pure white, while Others are in garments of unadorned gold, but all wear a pink rose, which is the symbol of the Retreat and with which they have been presented on Their entrance.

The Illuminati of the world, men and women, are seated back of the Hierarchy and we will now take our positions behind them...All are in attitudes of intense devotion, facing the Flame.

The Flame has no chalice, no adornment, not even an altar. It seems to ascend right out of the heart of the mountain and disappears through the roof of the cave in a pillar of blazing light. However, as is usual with the Retreats, over the mountain is built a gigantic amphitheatre to hold the multitude of visiting lifestreams and here the Flame circles and blazes, spreading out into a great canopy of light which encircles the whole of Central and South America. The amphitheatre is built in the form of a rose, the seats and decorations of a delicate pink, blending into gold.

At the outer edges of this beautifully formed structure are gathered untold numbers of lifestreams this evening, drawn hither by the feelings of fear and insecurity which they have absorbed into their inner bodies due to the upset conditions of the planet at this time. In the center of the amphitheatre is seated the Manu of the Seventh Root Race, the Great Divine Director, surrounded by His people, who are destined to take embodiment on this South American Continent.

By the side of the Flame, in the Chamber where It is focused, stands the Mighty God, Meru. He presents a truly majestic appearance, golden of hair, blue of eye, with a serene and noble countenance. He is wearing a simple garment, something like the ones you have seen depicted on the Master Jesus, but banded on the cuffs and hem with deep gold.

Standing by His side is His beautiful Goddess, Who is an almost exact replica of Himself, except that Her golden hair is longer and flows down over Her shoulders. She wears a band of light around Her head, with a beautiful pink Flame rising from the forehead....A peace--a tremendous sense of peace and well-being--pervades the entire atmosphere of the Holy Mountain and its vicinity this evening. We, the brothers of the Golden Robe, will take an active part in the expansion of the Flame during the ceremonies. We have summoned from Kashmir all the Brothers and Sisters belonging to this Order to assist us as We breathe in the Illumination Flame and project It forth into the mental and feeling bodies of the race, We ask you to assist Us, not only tonight, but during the entire thirty days that the Flame is active so that the fears of the people of Earth will be allayed, and peace, illumination and brotherly love will reign on our planet.

It will interest you to learn that the Beloved Serapis' Retreat at Luxor will remain open and active during this current month. This, beloved ones, is an unprecedented occurrence and has been granted to give the conscious chelas opportunity to visit the continent in which that Retreat is situated and make earnest calls for the peace and stabilization of conditions, not only here, but all over this planet...It is no "happenstance" beloved friends, that both the Illumination Flame and the Ascension Flame should be called upon to send forth Their joint radiation at this particular time in the Earth's history.....A magnificent Bridge of Light (white and gold) has been erected, connecting the two Retreats, tremendous in its expanse, one side reaching as far north as Nova Scotia, the other extending far below the tip of the Argentine.

Now, as the Breathing Ceremony is about to commence, I must take My place and will say - God bless you, friends, and Good Evening! KUTHUMI.

Dear Friends: We thank and bless you in the Masters' Names for your manifest expressions of help, without which Their magnificent Endeavor could not possibly be carried on.

God bless you all. THE BULLETIN SERVICE.

August 26th. 1956. A BRIDGE TO FREEDOM PUBLICATION. 195

VOL. 5. NO. 22.

Beloved and blessed children, walking the ways of Earth:

I can assure you that there is no particle of imprisioned life among the evolution of this Earth, within It or in Its atmosphere, that does not desire freedom and comfort Therefore, My responsibility to the planet is to bringthat comfort to all life which has lost its natural rhythm of harmony and perfection.

Now, let us remember that whereas all life requires <u>to be</u> comforted, comparatively few self-conscious intelligences desire to learn the way to <u>become</u> a comforting presence in themselves. They refuse to make the required effort to sustain the vibratory action of harmony and peace necessary to quiet those energies and keep them vibrating in the harmonious, positive and beautiful manner that is necessary if that individual is to be used by any Ascended Master or Myself as a focus from which We may project Comfort.

What happens when any part of life send out either a conscious or an unconscious call for Comfort?...Whether that expression of life is a member of the human family who is sick or in distress of mind or body---whether it is a wilted flower--a bird with a broken wing or one of the four-footed creatures that are at the mercy of mankind--the vibratory action of the energy, in, through and around that manifestation is controlled for a time by some self-conscious intelligence who has learned to magnetize energy, direct, control and sustain it at a specific, vibratory action representative of healing, of peace, of comfort, of supply or whatever the need may be.... The intelligent life within the flower, the bird, the four-footed creature, or within the physical or inner bodies of mankind <u>knows its master</u>; knows that the Divine intelligence which is in control of its energy for the time being has full authority to change the vibratory action of distress into light. Therefore, the electronic substance within the <u>manifestation requiring assistance</u> is accelerated under the direction of the <u>self-conscious intelligence</u> conducting the healing or comfort - and is held at peace.

However, that is not the ultimate answer for the individual self-conscious member of the human race evolving presently on the planet Earth - because some time, somewhere - along the course of life's way - that individual must learn <u>to be</u> the conscious control of the energy <u>in his own world</u>, not allowing it emotionally, mentally, etherally or physically to be broken in rhythm through inharmony or feelings, imperfection of thought, resusitation of bitter, etheric memories or acceptance of the discordant substance from the outer world.

Now, it is to these <u>few</u> (comparatively speaking) that I have primarily dedicated My individual assistance through the ages since I became qualified to become the Representative of the Holy Spirit to the planet Earth...For the greater part (as those of you know who have studied the spiritual law) I have had very little to do with the mass of unascended mankind -- working usually through the blessed Chohans upon Whose rays the lifestreams are developing --- but, sooner or later a lifestream <u>qualifies</u> <u>through feeling</u> to the place where he can be not only <u>individually comforted</u> -- but <u>become a comforting presence in himself</u>.

You have a simile in your child... A small child desires to be comforted with warm clothing, sufficient food and the benediction of love from parents or guardians.. As that child comes to maturity it - in turn - desires to be a comforting presence to a <u>new generation yet unborn</u>... But, when you deal with the billions of lifestreams on this planet (and I speak knowingly when I say that the majority of them desire comfort do not be disappointed - you who serve - if those on whom you expend your energy do not desire for the most part to learn how to sustain the blessing directed to them-- because as soon as they are comfortable, as soon as they are temporarily relieved from pain, from financial limitation, from inharmony of any kind (whatever the potential threat of the moment is)they are content to consider the blessing they have received as part of their just due from life and continue on more or less as they always have done... They are people who, like the child with the scuffed knee after it has received comfort and the wound bandaged, returns with abandon to its play... However, "I AM" happy to say that the "few" desire more -- they desire to <u>become</u> and

remain a conscious, comforting presence to this universe - and it is to these few that "I AM" giving My life in this present individual instruction.

Now, beloved ones, if you will cognize for a moment the fact that within the heart of your Electronic Presence there is a beautiful, Immortal, Three-fold Flame, which is the life, the being, the self-consciousness of that Presence... That from that Flame flows down the silver cord of life, anchoring Itself in your physical hearts... That within your heart is also a Flame -- an exact replica of the Flame in the heart of your Presence --(not in size, of course, but in design) you will see that this silver cord-- with the full flower of the Flame in the heart of your Presence, and the tiny embryonic seed of the Flame within your physical heart -- form the Mystic Rod mentioned in all spiritual writings as the rod of Aaron and the rod of power of Kings -- the sceptre -- that they wield in the outer world.

Now, beloved ones, it is Our desire - with your cooperation, to expand through that silver cord the embryonic Flame within the heart of the individual and personal self until that Flame - expanding and expanding - controls without any question of doubt, all of the emotional, mental, etheric and physical energies that make up the outer evolving self... It is as simple as that! As above so below! You are living in an unbalanced state at present because the magnificence of your Immortal Flame within the heart of your Presence fills the entire Being of that Presence and fills your entire Causal Body... Yet,very little flows down through the silver cord -- so tiny is the receiving pole where the microscopic Flame that gives you life abides.

As We endeavor (always with your conscious cooperation) to draw from your Causal Body and direct and project through that silver cord more and more of the perfection of your Presence, you will become a comforting presence to life. Why? Because when the Christ Flame within you governs your feelings -your human tendencies cannot act -- the electronic energy within them will not obey the lesser Master, which is your outer ago or human self...

The electronic intelligence within the electrons that make up the atoms of your emotional body will only obey the God-control of your expanded Christus.

The electronic intelligence within the particles that make up the atoms of your mental body will obey only the expanded God-control of your Christus...

The electronic essence that make up the atoms of your etheric body will only obey the expanded Christus...

And the electronic particles that make up the atoms of your physical body - they, too, will only obey the expanded power, radiation and God-control of your Christus....

Now, beloved ones, this is as scientific as any formula by which mathematicians arrive at a conclusion...It is not "happenstance"...It has nothing to do with personality or place so far as the outer world is concerned...Every man must in time become a comforting presence through first controlling the energies of his own life...Which would you rather be -- an individual who was in constant turmoil, to whom a Master directing a ray could only give temporary peace and as soon as He returned to His own cosmic level, you immediately returned to your turmoil? Or would you rather be anchored so firmly in your Immortal Flame that your emotions, mind, etheric body and flesh are always under the control of your Christ Presence - part of which is in the heart of your Electronic "I AM"? In the latter state you could go anywhere upon the face of this Earth, or to any other planet or to any other system and always be the Master control of your energy...Think it through, beloved ones, and let Me know!

Blessings and Love.

MAHA CHOHAN.

Dear Friends: Let us remind you once again that your encouragement, combined with your material help, is the vehicle that carries the Masters' Words to the outside world.We each have a part to perform, none of which goes unrewarded by the All-Seeing eye of God. Vol. 5. No. 23 .

Beloved Children seeking the Way Home:

There are two main activities of life — the inbreath and the outbreath...It is so simple and yet so much has been woven into and around it through the study of so-called "Mysticism". In the two activities of breathing, you have the magnetization of the gifts and powers of The Presence through the inbreath, and the radiation of Its love, wisdom and power through the outbreath.

This is the same activity that takes place at cosmic levels with regard to suns, planets, systems and galaxies -- all operate on the rhythmic motion of the inbreath and the outbreath. We have endeavored from time to time to give you a glimpse of the working of the cosmic scheme to which We belong , so that you may comprehend the place in which Our galaxy stands at the present time.

At the beginning of a "Cosmic Day", before a new universe comes into being, the Central Sun in charge of the system breathes out the lesser suns that are to assist It in the evolution of Its system. This It does in a perpendicular motion something like dinner plates piled one on top of another, only, of course, in this cosmic picture there is a tremendous distance between the suns mentioned...Now, these lesser suns, in turn, breathe out the planets which will make up its galaxy in a horizontal motion. At the end of the cosmic day, the Great Central Sun notifies the lesser suns that it is time for the inbreathing of their planets in preparation for the time when It (the Great Central Sun) will again absorb the entire system back into Itself after the lesser suns with their planets have evolved into the full perfection of Itself...

In obedience to the fiat of the Great Central Sun, each of the lesser suns of the system begins the great cosmic inbreath, drawing the planets of its galaxy closer to itself, until one by one they are absorbed into the sun which breathed them forth... Of course, all this takes ~~hours~~ of time and this is just the briefest sketch of what is taking place at cosmic levels at the present time. At the end of the Cosmic Day, the Great Central Sun will have breathed into Itself all of the suns which it projected forth and the lesser suns, in turn, will have breathed back into themselves all the planets which they are responsible for, with all the life upon them expressing the full perfection for which they were created"in the beginning". In occult circles this entire activity is known as a Day and Night of Brahm.

Now, beloved ones, I know that this seems a little difficult for the outer mind to understand and the only reason I mention it at all is on account of the cosmic hour in which we stand...We are preparing for the first inbreath from Helios and Vesta (our Sun) in which They breathe in the first planet of Our system. As the first planet is absorbed into the sun of its system, the entire planetary system moves nearer to its sun automatically, and the closer proximity to the sun naturally increases the vibration of all the life upon the planet. Incidentally, the "laggards" mentioned so frequently were those lifestreams on the various planets who were not ready or willing to move forward with their planets on one of these cosmic initiations and so the beloved Earth offered them refuge. Some of these laggards came from planets in systems higher than our own. You must also understand that this horizontal motion - in fact, all cosmic motions are gradual until the final day of initiation comes when the life on every planet in every system must vibrate at the necessary high rate that its advanced position calls for.

Now this cosmic picture of the inbreath and outbreath of Deity is an exact duplicate of the activity you follow in your daily breathing...The outbreath of the cosmic scheme has been completed and the inbreath is well under way...On every planet in every system there is tremendous activity as their evolutions get ready to meet the initiations through which each expression of life must pass as their planets are drawn nearer to their suns. This is also the reason for the Ascended Masters' tremendous interest in the evolution of the life upon this planet at the present time and how essential it is that We must find some way and means to convey to the student body, at least, the necessity for the acceleration of the vibratory action of their mental,

emotional, etheric and physical bodies in the hope that they may cooperate with us in radiating to the balance of mankind (not the knowledge of suns and planetary systems — this information being given you for your own personal enjoyment), but the love, peace, forbearance and wisdom which it is necessary that all people must generate if they are to go forward with their planet and help Her in Her hour of initiation.

Saint Paul spoke of "the quick and the dead"...The "quick" are really those whose vibratory action is more rapid...There are various ways and means of accelerating the vibratory action of your inner and flesh bodies...One of the greatest of these is the use of the rhythmic breathing of which I have been an exponent, devotee and teacher for ages of time, because it is the rhythm of creation. When you draw the energy of life into the Flame in your heart and send it forth again on the breath, you begin to come into harmony with the natural rhythm that is in every activity of nature — in the rising and setting of the sun; in the rise and fall of the tide; in the changing of the seasons... All of these activities take place in absolute, unbroken rhythm.

The Golden Ages where mankind have known the greatest peace, the greatest illumination, the greatest bodily health, the greatest beauty and the greatest opulence, were ages when the natural rhythm of life was observed, not only in breathing, but in every facet of expression.

Now, beloved ones, I ask you to watch yourselves -- even in a small process like walking and see whether you are moving with the rhythm of the music of the spheres... See, when you talk, whether your speech is staccato - too rapid -- or whether it is rhythmic and beautiful! Watch your gestures and see if they are graceful and rhythmic or whether they are harsh and breaking that rhythm of creation! Watch yourself in your breathing and see if your breath is slow, measured and deep, or whether it is shallow, panting and gasping!

When these imperfect physical manifestations are evident, you will know that you are not within the proper rhythm of your own being and as you begin to correct yourself in small things—in ascending a flight of stairs—in the process of preparing a meal—in clothing yourself—in going out upon your daily routine of business by street car or otherwise, you will find for one thing that you will not become so exhausted as you seem to get now in the outer...For another thing, you will find better health in your body... You will find a greater spiritual equipoise in your mind and consciousness...You will find a greater beauty and youthfulness in your physical form and last—and perhaps not least—you will be more comfortable for others to live with.

This I can tell you, beloved ones, is the whole law of life—the rhythm of magnetization and radiation...If there is too much magnetization of power and not an equal radiation of love and blessing—again you have broken the rhythm...If there is too much blessing and ministration without enough magnetization of power from the Source of the All Good by which you live, there is depletion and exhaustion...In other words, all of mankind's distress, disintegration, inharmony and decay is the result of broken rhythm.

All life on the planet today, beloved ones, needs comfort...Practise the sending out of a conscious radiation of comfort into all the turbulent and angry emotions that rise up here and there and very often express themselves in self-righteous, yet chaotic, thought patterns. Practice sending peace into those rebellious etheric memories of the past and into the tremendous subconscious fears that are seeping up toward the surface of people's lives as the Transmuting Power of the Sacred Fire plays upon them during this period of planetary unrest.

Now, beloved ones, as an exercise, I will ask you, each one, to make conscious effort to keep as much rhythm as you can in your life this coming week—in your voice, in your work, in your walk, in your service, in your adoration and realization...If you will faithfully do this, it will give Me an opportunity to pour My radiation through you so that you too, may be a Comforting Presence to all life. Blessings and Love... MAHA CHOHAN.

Thank you, dear friends, for your continued rhythmic encouragement, support and help in the Masters' endeavors. This service is carried on solely through the rhythm of your helpfulness.

THOMAS PRINTZ' PRIVATE BULLETIN. A BRIDGE TO FREEDOM PUBLICATION. 199

September 9th. 1956. VOL. 5. No. 24.

Beloved and Blessed Children of God:

I want you to feel in its reality that you are living and have your actual being within the body of the God and Goddess that created this universe (Helios and Vesta) and that body is made up of countless tiny particles of electronic light substance which are intelligent and obedient to the self-conscious beings that say "I AM"

Now, many, many of you on a bright day have seen these particles in the atmosphere! These particles of self-conscious, intelligent light form the substance of the atmosphere that you breathe in and any number of them are willing, at any time, to enter into your world and become part of the substance that you require manifested in form, either personally, for Saint Germain's New Endeavor or for the entire planetary evolution.

Mankind may be likened to a man who sits in a room, the atmosphere of which is composed of pure gold and does not know how to use it, yet cries because of his limitation.

The creation of form is a part of the science of precipitation for which mankind took embodiment upon this planet and which you, who are the guardians of this planet and its evolutions, must learn. Therefore, it is right and meet for you to create consciously beautiful forms and then, through the use of the all-powerful creative words "I AM" draw into those forms this beautiful, universal, intelligent and obedient light which, drawn into form by your thought and feelings, becomes a manifest expression within your hands, use, and governing power.

The activity of the activity of the Maha Chohan in any planetary scheme is to magnetize, receive and distribute as much of the electronic light substance as is required for the planet to which He belongs and its attendant evolutions.

Now, Helios and Vesta pouring forth this electronic light substance which encompasses and is the life of every planet that makes up Their planetary scheme, continue to draw from the Central Sun of the system (Alpha and Omega) more and more of that light substance in such tremendous and prolific generosity as cannot be conceived or cognized by the human mind...The Maha Chohan of each planet (for there is a Being holding that Office on each of Our seven planets) magnetizes through His consciousness and body (as I do for the planet Earth) as much of that light substance as is required and requested by its various evolutions--the nature kingdom, the elemental kingdom, the human kingdom and the guardian spirits.

If there is no demand on the great Universal Storehouse for an increase of the electronic light substance, those of Us Who guard the release of that energy--because We are not wasteful— allow it to flow on to another planet where there are beings who are using their magnetizing power to a greater extent and creating from it something of beauty and perfection.

You might visualize the distribution of the electronic light substance from the Heart of the Beloved Helios and Vesta as a great stream of light energy flowing from the sun to the farthest star and planet and as it reaches each sphere, the Maha Chohan of that planet directs from it a great funnel of light down to His sphere which interpenetrates and encompasses it round about and which forms the life and substance of every expression of evolving life thereon. Each Maha Chohan watches carefully to see that enough light energy is released to create a sufficient harvest to supply all the needs of His people; enough to clothe them and supply all the necessities for their daily comfort, as well as to create expressions of beauty and perfection through the individualized creative intelligences of some of the embodied lifestreams evolving on His planet which would be a blessing to their fellow beings.

Therefore, beloved ones, from that great funnel of light which I draw down and radiate out to the planet Earth, there flows enough life essence to supply the great nature kingdom which expresses itself in the beauty of tree, grass, flower and fruit of every description...The elemental kingdom uses it to sustain the life energy in the water and air...But the mankind of Earth are, for the most part, given a great deal more of this universal electronic light than they ever use or dare, I will say, to invoke and mould into form for the blessing of their own worlds and the evolving life all around them.

As the wise engineer, watching the flow of water over a dam, opens one sluice and

200

then another, according to the required irrigation of the ground for which it was intended, so do We, Who hold the Office of Maha Chohan, watch the amount of energy that is being used and release only as much of this precious substance as the evolving life upon our planet requires. Therefore, if the planets nearer the sun or those following us require more of this beautiful substance than does the planet Earth at this time to fulfill the creative activities of their evolutions, it is but an impersonal and perfectly just balance that they shall receive it.

I say, therefore- and it is no particular credit to the evolutions of Earth - that the light substance released to this planet at this time is less than that released to any of the seven planets of our system, but I say too, for your comfort, that I have access to as much of that substance as any one or all of mankind will ask for and that they will prove by the stirring up of their mental processes in conscious precipitation and their feeling processes in giving that precipitation life and form...Then, it will not only be My pleasure and privilege, but it will be My obligation to release more and more of that precious light substance which is only waiting for an opportunity to be moulded into manifest form for the glory of God and the comfort of man.

Now, beloved children, you, who are so close to My heart, you, whose motives are honest, earnest and God-sincere- you are living in a world filled with intelligent, universal life and light...As you move your hands upward or downward--as you walk upon your way- as you lie upon your beds--as you are about the various activities of your daily lives-- you are actually living and breathing within this palpable, intelligent, unformed life essence, which I have taken the responsibility of drawing from that great stream of cosmic release from the heart of Beloved Helios and Vesta, in the hope that you might choose to avail yourselves of the opportunity of consciously creating through thought and feeling that which will make you more efficacious, more healthy, more filled with supply and abundance and more God-free.

Mankind has used thought and feeling to imprison some of this substance in distorted forms in this manifest world, proving that the science of thought, feeling, spoken word and action may be used in a destructive manner also...But, now, We come to a new day— We are at the approach of a New Era where people are crying for freedom—and freedom only comes, beloved ones, through the control of the processes by which you can—by reaching your arms into this universal light--loving it—knowing that it is the Body of God—that it is drawn into this planetary scheme and entrusted to you by Myself--that it abides in a waiting state that is intelligent—that it will (because it has been so directed by the Beloved Helios and Vesta) answer you and become for you that which you desire to help expand the borders of Their Kingdom upon this planet.

Now, I have endeavored, beloved children, through My Own Personal Invocation, to get you to feel—while your attention is on My Presence—that all the substance which your outer mind could desire is within My aura and may be yours for the asking...That substance can become for you the elixer of youth; the vital energy of healing flowing through your spinal column and your nervous system, reaching into every cell and atom of your being...It will become condensed through your thought and feeling processes until it is visible and tangible in your hands and use as any manifestation you desire...That substance, which is all around you can and will respond to the directions of your own Immortal Flame through your positive affirmation in the acknowledgment of the Presence of God within you as the "I AM" which gives you life, and can and will joyously become for you whatever the requirement of the moment is...

Faith is essential, beloved ones, to the power of precipitation. In studying your Bible you will note that the Master Jesus almost always admonished the beneficiaries of His so-called "miracles" to have faith. You will note that in Nazareth "He did not many mighty works there because of their unbelief". And His beautiful humility was evidenced in His statement—"Of Mine Own Self I can do nothing; it is the Father within Me—He doeth the works". I will be watching with interest, beloved ones, what ye are going to do with this mighty power that I now offer freely for your acceptance!

Blessings and Love. MAHA CHOHAN.

Beloved Children seeking the Way back Home:

Home is a state of uninterrupted harmony and peac( ) is the realm in which We abide by reason of Our learning the Law of the cons control of Our energies, not allowing these energies (the life force) to vibrate below the vibrations of harmony, love, peace, tolerance, kindliness, forbearance and truth.

One day, upon life's path, you - too - shall consider the maintaining of the Peace more important than any personal gratification, any sense of self justification, any desire to aggrandize personality or, conversely, to condemn yourselves for "works not well done". When you come to that point I shall help you to find the power that dwells within you and Which is such a master control of the energies of your minds, your feelings, your memories, yes, and even the organs, cells, nerves and substance of your flesh body. Then by LOVE rather than by Will shall you feel the glory of harmony among your many selves. Once you have felt this harmony, there is nothing that will be important enough to allow the energies of any of your vehicles to lose this harmony. So it is with Us.

The law of Mercy and Compassion is good beyond man's fondest conceptions. One aspect of that Law is the "veil" drawn between Man's conscious mind and the memories of the experiences (with their attendant bitter thoughts, feelings and actions) of past lives. Remember the Lords of Karma Themselves allowed you new opportunity to live in THIS DAY. "NOW IS THE TIME" ... sayeth the Lord. If you were fettered with the feelings and memories of the countless centuries in which you were embodied, plus the experiences of this earth life, there would be little opportunity for you to learn the lessons that the soul must absorb in this life. Further, those past memories, with their attendant weaknesses and discords, would bitterly affect your association with others.

Individuals (like Lot's wife in the Bible) are intrigued with the idea of "looking backward". The outer personality enjoys the ideas of great glory, power, service and accomplishment in Ages that have passed from the screen of life. In this way, the present personality seeks to glorify the present, sometimes insignificant, ego. The individual forgets that in so throwing the consciousness backward (against the Wisdom of the Karmic Board) he may well enter into the feelings, the thoughts, the actions, and even the physical dis-abilities of those former embodiments. It is not just a matter of observing "a picture or a play" when an individual forces the curtain of Mercy open. It is a matter of entering into and becoming the personality long since discarded and a very dangerous practice indeed. From time to time, the Ascended Masters do reveal certain aspects of past embodiments for two specific reasons only... First, to allow the individual to evaluate his present tendencies, human nature, etc. and to make the corrections in this present life. Second, to allow the individual to see what part his momentum of service through the ages has been so that he may couple that momentum OF GOOD with his present personal service. For any individual, however, to endeavor to project his consciousness backward, unless in the actual Presence of an Ascended Being, is to open the door to heart ache and distress. Be not like the dis-obedient wife of Lot who "turned to a pillar of salt" through curiosity and rebellion against the Lord. Live in the NOW, grateful that what you have done, what you have been in past embodiments is mercifully with-held from your present brain consciousness in order for you to more happily and efficaciously enjoy this present embodiment and so set your worlds into Divine Order.

This does not mean, however, that you cease to call with all the intensity of your beings for the dissolving, transmuting and sublimating of all past errors and mistakes in your entire life stream. The great Angels of Mercy and Purification

will do this for you at your call but you need not experience the suffering of knowing and feeling again the remorse and distress of those past ages.

Live in the Eternal Now! Prepare for the future when you accept your God Perfection! Jesus referred to this aspect of The Law when He said "Let the dead bury the dead! Follow thou Me!". Because of special endeavors to purify the Earth and Its attendant evolutions the following decree is strongly recommended by Me to be said daily for the next twelve months.

Blessings and Love.

MAHA CHOHAN.

Say at least three times - and repeat three times daily.

Suggested decree from June, 1956 Bridge to Freedom:

"Beloved Mighty Presence of God "I AM" in me and Beloved Holy Christ Self! Look down my whole stream of lives! See what yet remains to be balanced by me to any person, place, condition or thing I have ever wronged at any time, in any way, for any reason whatsoever!

Then reach your great loving hands of light into my storehouse of good which I have accumulated through the ages - My Causal Body. Draw forth from there TEN TIMES as much perfection as I have ever done wrong. Fashion from that substance of perfection a gift of love or whatever is necessary to balance every debt I have ever created which still remains unpaid (whether it be to Those Ascended or unascended,

* Also Beloved Mighty Presence of God "I"AM" in me and Beloved Holy Christ Self! FORGIVE (3 times) every person, place, condition or thing which has done me wrong. Balance all debts owed to me by Life everywhere.

I consciously accept this done RIGHT NOW! with full power, eternally sustained and ever expanding. (3times)

* Added at the request of Beloved Maha Chohan.

Dear Friends: We thank and bless you in the Masters' Names for your manifest expressions of help, without which Their magnificent Endeavor could not possibly be carried on. God bless you all.

Beloved Ones Seeking TRUTH:

I greet you in the name of the Universal "I AM" Presence and your own "I AM" Presence, which is the TRUTH of your Being. Accept this TRUTH for yourselves. For ages mankind have accepted, through the power of contagion, limited concepts - until, seeping into the unprotected mind, and energized by unprotected feelings, these concepts manifest in the flesh form and in the world of the individual.

Before one can again accept the TRUTH of his own Divinity, and cast off the self-created fetters of limitation, the activity of purification of the already polluted energies in the vehicles of man must take place. You would be amazed at the tenacity with which the outer consciousness holds on to human concepts. It is for this reason that the activities of purification - magnetized by unascended Beings into the Earth's atmosphere and the inner realms where souls yet unable to accept their individual Divinity - are so necessary in this hour. People like confirmation of their own human concepts in all things.

Every advance in science, education, humanitarianism, research and religion has been opposed by the mass of the people and its proponent ridiculed and despised as a charlatan or fakir. These men and women who have "lived before their time" have brought the vision of things to come. Time has proved them right although confirmation of their presentation of TRUTH seldom comes during the earth life of the Messenger carrying that TRUTH. In the Temple of TRUTH at Crete, those who offer to be such Messengers spend much time looking upon things as they are and not as they seem to be. This is the period of cleansing and preparation for the entrance into the atmosphere of earth and the consciousness of her peoples of TRUTH.

The original founder of every great World Religion brings TRUTH - and with it a certain aspect of religious worship. Then, when the original founder is called Home, the earnest and sincere followers weave into that Divine Concept, all of their own ideas, plans and etheric memories. Thus the TRUTH is distorted and the followers of that religion pursue, sometimes with atrocious acts, the anchoring of these concepts into the consciousness of the rest of the race. St. Paul followed this course as a Zealot, abiding by the letter of the Law. He was blessed by the true conversion, learning that LOVE is the basis of all true religion. Through the balance of his earthly life He endeavored to impress upon all who would listen to Him that DIVINE LOVE is the Essence of TRUTH.

In the Fifth Sphere are Temples dedicated to the development of TRUTH on each of the Seven Rays. The Temple of TRUTH forms the central Temple. Tonight Vesta Herself presides here. Around Her are the Angels of Raphael and Her own Cosmic Court of Angels, Seraphim and Cherubim. Pallas Athene stands at the right. At the left of Pallas Athene stands Hilarion, Chohan of Truth.

The vast amphitheatre builded over Europe, Asia and Africa, has been created by Archangel Raphael, Beloved Mary, Mother of Jesus, the Angels of Ceremonial and Builders of Form. The seats are in a complete circle, rising tier after tier, up to the ten thousand foot level. These seats are of a substance like unto clear jade. Over this amphitheatre the luminous Presence of Archangel Raphael pours forth a delicate green light which is absorbed by the inner bodies of all present.

The Beloved Mary has brought with her all those children who will embody within this year so they may have the added conviction of the power of TRUTH. Lord Michael has brought every lifestream who was released from the Compound, as well as all the loved ones who were freed from the wheel of birth and death by His petition and endeavors - belonging to the student body. He also brought all discarnates removed from the earth, and sleepers who have been awakened.

Beloved Raphael has reserved a portion of this great amphitheatre so that all the present souls in the sleepers' realm can be carried by the Angels of Ministration into this radiation. Thus their quiescent souls will be bathed with the power of the Consecration Flame.

Each Chohan has reserved a section for His own groups of individuals .
The Beloved Vesta will address this great audience at the termination of the breathing exercises (15 minutes). Then Pallas Athene will make Her address, followed by an address by Hilarion Himself.

The Cosmic Beings, Ascended Masters, Archangels and other Celestial Beings Who are not specifically engaged in collecting and protecting groups of individuals, form the head of the procession entering into the Temple of TRUTH. First walks the Elohim of Purity with Beloved Astrea. Saint Germain and Portia follow, As the processional begins, the great choir of Seraphim, Cherubim and Angels sing the anthems, which are truly the music of the Spheres. After the entrance of the Divine Beings, who take their places closest to the altar, the chelas fill in the back of the Temple Halls. As Vesta, Pallas Athene and Hilarion are already in position (as described above), all is in readiness for the expansion of the Flame of TRUTH.

Vesta lowers her wand into the beautiful Chinese Green Flame. At the same moment Pallas Athene and Hilarion turn and face the Flame and add to it the strength of their cosmic momentum. The attendance at the Temple breathe into it Their power of Light and TRUTH and it expands upward into the amphitheatre where it is anchored into the bodies of the race, the imprisoned angels and elemental life as well.

Then, at the conscious direction of Lord Raphael this Cosmic outpouring of TRUTH is sent north, east, south and west until the entire planet is covered up to the ten thousand foot level with the pressure of TRUTH - Divine Love - Practical Works in God's most holy name!

As the breathing begins in the Sanctuaries, this activity will have taken place, and along the track created by the directed thoughts, feelings and breath of the student body, a Great Angel from the Temple of TRUTH will fly, carrying a concentrate of that Essence which will embody the atmosphere of the Sanctuary, or home where the Class is being observed, as well as being anchored into the emotional, mental, etheric and physical bodies of all mankind for this entire thirty-day period particularly.

Let me ask you - as a personal favor - DO NOT BE AFRAID OF TRUTH. SHE is lovely - embodying only God's Will, which is goodness of every description. This She wants to give <u>you</u>. The capacity to see, feel and be your own Christ Self in action. To walk and talk with the Masters. To make of this earth a Heaven instead of a hell. Accept Her, in My Name! I love Her and I love you!

Thank you and Good Night.

Love and Blessings

Blessed Children of Earth seeking Wisdom:

To you I come, because Wisdom, when attained is LOVE. The secret of Be-ing, the apex towards which all roads lead; the final illumination; the awakened consciousness is - LOVE.

LOVE is a principle - a consciously maintained attitude of radiation. The children of LOVE are Peace, Contentment, Happiness, Beauty, Well-Being and Opulence. Light is the aura of LOVE. The evolving Flames of the All-Pervading, Universal One must sooner or later, according to their individual ability, come to the conscious understanding that LOVE is the Ultimate.

Patience is LOVE. Im-Patience is fear. When one loves there is no fear, and the pulsations that go forth from that one contain no repellent vibratory action, but makes the loving heart a magnet for all good. The loving heart makes a shining body. Any quality in the emotions that is less than LOVE is opposing the natural activity of the Flame. When the individual allows the Flame of LOVE to expand through him, it is really God loving His Universe into perfection.

To define LOVE is impossible because the outer mind cannot comprehend it; but to seek LOVE from God's Heart is to find the greatest ease and security in the Universe. Man has become many entities, separate and apart, and until he loves himself back into the indivisible whole he shall not know happiness. Were a man to plunge into the heart of his own God Self and send forth the peaceful radiation of impersonal LOVE, though he never moved from the place of meditation, all the good in the Universe would be deposited at his door - for this is the Law.

LOVE is not emotional. It has no selfishness within it. It asks for no return of its outpouring, because no human being can generate LOVE. LOVE is given of God by God through man. It cannot be bought nor sold nor bartered. He who would be a funnel for LOVE must ask the God of the Universe to allow him to unite with the Infinite and Melting Consciousness of the One into nothingness. Such an one becomes a Lord of Love.

LOVE alone is the reason for man's Be-ing. God individualized Himself that there might be more foci through which the LOVE principle might flow, and until each God-center becomes the fullness of LOVE there will be no peace, no security and no abiding contentment. God - LOVE holds every being, every star, every planet, every soul and all of Nature in the scope of His Kingdom within Himself. LOVE is fully acquainted with and one with every part of Life and intelligence in this Universe and there is no one shut out from this all-encompassing Consciousness.

Those individuals who have entered the realms of nature, like Saint Francis, are able, by radiating LOVE, to feel the beat of the heart of the four-footed creatures and the birds of the air, and to feel the struggle and the pain. In like manner beings like Dr. Carver, Booker T. Washington and Luther Burbank become one with nature. The Master Jesus and Lord Buddha through radiating LOVE

became one with men. This understanding of all of Life through LOVE is not identification with misery, but it is the capacity to feel <u>that</u> within any part of Life which causes certain action, and, understanding the <u>cause</u>, then they can heal.

It cannot be stressed too powerfully this contemplation on LOVE and the indescribable tenderness of God that throws out the wings of consciousness and gathers in the component parts of Life, bathes them in the Life of the Spirit, and like a mother bird with its eggs, evolves a new life by the very warmth of its presence.

To you, Blessed Children, who stand at the threshold of a new state of consciousness, I offer the Flame of Patience from My Heart, for when you have become the patient, tolerant man, you will be the Lord of Love.

Blessings and Love

MAHA CHOHAN

Friends of Light, for your encouragement and support we ask the outpouring of LOVE upon your pathway, and thus will this service continue to grow.

Blessed Seekers after Peace:

As has often been said - Mastery is the ability to control a situation without words and without any apparent outer action. A Master can hold the Peace within a room or a nation, by the mere exhalation of Cosmic Peace drawn and focused through His own heart. The difficult thing for western students to learn is to leave off "wordiness", that in the silence of their tongues, they may hear their hearts speak and the souls of other men who perhaps have much to give. It seems so frequently at a meeting of western students that each one is waiting with baited breath for a pause in the conversation that he may jump in with his concepts and ideas. Thus each man is so enamored of the little knowledge or stories he projects into each conversation, that he hears not anything but the things in his own world, and these are sometimes worn thin from his own repeating.

Beloved ones, in the Silence the power is generated, and in the Silence is the lesson learned from the heart of Truth. That is why in the Eastern Retreats chelas are bound by pledges of absolute silence. Thus their lower selves are stopped from constant chatter until the Great Self is heard within them, and then no longer do they wish to express the idle nothings of the lesser selves. Silence is the Way of Peace. In the Silence one cannot incite another to anger nor draw down unnecessary impediments to his own progress. In the Silence one does not set up the causes that reverberate as destructive effects farther on upon the road. The Breath of God is too pregnant with Power to be used so lightly. Much outer turmoil would be avoided if the Breath were conserved within the body until it could be sent forth to accomplish a good purpos

For an individual who chooses to enter the Great, Great Silence, I would suggest a simple formula by which he may be a silent mentor over his own lifestream-

Let him think of the Great Silence as his Kingdom of Heaven, the habitation of the Gods and the Angels, the highest expression of Beauty, Culture, Love and Light that his mind and heart can conceive.

Let him think that to dwell in such a realm he must so fit himself that he will not desecrate the Silence by any vibratory action that would be unbefitting such a glorious Kingdom.

Let his words be always carefully chosen so that they deserve entrance to such a Kingdom.

Let him learn that his every action will create a vibration affecting the entire Kingdom. That his every thought and feeling are, in like manner, either adding to its Beauty or destroying its Harmony.

It will be seen then that if he lives every minute embued with the consciousness that only harmonious radiation is the entrance to that Kingdom he will eventually attain the point where his own vibratory action will fit him to dwell with all Life that has already learned, and become, the Law of Love.

It is important to remember that mental vibrations cannot govern the vibratory action of the inner bodies eternally. Human will may silence the tongue, but not the rebellious feelings of the inner man, but by the Grace of God and the Light of God changing the inner bodies, the outer man will of necessity express that Harmony. Thus will the outer man reach a point where his ears will be deafened to the babelous tumul and his heart filled with the Voice of God and Its Holy Wisdom.

And, so, Blessed Friends, for an hour, for a day, a week, a month, a year practic generating the Ascended Masters' feeling of Peace and Power in Silence and Love.

MAHA CHOHAN.

Your encouragement, and kindness and support in carrying on this Service is most humbly appreciated, dear friends.

Beloved Friends on Earth:

In the early Biblical days men and women lived from seven hundred to a thousand years in one body. Some of you, dear ones, achieved this yourselves on many occasions. The people of that age were trained to look constantly to God, the Flame of All Life, in the heart. Thus, when looking with heart and mind and spirit they opened the door to the re-charging from the Heart of The "I AM" Presence. As the Light poured through the bodies the vibratory action was kept at a fast enough rate to naturally repel the disintegrating vibratory actions of the earth plane. Such individuals were immune to the diseases and appearances, and they remained in a state of acceleration and exhiliration until they chose to withdraw consciously from the bodies and allow the substance of those bodies to return to the Universal for purification.

Now, dear ones, you have become well acquainted with the physical body, but the unseen bodies are sometimes a little vague to your consciousness. They are just as real as your physical body; but because they vibrate at a more rapid rate they remain unseen by the physical sight. Your Mental Body, your Emotional and your Etheric Bodies must be remembered as much as your Physical body in order to completely balance your lifestream.

When the battery in your car runs down it is attached to an equipment provided to recharge it. The energy charged into the battery enables the motor to run and the car to fulfill its efficient place in the scheme of living. The battery of your Physical, Mental, Emotional and Etheric Bodies is likewise depleted by constant usage in the world, and as the battery runs down, the vibratory action of your bodies becomes slower and slower - just as the revolution of the motor within the car. When your bodies come to this state of slowed down action (which usually occurs from the early sixties onward), you immediately become a prey to the unseen vibrations that move at a similary slow rate through the physical plane. These vibrations are sickness in its various forms, and ultimately sets in, unless remedied, the condition of disintegration. People say "the resistance is gone", which is true, because the amount of Light allotted to the four bodies for that embodiment has been spent through excesses of emotional, mental, etheric and physical nature.

So, I say to you Blessed Ones, as in Biblical Times when the bodies were recharged and re-energized, again today, in gentle perseverence of the use of the use of the Flame within the Heart can you renew and revivify your vehicles and thus raise their vibratory action.

You have My assurance that I will be with you, raising, sustaining, renewing My Life in you, each one, for you are, My right hand in the world today. May I repeat, Dear Ones, it is best that this be done in quietude, assuming a comfortable position, untiring to the physical body.

To help you realize what I might say is the simplicity of the action in revivifying your bodies, I will repeat your physical body has tens of thousands of pores which are little actagon shaped openings through which the body draws in the nourishing substance of the sun, the air and the water, and through which it exudes the poisons of the system. An enlarged portion of the flesh body, greatly magnified, would show these pores to be "little doors" and could naturally illumine the intellectual consciousness through the fact that the physical body is porous and not a solid mass. Here it will be seen that excessively restricting clothing is not a benefit to the physical body.

The God-Flame always responds to the call of Life. It is the Law. Thus, as

soon as the call is made does the Flame charge through the physical and inner bodies, dissolving all poisonous substance and human accumulation and fear, leaving in their stead an added accumulation of Light and Love and revivifying action.

Those of you who have seen a honeycomb inside the beehive will remember that many times a comb will be filled with a certain amount of solid wax and that other portions of the comb will be empty. Well, that is the appearance of the substance that has clogged the pores of mankind's bodies, and as the Flame's radiation passes through, it dislodges and dissolves this impure substance and increases the pressure of Light, according to the capacity of the individual to receive Its full energy. So, dear ones, when sufficient accumulation has been dissolved you will feel an acceleration of the Light through the heart, the throat and the head and hands particularly, and a general feeling of well being in the inner nature.

So, Beloved, you and I together, in gentle relaxation but withal eternal vigilance will bring forth renewal of youth and strength and beauty of mind and body by the conscious power of the Ever-Present Flame of Life.

My Love and My Life enfold you, each one.

MAHA CHOHAN.

Vol. 5 No. 30.

Blessed Children on the Path:

The chelas who have found the Path are those who have elected within themselves to leave the slow evolution of the masses and strike up across the face of the mountain in their search for Truth. For a period they seem to travel alone and often regret the hardihood that prompted their separation from the seeming safety and irresponsible company of the throngs. But sooner or later they encounter wayfarers inspired by the same urge, and for safety the pilgrims form themselves into groups, eventually joining other caravans intent on the same upward journey.

The Path to Mastery is steep. The magic part of this Path is that each one ascends in consciousness first and then the magnetic pull of the awakened consciousness raises the physical vehicle. You might liken it to mountain climbers who proceed with the aid of a guide. The guide goes first, then reaches back from his firmly established standpoint and raises the flesh body of the aspirant. Thus, dear ones, your consciousness proceeds before you and, by the law of magnetic attraction, draws the flesh body to the greater heights. That is why the expansion of consciousness is the first concern of each wayfarer. Oftentimes it is a superhuman effort to draw the flesh body to the greater heights - with the constant pull and clamor of outer living that take the attention.

It may comfort you to know, beloved children, that the travelers on the Path are never entirely alone. Countless Angels hover ceaselessly about them, removing many obstacles which would prove almost impassable to tired feet; giving courage and inspiration at critical moments when faced with sudden crises. The higher the wayfarer goes on the climb, the rarer grows the atmosphere, and the Mount of Attainment is no exception to this rule. For this reason you have been given the knowledge of the Fires of Purification, the use of which renders the inner bodies lighter and removes much of the karma. You also have the added advantage of the protection, care and instruction of Those Who have long since reached the summit and are now engaging Their energies in helping Their "younger brothers" attain the longed for goal.

As the Presence of The Master is only able to reach the lifestream through the medium of silent prompting within the feeling nature, or in brilliant flashes of illumination through the medium of the Higher Mental Body, it is imperative that the chela cultivate silence in the outer nature to permit these promptings to record with sufficient intensity the guiding activity of the daily living. Beloved ones, practice the habit of listening to the Voice within, instead of the clamorous outer chaos. The voice of the Presence has few enough facets through which to guide and protect the destiny of the many in the future, and the momentum of balance must be gained ahead by the chosen shepherds for these hours and days.

I might repeat, dear ones, the pathway leading to mastery is the Path of Surrender; yes, of all things, and persons, that might be obstacles in this Attainment. The chela, in peace and gentleness and one-pointedness must step upon the Path alone. As Jesus intimated the people of the Kingdom of Heaven are our friends - All others are but phantoms that engage our attention and keep us from going thru the Gateway to the Kingdom.

Beloved children, let me assure you that this seemingly steep and narrow pathway leads to ultimate freedom, leads to peace, contentment and service unto all. Few there are of outer thought and emotion who find it.

My love and gratitude, dear fellow travelers on this sacred Path, enfold you each moment of its way.

MAHA CHOHAN.

Dear friends, the Masters are allowed to give the instruction, but it is the responsibility of the students to give of the substance of their worlds to spread that instruction in the physical appearance world. The preparation and dissemination of this instruction depends upon your loving cooperation and financial support. For this, in the Masters' name, we thank you sincerely.

VOL. 5. NO. 31.

Beloved Friends:

It is My pleasure to present My beloved Son Morya in His Own verbal description of the opening of the Temple of God's Will at Darjeeling, India.

Love and Blessings,

MAHA CHOHAN.

I greet you, beloved ones, in the Name of the Will of God which is goodness of every description (even surpassing the present understanding of the human mind). Did not God create you and your fellowman in His Own Image and Likeness, confer upon you the powers of creative activity (thought, feeling, spoken word and action)? Did not this same God of Kindness give to you ALL the life you should choose to invoke and use for whatever purpose your individual Intelligence should elect? Did not this God withhold His very counsel, allowing you to play with life, thus learning the law of Cause and Effect?

Mankind, for the most part, have confused the Will of God with their own returning destructive karma, bending their heads to the blows of "fate" and attributing such "blows" as the Will of God! PREPOSTEROUS!

The Will of God is to see all His Children re-established in their God Mastery of energy, vibration and constructive control of the powers of precipitation! To this end the Karmic Board sometimes allows (not sentences) an individual to a strenuous life in order that such an individual, who applies for the opportunity to redeem his energies, to experience those particular facets of human distress and thus learn consciously not to create any more such causes that (as the ebb and flow of the tides is inexorable) must of necessity return to their creator. Then We have the experience of a so-called Trying Life and the individual, in self righteous submission, often misuses the phrase "whom the Lord loveth, He Chasteneth."

The Will of God is to awaken the soul sleeping among the tides of the masses and constantly played upon by the ~~effulvia~~ effluvia of the dis-embodied, to a realization that the Divine Heritage for every man is to arise ABOVE the capacity to create Causes of discord and to USE THE SACRED FIRE OF PURIFICATION AND MERCY (the Violet Flame) to dissolve not only the effects but the inner and more subtle causes of distress.

"IT IS THE FATHER'S GOOD PLEASURE TO GIVE YOU EVERY BLESSING OF HIS KINGDOM" and more besides - to give to you the blessing of becoming conscious co-creators of the Kingdom of Heaven on Earth. It is the Will of God to raise all belonging to this evolution and those imprisoned in this evolution from other planets and systems to Gods and Goddesses once again! It is the Will of God that the natural powers of precipitation, levitation, etherealization, invocation, etc. be used by ALL His children. The manifold blessings that will fill not only the personal world of such an one who will accept the Divine Heritage but also the entire human world will help in this restoration.

Because certain among God's children have voluntarily chosen to experiment with their powers of creation and thus evolve limitations which press back upon them by the natural law of the circle, it is no reason for them or others to call this reaping of a bitter harvest the Will of God.

Because certain among God's children have voluntarily offered to accept the responsibility of dissolving their own entire destructively qualified karma in one

embodiment, thus qualifying for the Ascension, or to accept the greater responsibility of racial. religious, national or planetary karma as "their gift to life" is NO REASON TO CALL IT GOD'S WILL nor to feel resentful, bitter nor distressed at the temporary discomfort.

The WILL OF GOD IS GOOD! THE WILL OF GOD IS OPULENCE! THE WILL OF GOD IS PERFECT HEALTH IN BODIES THAT DO NOT SHOW THE MARKS OF DECADENCE, DECAY AND FINALLY SUCCUMB TO SO-CALLED DEATH! WITNESS THE LIFE ON OTHER PLANETS FOR THE TRUTH OF MY WORDS. It is not the intent of Those of Us Who have the beautiful opportunity of expressing God's Will to stand idly by and allow mankind to blame their own misuse of life, with its ultimate recoil (unless transmuted) upon a Good God.

It is Our Divine Purpose, having forsworn Nirvana, to actively and positively project the remembrance of the Divine Concept for every lifestream into the outer consciousness. To this end, We use the spoken and written word, the picture, the example. Many are Our chelas (some unconscious entirely of Our Presence and direction) who help Us in this service.

Darjeeling is ideally situated for the study of the astronomical bodies and their effect upon the Earth. In the foot hills of the Himalayas, far enough from the "beaten track" to discourage all but the hardiest of "tourists", the very atmosphere is unpolluted with the average thoughts and feelings which follow an accepted though often erroneous pattern.

For over 1000 years, this focus at Darjeeling has stood, although the present buildings are of a later architecture. Because of My interest in Interstellar Space (dating from the time of Babylon) Our Lord Maha Chohan suggested that this focus be established here, in the beautiful upper atmosphere, where the cool and inspiring radiation of the Himalayas could stimulate the spiritual senses and wisdom of the Brothers and Sisters of God's Will. This, of course, was done!

As you will remember one of the towers of the Retreat which is presently used by My humble Self is dedicated to such a study of the stars, planets and their effect upon the Earth. Here are priceless charts which one day will be released for the illumination of the peoples of Earth as well as for their protection in their forward progress through the Cosmos.

Within the central Hall of Our Retreat, I have endeavored to duplicate the beautiful spiritual vision of My Brother, Kuthumi, the Taj Mahal.

As you have been told, My private drawing room opens off this hall, and here you are invited often to visit with Me, reminiscing over past sweet associations as well as present accomplishments.

The Council Chamber, where The Spiritual Hierarchy gather to offer Their full, gathered, cosmic momentum of good to forward an interest, knowledge and participation in doing God's Will on Earth has been especially prepared for Our honored Guests.

It is Our deep and sincere prayer that, during the thirty days when Our Retreat is open, there may be some LIGHT which enters the outer consciousness and minds of the people as to just what is God's Will for them. Angels of Lord Michael's Court will dispel the fear of God, the Karmic Board, Eternal Judgment and damnation, as well as acceptance of every type of calamity as the Hand of God! When man realizes that <u>he</u> (not God) is the creator of his own miseries, We shall move forward toward the establishment of Freedom's Star!

EL MORYA.

Will be completed next week.

Your kindness, support and encouragement in carrying on this Service is most humbly appreciated, dear friends.

Dear Seekers after Truth:

It is My pleasure to present to you the balance of My Beloved Son El Morya's address given on Transmission Flame evening. I Am grateful you are sincerely seeking truth rather than confirmation of your own concepts. You have no idea how much that sincere, withal sometimes uncomfortable, seeking will bring to you in the clarification of your four lower bodies and the raising of their vibratory action to the natural estate of God Harmony, God Comfort and God Supply.

Love and Blessings, MAHA CHOHAN.

Beloved Friends: The Crystal and Sapphire Blue Altar is presently (tonight) surrounded with delicate crystal vases in which beautiful and lush blue violets of which I am so fond pour forth their radiance and beauty. Since October 15th. the flowers in these vases has been changed nightly by various Members of The Brotherhood - Angelic and Ascended (and some few unascended chelas) in homage to the Will of God.

As in all present transmission flame classes, the comparatively small council chambers of the Retreats are not sufficient to accommodate the great numbers who attend in their finer bodies (either as they sleep or during the period of so-called death). I would like to point out to you the diamond chandeliers, both in the council chamber, the entrance hall and drawing room. These are made of pure white diamonds in the center of which is a delicate flicker of electric blue. Thus they illumine without the necessity of what you call "electricity".

The Beloved Hercules has created the amphitheatre above Asia and His Royal Blue Cloak covers the entire periphery of this ampitheatre. The Great Archangel Michael stands in the exact center of this ampitheatre where the four descending rows of seats meet. Thus His Faith and Herculean Endurance will assist all those who attend this conclave and want to do God's Will (but have neither the strength - spiritual, moral, mental, emotional or physical) nor the Faith to see them through whatever those experiences which they have voluntarily chosen may be.

The crystal and blue Flame from the Altar in the Flame Room will begin its expansion, at the moment that the presiding Master directs all gathered in the council chamber to direct to that Flame the full gathered momentum of Their breath. As both Sanat Kumara (Regent) and Lord Guatama (present Lord of the World) have offered to be Our Guests, We have provided for Them places of Honor at either side of the Flame. They, Who have vowed to set the Earth and Its evolutions free, are naturally interested in having the precepts of God's Divine Will charged into the souls and outer minds of the peoples of the Earth and all who will embody here in the future.

Again, there is a section provided for the Sleepers so they may be stirred and awakened to do God's Will. They are carried in on lovely litters and FEEL the pressure of that desire to do! There is a special section provided for those released from the Compound because in their emotional, mental and etheric bodies is such a reluctance to accept as logical anything but their own will. There is also a section provided for the disembodied (who come from the various spheres into which their consciousness has taken them) and they, too, shall have a concentrated pressure of God's Will. The unascended chelas are invited into the Council Chamber itself with the Angelic Host, Cosmic Beings and Ascended Masters. Therefore, do not be surprised if you are filled with energy and enthusiasm to "get things done" for spiritual strength is far more contagious than human distress.

Beloved Mother Mary, Kwan Yin, Nada and Meta are bringing all children to be born in this coming year.

Aside from these special sections, presided over, of course, by glorious Angels wearing Blue Robes, there are the seven usual sections which are occupied by any and all who really (in motive) desire to do God's Will in their chosen profession.

Tonight all wear various shades of blue and crystallineI have chosen for Myself garments of crystaline substance, made in the usual Hindu style and wear a bunch of the lovely blue violets of the same species at My waist which adorn the Altar. Most of the Spiritual Hierarchy is kindly and courteously wearing blue, with the exception, of course, of the new Lord of the World Who wears His usual Saffron Robes (no head adornment nor jewelry) and Sanat Kumara Who wears the Royal Purple, with the overcape, the heavy chain of a substance like unto gold around His neck and the six pointed star blazing upon His bosom.

Now, as the breathing will begin, I shall take My place among the assembly, facing the Altar, so Sanat Kumara and Lord Guatama may have the strength and assistance of My breath also. Remember the door of My humble quarters at Darjeeling is never locked and My drawing room is always open. You will find some interesting volumes upon the shelves of the book-cases, some lovely musical pieces within the rosewood box that stands near the piano which you are invited to use and - for those of you who are not developed in talents of this sort - there is a musical-record machine, at the base of which you will find selections to your liking. If you wish refreshments, just pull the tasselled cord that hangs by the drapery and a respectful servant will assist you. If you want counsel (which is less likely) for most men like to be a "law unto themselves", either Myself or One of the Brothers is available.

Yours to do God's Will in joy and to become the manifest expression of God's Will (as Jesus did) in fact!

EL MORYA.

Dear friends accept our grateful thanks for your lovely letters and equally sustaining support, without which the Masters' work could not be maintained. God bless you all.

THOMAS PRINTZ' PRIVATE BULLETIN.

November 11th. 1956. A BRIDGE TO FREEDOM PUBLICATION.

VOL. 5. NO. 33.

Beloved Children: I bring you greetings for this great Holy Day which has been given the beautiful name of "Thanksgiving" - the giving of thanks. With the Great Helios and Vesta I represent one of the Hierarchy who are the recipients of the gratitude from all life for Our outpouring through Nature and the avenues that supply the energy to the people of Earth. This has been My great privilege for centuries.

At inner levels the Thanksgiving ceremony is celebrated by every Angel, Master and Nature Sprite, and mankind is the beneficiary, for gratitude, or the pouring forth of Thanksgiving is one of the most glorious, uplifting and expanding expressions of Life. It gives not only ease of mind and body and spirit, but it springs up in a limitless profusion of gifts wherever the attention directs its currents.

The giving of thanks is one of the most contageous expressions of spirit and unifying activities of God. It is an instantaneous tranmutation of hard or discordant feelings and it is a cosmic magnetic power that draws all good towards the generator of genuine Thanksgiving. So, dear ones, hesitate not to let your hearts sing Thanks for the blessed air you breathe, the water which cleanses, the humble earth upon which you set your feet, yea, even for the hard cement of the city streets which support the weight of so many uncomplainingly. If for, say, three minutes daily, in this busy outer world, you will address your gratitude towards All Life everywhere, manifest and unmanifest and to the heart center of all created Beings you will open channels through which returning currents of blessings will flow into your life - for such is the Law. Habitual expressed gratitude for the service of the elements in the body to his person will keep the individual free of illness of body. Gratitude for the God-Intelligence and Substance of Feeling loaned to him by the Cosmic Creator will keep the individual free of illness of mind or of upset emotions. Ingratitude of the masses has brought about all conditions of distress and is a grave insult to Life which is constantly pouring Its Gifts to man far beyond his merits.

Blessed Friends, I say to you that many of you were embodied among those early pilgrims on the rugged Massachusetts shore; your inner selves can remember well the hardships of that new land. When the early forefathers first acknowledged Thanksgiving they had merely tuned into this Cosmic Day, for as you have been told, the Feast of Thanksgiving is a Cosmic Activity, and so you, dear ones, helped inaugurate this Feast in America.

When a group of students is fortunate enough to secure the direct guidance of an Ascended Being, they become part of His Consciousness, and, in reality, a living part of His Very Being - even as a child has a separate individuality but remains through life a part of the parents from whence it sprang. The student thus adds all the strength and good of his Causal reserve to the Master's Great Consciousness and widens the Master's field of service, by providing another complete set of vehicles through which the Master may work. And in turn the student receives of the great store of the Masters's gifts and Light. So, My dear children, atthis Thanksgiving Season I render to you My sincere gratitude for giving me your attention and for permitting Me to serve you. All My Blessings and Love be ever with you.

LOVE AND BLESSINGS MAHA CHOHAN.

At this time of Thanksgiving, We wish to thank the Glorious, Infinite "I AM" Presence and the Lord Maha Chohan, Whose Holy Spirit is offered us so freely for opportunity to assist in bringing His Words and His Confort to those who desire to accept them. We want to thank the sincere, earnest bulletin staff for their services. We also thank you, all the Gentle Readers, for your love, patience, kindness and generosity which have helped us to maintain this service, in God's Most Holy Name. God bless you all and may the "fruits" of your harvest yield to you the fullness of all the good seeds you have sown, not only in this embodiment, but back to the begining of your Individualization. A Holy and Sacred Thanksgiving and Christmas Season to you all.

VOL. 5. NO. 34.

Blessed Ones Desiring to Comfort Humanity:

I thank you for your willingness to let go of old concepts and desires folded away in the etheric garment for centuries in order that you can better serve in God's Plan, free from spiritual arrogance and intellectual pride, and so I humbly refer you to a description of the Beloved Planet Uranus.

MAHA CHOHAN.

URANUS.

Dear Ones - For a group to bring through from the higher realms those Truths which will be of benefit to the great minds that are to come in the future it (the group) can not work with the accumulations of the past, so I am grateful for your humility in choosing to draw forth Truth, even if it be discomforting to the outer consciousness.

Looking upon the planet Earth with inner sight great tides can be seen of what we call psychic or astral matter. These are born in the mental and feeling worlds of the people on earth. These tides are definite strata, and as everything works on vibration - water seeking its own level for instance - so do vibrations of a similar nature seek their level. Every vibration of hate, jealousy, obscene thought or feeling becomes a channel into that river of like vibration. These vibrations cause a rent in the tube of Light and again connects the lifestream with the mass tide. I say to you, neglect not to clothe yourselves in your Tube of Light!

Today on earth you have a double activity. You have the inward or sideways motion of your planet, toward your physical Sun, and then at a cosmic moment you have the upward moving activity of your entire planetary system toward the Central Sun of the entire system. You have your Earth, which is number four, Uranus, which is number three; then you have Aquaria, which is number two, and Mercury which is number one, these planets all belonging to Helios and Vesta. The Earth will move into the orbit of Uranus, Uranus into the orbit of Aquaria; Aquaria into the orbit of Mercury, then Mercury will move into the heart of Helios and Vesta.

Now with the fourth planet of this system moving into the third place, Uranus, this gives you some understanding of the Uranian planet. The peoples on this very large planet of Uranus have developed beyond disease, death or decay. They are seven to eight feet tall, golden-haired, and are particularly concerned with the New Age. The present enthusiasm for uranium on earth is no accident. Some individuals from there having come to help in the transition. The radiation and outpouring of Their presence have created uranium deposits - a gift of this great planet to Earth. We sometimes smile at the tremendous "search for uranium" today. It is a gift because of some individual who magnetized and drew the very substance of the Uranium continent into the Earthplane. This is not cosmically important, it is mentioned because of what interest it may be to some of you.

Now the Uranus planet is going to enter into the orbit of Aquaria. You have heard much about the Aquarian Age. This is because Uranus will enter into the Aquarian orbit; then the Earth, entering the Uranium orbit, will be ready on the next wave to step into the Aquarian orbit. These facts have come through from various individuals because you have people here from Uranus, from Aquaria, and from Mercury at the present time. Each brings some memory of their planet and their evolution.

The present Solar System as studied by astronomers is not accurate because of the fact that a galaxy moves in a spiral activity, you see, and it is in constant motion. They spot stars but do not get the properly timed prospectus. They pick up

stars which are in different systems belonging to one galaxy. The changing of the outer records of astronomy will come through perhaps but not in your day but at least some of it will be recorded in your day and you can have this for your own private use, then when the wisdom of the great Law sees fit perhaps part of it can be given forth publicly.

On Uranus the center of the entire planetary scheme is built around the Spiritual Priesthood. The people are trained from childhood in the rites of invocation and radiation; in the powers of levitation, precipitation and etheralization. The Ascended Masters and Cosmic Beings walk and talk with them as you walk and talk with each other. There is no veil, no maya, no human creation around the planet Uranus. It is marvelous to see what an evolution can accomplish when there are not those tides of which I spoke before to hinder the expansion of the Immortal Flame within the heart and the Divine Pattern externalized through that Flame.

Their buildings are colossal. Having powers of levitation there is no need for mechanical machinery. Everything is done by mind force; the coloring is done by feeling. Their atmosphere is perfect. The moisture does not come in rainfall, but by a coarse substance that comes through what is similar to your earth. The very earth body itself of Uranus is a beautiful green instead of brown. The moisture comes through this porous substance, fills their lakes and rivers and cisterns, and fills the atmosphere with the necessary moisture.

Let us say that a citizen decides to create a temple or a lovely home. He takes mindforce; directs his attention to the God-self or perhaps to some Master, who is developed in the art of architecture - (like Serapis Bey is in regard to the Earth). Then through mindforce he cuts his design and builds. Buildings are mostly open to the sky; some have canopies for beauty's sake but not for protection from the elements, because there is no need for it. When you come to the great Temple work the Priesthood alone works on that. The Priesthood draws from the Universal First Cause the design and pattern. When these patterns have been received by the Priesthood they are then imparted to the Ones that will participate in the building, in the same manner as Sanat Kumara imparts the thought-form of the year to the great Heirarchy. Then the Temples are builded... The water is aquamarine; the landed surface green: the verdure and growth variegated in color.

In the establishment of a contact between Uranus and the Earth the important thing to realize is that the Earth's next step will be to enter into the socket of Uranus on a sidewise motion; then when the upward motion takes place the Earth will move upward into the place in the planetary system above, now occupied by Venus. So at the present time you have people from Venus and Uranus here. This, dear ones, maybe a little complicated for some of you to understand at this time and your patience is appreciated but it might give you a small glimpse of Our endeavors.

My love enfolds you, each one.

Blessings and Love,

MAHA CHOHAN.

To you, good friends, for your financial support and encouragement in the detailed but necessary physical work of getting these Bulletins into your hands, we thank you.

Beloved Children:

I would like to share with you the glorious expression of Kuthumi's description of the great joyous happiness experienced at the Spiritual Home of the Great White Brotherhood for this planet Earth: SHAMBALLA!

Love and Blessings

MAHA CHOHAN.

Beloved Friends: SHAMBALLA! Its very name stirs the light in the hearts of the mystic. It brings back memories of sweet association, of communion with the Sainted Ones, of the conferring of new authorities and powers to be used on behalf of mankind and of the joy of bringing in the harvest of each year.

What is that harvest? It is merely the effect of the right use of energy within the past twelve months which has benefited in some manner the evolution of the sweet Earth and Its attendant evolutions. That harvest is, furthermore, the manifest expression in practical works of the Law of the Circle "as a man sows, so shall he reap". No Cosmic Being, Ascended Master, chela or elemental can escape this Law which causes the energy released by and through him to have an effect and then return as added power, understanding, light and wisdom in the Causal Body of the one who has used free will in drawing life, qualifying it, and using it for either the blessing or the distress of himself and the evolutions which he has vowed to serve. (Of course, in the case of God-Free Beings, They have learned not to "play with life" and the effect is ALWAYS GOOD)!

SHAMBALLA! Symbol of the Great Sacrifice of a beautiful God Being, Sanat Kumara, who together with His Court felt the Earth and Its evolutions should have the right to remain a part of our small solar system. SHAMBALLA! Created through the long centuries for the coming of Sanat Kumara so that His Light and Love might sustain the Earth and Its evolutions until THAT DAY when mankind, stirring in their soul sleep, should want to learn to become that LIGHT AND LOVE, radiating It forth into the Universe themselves.

SHAMBALLA! Where first the sacred Presence of Sanat Kumara stood and, finally, working only with energy (life) qualified with love, drew to Himself the Lord Buddha, the Lord Maitreya and Others Who were willing to help Him in this task of redemption of the souls of men! SHAMBALLA! The Home of the mystic Great White Brotherhood, where all gather before the Christmas Season to be blessed by the Lord's Great Presence

This year, as in previous years, the Harvest of elementals - who have so obediently and lavishly provided the glory of flower and bush and the gentle shade of the tree as well as the abundant harvest which has been the sustenance of the bodies of the people is great. The purification and blessing of this Kingdom by unascended beings make them even the more eager to help mankind attain its rightful estate!

The Harvest of the Angelic Host is also greater than in previous years, because the hearts, minds, souls and outer consciousness of more and more people are becoming aware of the REALITY of the Angelic Kingdom and welcoming Them as co-workers in God's Kingdom! This has provided the Open Door through which the Angels have been able to release (without losing the precious essence of Their Virtue) more and more of the FEELINGS of the Godhead into the lower bodies of mankind.

The Harvest of mankind is also greater than in previous years because, even though it seems slow to the outer sense consciousness, more and more of the embodied members of the race are aware of the Divine Plan and offering voluntarily their energies to assist in lowering the vibratory action of that Divine Plan so that it may be of practical assistance to the entire race!

The Harvest of the Great White Brotherhood is greater because They have found

co-workers among unascended beings and, through them, have been enabled to direct Their conscious patterns and plans for the benefit of the race!

On this Transmission evening, the White Island, is still! The visitors (Divine and human) have gathered together on the other side of the marble Bridge so that they may form a glorious processional - the Elohim leading, the Archangels and Archaii following, the Cosmic Beings and Ascended Masters behind Them, and then the earnest chelas and representatives of the Elemental Kingdom. All will proceed over the Bridge in order of Spiritual Rank (consciousness). The great hosannas will be sung. The Temple of the Lord of the World, shining with celestial Light increases in radiance as the Worshippers approach it!

Of course, since the Ascent of the New Lord of the World into His August Estate, He should be the officiating Master awaiting the entrance of the Divine Guests but He has prevailed upon Sanat Kumara to do this honor. Sanat Kumara - Ancient of Days - in His glorious Purple Robes - standing just above the Three-Fold Flame upon the Altar is not always visible to the unascended who find their way thither but His Presence is acknowledged by the God-Free whose sight is not dimmed by any veil of human consciousness. From the Star Venus a great pathway of Light descends, directed by the beloved being Venus and anchored in, through and around the entire White Island.

The new Lord of the World (Guatama) has chosen to sit (in oriental fashion) beneath the Immortal Three-Fold Flame with His hands outstreached to receive the harvest of each lifestream (Divine and human). His Spiritual Guard, One on either side of Him, dressed as He is in deep golden light, take from His hands this harvest and place it within the Flame.

All of the Divine Visitors and conscious chelas are in pink, in honor of the radiation of the year. Those who are drawn by unconscious desire to serve come in various colors (often the colors of their night robes). Each lay their harvest (the use of qualified energy) humbly in the Lord Guatama's hands. He seems not to cognize the Presence of anyone but sometimes, when the harvest is particularly sweet and selfless, a smile of ineffable sweetness flits across His face.

At the sacred moment, Sanat Kumara descends into the Flame, all the Divine Visitors are in Their places, together with Their chelas; the Seraphim and Cherubim send forth the glorious Music of the Spheres in song and through combinations of beautiful instruments, and together the Flame is breathed in and sent forth upon the track that It follows around the world.

Above Shamballa is the great ampitheatre, created by the Builders of Form, duplicating in architectural design, color, etc. the beauty of Shamballa Itself.

Remember, beloved ones, that the Harvest of 1956 is greater than any since the days of Atlantean Culture and that this Harvest will be carefully guarded and protected until it is transferred to the Rocky Mountain Retreat as evidence to the Karmic Board of what a spiritual partnership among Masters, Angels, mankind and the elemental kingdom can bring into being.

Visit Us often in this time of joyous festivity at Shamballa. KNOW THE LORD OF THE WORLD AND HIS REGENT! Learn to walk fearlessly but reverently across the marble Bridge into the Sacred City! YOU WILL BENEFIT THEREBY IN RENEWED FAITH, COURAGE, CONFIDENCE, WISDOM, LOVE AND CAPACITY TO SERVE IN THE AVENUE TO WHICH YOUR HOLY CHRIST SELF HAS ASSIGNED YOU!

Yours in loving humility, KUTHUMI.

Let each gentle reader remember that every prayer, song, decree, visualization and helping hand offered to "the least of these" during 1956 is energy consciously qualified to bless and becomes a part of the harvest of the year.

THIS CHRISTMAS —

why not give a gift of ETERNAL BLESSING - a veritable MAGNET OF DIVINE LOVE which will ONE DAY RAISE THE RECIPIENT OF THAT GIFT into ALL TRUTH - just as surely as it is given? That is exactly what you are giving when you present the periodicals, books and music of the Ascended Masters' Teachings - by the practical use of which LAWS OF LIFE THEY HAVE SET THEMSELVES ETERNALLY FREE! THIS IS IMPERSONAL LAW and It will work for you, your friend and others JUST AS IT WORKED FOR THE MASTERS, if It is applied the same way!

Perhaps you will say here: "My friends and relatives are not interested in this activity - they would not welcome such a gift". ARE YOU SURE? HOW do you know what the Masters' power of love can do for them? Is not the Masters' MAGNETIC LOVE MORE POWERFUL than your friends' or relatives' lack of understanding? THINK THIS OVER!!! THIS IS ETERNAL TRUTH - dear Gentle Reader - we are not dealing with theories, vapory suppositions and ideals! As one who has proven himself interested in expanding the Masters' words and works, and having accepted the Masters' gifts of comfort, healing, peace, illumination, etc. (which you have received EVERY TIME you have read Their words or thought upon Them) By Cosmic Law YOU HAVE BECOME A CUP-BEARER FOR THE LORD (Law) obligated to carry the contents of that Cup to all who are athirst. WHY JUST CONTINUE TO CIRCULATE THE MASTERS' TEACHINGS AMONG THOSE WHO ALREADY KNOW? WHY PRESENT IT ONLY TO THOSE WHOM YOU KNOW W I L L ACCEPT? How can we thus EXPAND THE "GOSPEL TRUTH" (the GOOD NEWS of God's pre-ordained Freedom for all His creation?)

You see, dear friend, EVERYWHERE THESE BOOKS GO - EVERYWHERE THEY ARE LAID - (mind you, now, whether they are read or not!) there at that spot the Masters' radiation is pouring out into the atmosphere and that Radiation will NEVER cease! The Law of Their Octave is that all Their Good EXPANDS ETERNALLY from the moment it is set into action. Can you conscientiously DENY THE MASTERS A WIDE OPEN DOOR through your gift this Christmas which, who knows? - may start someone's Ascension in the Light and, for this, the returning blessings to your world would be beyond human concept. Beloved Saint Germain said one time that when we had gained the Ascension, we would meet many folks there who had made it BEFORE us - folks for whom we never dreamed it was possible.

How would you like to have someone come up to you in the Ascended Realms and say: "I am here today because of the gift of the Masters' words which you gave me on Earth - for this gift enabled my Master to contact my outer consciousness and set my feet firmly upon the Pathway of Light which brought me Home!" NOW - RIGHT NOW - IS YOUR OPPORTUNITY to make this come True!

THIS Christmas - OPEN THE WINDOWS OF HEAVEN into the Octave of Earth by giving THE SILENT GIFT of "The Bridge to Freedom" or "Hope" subscriptions ($4. per year (12 issues) and $2. (6 issues) respectively); Or ALLOW THE SEVEN BELOVED ARCHANGELS TO ANCHOR THEIR RAYS OF PROTECTION, ILLUMINATION, HEALING, etc. Here where it is so much needed (Their book $4.). Give Beloved Mother Mary entrance into the family life of your people (this book $5.) or give the musical recordings of "The Freedom Flame", "Maha Chohan and His Seven Sons" (carrying the radiation of 9 Great Beings) or "Angels of Healing" - do you not know someone who needs a HEALING GIFT?

Gentle reader! As you have read this little message, YOU HAVE BEEN HELD ALL-POWERFULLY within the Luminous Presence, Personal Flames and Rays of BELOVED BUDDHA Whom we ask to bless you without limit with His consciousness, full gathered momentum and victory of "The MIDDLE WAY!" "Arise and shine FOR THY LIGHT IS COME"! "GO and teach ALL NATIONS that 'THE LIGHT OF GOD NEVER FAILS'" and the "I AM" Presence within their beating hearts - IS THAT LIGHT!

Gratefully all ways - TO you and FOR you -

"I AM" - Your Friend of Light -

Beloved Children of God:

There is a sea of Godliness which has no centre and no periphery, which extends from eternity to eternity and within which are merged the individual consciousness of all awakened Beings. This Godliness enfolds Us within Itself. Within It is Our Breath. It is Our Being. It is Our environment and It is Our Cause, and yet each one of Us, in some strange inexplicable way is the Heart Centre of that Sea, and to the aspiring soul who would attain happiness We can but say that it is an awareness, an awakening, an unfoldment.

In the tightly closed bud, the heart centre of the flower knows nought of the world around it and finds the close confines of the enwrapped petals as the outer periphery of its world. But as the forces from within itself push forth in its progressive stages of growth, and as the forces from without play upon the unfolding flower, the heart centre or consciousness of the bloom becomes aware of the great world around it, that always was, and which enfolds and surrounds it,

So it is with man today who stands with clenched fist and tight-shut eyelids within the narrow periphery of his own world, which is the effect of the thoughts and feelings of his imaginings. When, however, the heart centre of his Being begins to awaken and push forth the Divine Plan, coupled with the pressure of the Cosmic Moment from without, then gradually the narrowed eyelids are forced to open and the hands to relax, and so the Godly impulse of his Being causes him to unfold until he finds himself a flowering bloom in the World of Light far beyond that of his own wild and corrupt imagining.

We who tend the Garden of Life, see the possibilities in each tightly closed bud, and can,with happiness and peace go about the task of encouraging the unfoldment, both by Love and cooperation of the Natural Forces of Nature provided in the "incubator" or "Cosmic Hot House" which is established "because the cycle endeth", and the Altar of all Life demands that <u>all</u> Blooms shall adorn the Most High on the Final Cosmic Day of Worship.

I might say, dear ones, that the student body as a whole, have made great strides in the unfolding of their petals. This tenacity of Spirit We are counting upon. As the Lotus unfolds you will see a tremendous whole where there are seemingly many component parts. Remember always that the Divine Plan as presented in the written word of the Masters (or as presented to your own inner sight which is constantly being developed) is not to be interfered with by any outer minds.

To carry the Lotus Blossom through a herd of stampeding elephants and arrive safely at the farther end of the field, still carrying the blosson intact, is a simple matter as against receiving a Divine Idea for Perfection and passing through the maze of human opinion, thought, and the general mass opposition to anything that is good, and arrive at the fulfillment of your design containing any semblance of divine order.

Let me add here, little children, that many of you, in fact I might say the whole student body, feel that they are tremendously wise people, but a great part of that wisdom is the constant playing of Our Consciousness, like a searchlight, through the cloak of your aura, and the brightness about you is as much the sustaining power of the Masters as the unfoldment of each one's spirit. The test is at the <u>time of the withdrawal of the Masters' presence</u> how strong may be each lifestream when placed on his own to pass through initiations.

There is a way that all Masters have learned of remaining calm, having no part in any oppositions and having no recoil, remorse, or self-pity, but after the waves of emotions have settled, or the numerous oppositions have been brought forth, in the Heart of the Silence, and in perfect peace, just as the Sun regulates His planets, then can one proceed to the fulfillment of his design. My love and My faith is ever enfolding you, each one.

MAHA CHOHAN.

Dear ones: May the blessings of this Holy Season rest upon you and yours.

Beloved Children: Today you have the great privilege of receiving the words of Our Beloved Jesus of Nazareth.

MAHA CHOHAN.

Dear Ones - On the anniversary celebrating My physical birth mankind pours out love and gratitude to the Father of Light, and I, in turn, send through the ethers My outpouring of Cosmic Understanding to drench the Earth children in the illuminating Presence of the Christ. So the seven sacred weeks preceding this is a tremendous opportunity for the students to enter into the River of Flame, and the energy in their worlds becomes saturated with the Christ Consciousness. As you have often been told, mankind's attention is the most valuable lever by which We can raise them again to perfection, so the Christmas Season is, for this reason, truly a Godsend to the Heirarchy. In the course of the busy year the attention of mankind is not easily gained, but in the weeks preceding Christmas the resentment and rebellion at Godly things are held in abeyance, and through mankind's receptivity We can more quickly permeate them with the true understanding of Love and of Life. Will you, therefore, blessed ones, who have an intense love for Me, during these weeks, devote some time daily to making the call that mankind who have "opened the blinds" of their souls receive consciously into their minds and hearts this Christ Light.

Strange that the peoples of Earth delegate to Me all the powers of the Godhead, and yet absolutely refuse Me the ability to speak again in the physical world, having closed off My message with My crucifixion. Yet, today, I am voicing My love to you, dear ones, My eternal gratitude to Life for your friendship, for I have known and loved you long before you became aware of Me. For centuries of time I have nurtured the Friendship that blossoms today, and shall stretch unbroken through centuries yet unborn from the womb of Time. Thus do We prepare for aeons of time, the Sacred Bonds that bind the Hearts in Spiritual Service. Earth bonds and blood bonds may be builded in one incarnation, but those who are to serve in immortal capacity must be attuned for thousands of years to insure a Bond of Spiritual Force that may endure the tides of physical fortunes, now good and now evil, that play alike upon the brave spirits that stand forth to hold the Light in any age.

You, My friends, are in a favored position today, as your faithfulness and fidelity of Spirit have enabled the Heirarchy to accept you, each one, as a Grail, and from your Cup, through your calls and your Godly actions, you pour blessings into the consciousness of mankind. As they drink from your Cups rather than being depleted in Spirit, you will find you become more accelerated, and in giving, are getting a tremendous spiritual impetus towards your Eternal Freedom. Blessed be your Spirit this Holy Season; Blessed be your thoughts and words and works, and may My understanding be yours for the asking.

Devotedly, Jesus.

Friends of Light - For your spiritual support and financial help in assisting us to get these Messages to you, we are eternally grateful.

VOL. 5. NO. 38.

Beloved children Walking the Ways of Earth:

I am going to endeavor to keep recreating for you the vibratory action of My Own Spirit every opportunity I have to reach your outer minds so that you may be wherever you go - a Comforting Presence.

This planet Earth is in a state of spiritual poverty. People know privation and lack of even the substance wherewith to clothe and to feed themselves. Many are without shelter from the elements. Many suffering from disease wherein there is no known comfort. The opportunity for those in embodiment today is without parallel. Joyous you should be in having physical bodies, in having contact with the Ascended Host, in being part of the authority in the emotional, mental, etheric and physical worlds while yet unascended.

Many lifestreams at inner levels vow to serve a great Cause when they see upon the cosmic screen a plan which would bring greater perfection to the Earth. This plan is projected by Ascended Beings as your moving picture screen projects film for the enjoyment of the audiences. Many witnessing an Earth without sickness, poverty or distress are eager then to cooperate with that Master who has shown the picture, and yet after birth, after the assumption of personal karma, after the stirrings of desire and the soul's wants, so many of those Who have made a spiritual vow find themselves disinclined to keep it in the world of form. So from the great numbers who dedicate themselves in every Great Cause few there are with constancy of purpose, of endeavor, of service, of constancy in the control of emotions. This is the rhythm of Life. Students cannot know peace while they are erratic in service.

Now, dear ones, better is it to take a smaller part in the Universal scheme, and be constant to it than to take a larger obligation and perform it erratically, because you have a jagged edge to your aura and an erratic vibration through the energies of your world. While your energy can be changed by projected thought directed at you by another or by the mass tide of energy in the atmosphere, that leaves you negative and in distress, you are not master of your world. The whole reason for which the people of Earth are embodying here is to learn that mastery.

Each one is a focus of selfconscious intelligence. Within the soul is the Presence of Almighty God. Intellectually you have accepted that, but in the outer consciousness the acceptance is fleeting - you go back to the enjoyment of the natural process of weaving out of the soul the various memories, thoughts and feelings that form your soul capacity. What really is your soul? Your soul is just an accumulation of consciousness which began when you first disconnected yourself from your Presence and played with thought and feeling in secret and created causes that projected themselves into the emotional, mental and etheric worlds, and finally into the physical world; then, through the Law of the Circle, they came back and anchored within that soul as memory of good and evil through the ages. That soul lives between embodiments in the etheric body. Therefore the endeavor of the Ascended Masters is to illumine the soul until you individually want to have a consecration of that soul to God's mighty service.

A spiritual vocation is not the same as a soul vocation. A spiritual vocation is where you, as I described above, looking upon a plan at inner levels say, "Yes, I will help". A soul vocation is when you have taken embodiment and your physical body, your brain consciousness, desires and habits of the family into which you were born, your own natural tendencies (usually directed from your desire world and your etheric body) - when all these selves make up their minds through heart and brain to serve God and the Masters.

The memory of your vow to help build the Golden Age is in your etheric body. It is a pulse-beat in the Flame of your heart. It is a pressure of energy that makes you uncomfortable when the soul and the lower vehicles want their own way. Sometimes

the soul-self wins and the vow of the Individuality is not fulfilled.

Many great leaders of spiritual movements have felt that great depression when they knew that the vocation of the soul would not be sufficient for a complete sublimation of the lower nature for the good of mankind. Some others did make that sublimation consciously, working through the same vehicles that you now wear.

Beloved ones, think on this. When you lay your body down, even if it were to be this morning, in your etheric garment you will have to appear before the Karmic Board, the soul of you, and answer as to what reason you have not to the best of your ability and Light (no one asking more) fulfilled your spiritual vow. Let us think on these things. There must be a sublimation, dear children, of the outer self. This means that you, as an individual, must learn the mastery of the energy that is given you.

Energy is obedient to the qualifying activity of the creator. Therefore if your thought form is tinged with selfishness or any discordant quality that substance which creates the thought form will take on the color and the vibration of that. If your energy, the drive of your feelings, which fills that thought form with Life is of a discordant nature you will have manifestation, but an imperfect one, because of the quality of your energy. Even the quality of your decrees, your songs and gestures as you endeavor, in the privacy of your room, to draw the good of your Causal Body into it, that quality is charged into every manifestation. That is way every form brought forth in the physical appearance world begins to disintegrate the moment it is completed. It might be added further, this is because imperfect individuals, even though they are constructive for the most part, such as engineers, chemists, scientists and research men who bring forth new ideas, bring them forth through mental bodies that are, of course, not wholly purified, and then their feelings charge into it the quality of energy which is the motive behind bringing it forth. If that motive is to make money, We will say, to gain a sense of power individually, to become a controlling influence over great numbers of people, then that manifestation, that business, that activity is subject immediately to decay. The things that have lived through the ages, inventions or literature, have been brought forth with a motive that was not for self.

Now we are at the begining of an era where there is to come forth on Earth a vibratory action like that of Uranus. Where can We start but through the minds and feelings of the few who listen to Us and believe that We <u>are</u>. So today I ask you in all sincerity to ponder by yourself how much you are willing to give! How much of the inner bodies would you dare offer to the Masters of Light without a reservation that you could have them back at any moment when something chooses to distress or displease you. Think on it!

I give to you My comfort, My healing, My peace, My supply and My understanding. You give to Me - and I shall accept, your emotional distress, your mental confusion, your etheric bitterness, your physical appearance of age and disintegration - IF you would let them go! One exchange for the other. So I thank you, My friends, and I implore you to <u>let go</u>!

MAHA CHOHAN.

Blessed ones - Your helpful letters are an encouragement, and your practical help a support, in enabling us to broadcast this instruction of the Masters. God bless you!

Beloved Children, seeking to be comforted and in turn, to comfort life:
I present to you the words of the Beloved El Morya -- He Whose very nature is to make the unascended being want to do God's will! Accept His gift of radiation and His Faith in the goodness of that Divine Will for you and yours.

Love and Blessings

radiation forms, as We have told you, a spiritual highway; it is builded the same as your engineers build a wonderful highway over which your automobiles travel. The directed ray from the Central Sun of this system, which is focused and anchored through the Tetons at this time is such a tremendous concentrated protected current of energy that Angels and Seraphim, Cherubim, Cosmic Beings, Masters and all belonging to the entire galaxy up to Alpha and Omega Themselves may safely enter that highway and come into the atmosphere of this Earth.

Sometimes you question how it could be that an Angel or a Seraphim could be anything but safe! Well, of course, They are completely safe within the orbit of the planets or the planetary system to which They belong but the development of an Angel, a Seraphim or a Cherubim, the development of the energy within that One determines how much pressure of light He can magnetize, radiate and sustain. Just as your divers suits are provided to protect divers that descend beneath the surface of the sea a particular intensity of light acts as a protecting radiation around a solar system, around the planetary system, so on and so forth forms a cushion you might say to the radiation of the evolutions that belong to that particular system.

Now if one gets out into the Cosmos, outside of the radiation to which one is accustomed, to which one's own pressure of development has allowed, one may find that the cosmic radiation is more powerful in its centripetal force than the developed power that the Immortal Flame of God has developed in Its centripetal force to sustain such an one. Those Beings, though They are wholly pure and perfect, are swept just like driftwood into other systems or galaxies unless there is provided for Them a safe measure and a safe passage by which They may be sent.

I do not think that mankind of Earth realize how much goes in to the provision of an atmosphere of safety even so far as the physical body is concerned; or how much the Directors of the Forces of the Elements have consulted with Maha Chohan and beloved Virgo and Helios in order to have a certain consistency of air, a certain buoyancy and density of the substance of Earth, to hold the increasingly condensed physical forms; the Water element providing substance for purification and the great Spirit of the Fire element and Its Salamanders who guards and protects the radiation from the Sun so that there is just enough light to give warmth and fecundation to the substance of Earth and illumination to the peoples of Earth but not more pressure of energy than it can handle!

It is exactly the same in Our endeavor to reach through the veil to mankind! We have to create an atmosphere! Now to create that atmosphere We are working with unascended beings. Therefore it is always easier when We have a certain group, who are more or less trained along the same lines of vibration. Your energy - your physical, etheric, mental and emotional bodies are vibrating more or less in the same rate through proxinity one with the other and We then have to test that atmosphere which is created by each and every one through communal service and through personal application even while one is in the privacy of his own room. That atmosphere We test before bringing a radiation or a specific gift from the Realms of Love and Light to you. To do this you know that there may not be more than a certain pressure of energy entering into your world than you can handle! The vibratory action of your individual and collective bodies will always determine the radiation and the specific outpouring of any Celestial Visitor Who comes into your midst!

Therefore We are very grateful indeed when you choose individually and collectively to make personal application and to create an atmosphere which can magnetize as much as possible of the vibratory action of the Ascended Master Realm, the Angelic Realm and then through the power of your own radiation Our blessing pours out through the lower atmosphere. You are conductors that bring Our radiation into the atmosphere of Earth and the radiation pours out through the atmosphere of Earth and touches every person - their physical, etheric, mental and emotional bodies.

These classes sometimes are not fully understood because although few words are

spoken and the outer mind is entertained for a short time there does not always seem to be sufficient progress in the individual's world. Let Me tell you to be of good cheer for We are using you as open doors through whom We are directing certain positive statements and affirmations of Truth and Fact, which will find anchorage in the outer minds and consciousnesses of receptive men and women and children all over the planet. There is no time when a group of individuals gather together, in God's Name, when the Ascended Ones address them, when there are not specific Angels Who carry that radiation and direct it with the speed of an arrow, into the emotional, mental, etheric and physical worlds of all upon the planet and all who belong to Its evolution, whether they are disembodied, whether they are at the gates of birth or whether they are presently wearing physical garments.

Your beloved Cherubim Who have served you so well return Home tonight into the heart of the Sun. They shall go dressed in the magnificence and splendor in which you have so carefully and thoughtfully prepared Them and They shall show what association between Cherubic Beings and unascended beings can manifest. They shall carry your gifts to the Heart of the Beings to Whom you have sent Them and They shall return to you on Christmas Eve bringing great love and much greater light and remain with you again for another year. Each and every one of Them has grown to love you far more than you have loved Them and the proof of that is in the growth, development and maturity of those Beings. I do not know if you realize that in the maturity of those Beings there is also a certain maturity of your own inner selves - emotionally and mentally - because the Beings that live in your atmosphere grow in strength and light through proximity; you in like manner grow and develop with them.

Turing back to the description of great magnificent Teton, We have the chairs carved for the Karmic Board, in the beautiful pink again, still honoring the Pink Ray which of course will be superseded in favor of the Spirit of Truth and the Spirit of Purity for 1957! The beloved Lanto has chosen to keep the Pink Ray in action particularly now through the whole year and it has not been decided yet whether They will change the chairs New Year's or whether They will keep the same magnificent color as they were, described to you in July. The Karmic Board does not assemble until about the 27th of December but the beloved Portia has chosen to come tonight taking the central chair in honor and recognition of the Transmission Flame around the Earth.

Descending into the mountain itself, you will remember that the central chamber has a beautiful altar. That altar is created in circular form and around it are the friezes made in the form and design of the various steps in the evolution of mankind. Around the top is a golden mesh curtain into which the Brothers and Sisters of the Teton weave the various colors of the Flame flowers that the Members of the Spiritual Hierarchy, the Ascended Host and the various Angels choose to bring. Tonight They are using heather at beloved Leto's request. There is a specific reason for the interest of Our beloved Leto at this time in your progress and welfare. She is endeavoring to help you to remember your visits in consciousness to the Retreats at night, when you return in the morning. You will remember through the ages that that has been Her specific service to life - to take people out of the bodies so they might explore in the aura and radiation of an Ascended Being and under the protection of that Being, some of the inner realms. Beloved Leto has asked that you accept Her and think on Her daily as you visit the Teton or think on Her nightly before you retire - not with any sense of tension - not with any sense of trying to drive your consciousness but just gently, first thinking on the Teton, the description of which you have had so many times and know so well, then think upon the beloved Leto and asking Her for Her assistance. You will find that it will be much easier to enter into the heart of the magnificent Tetons and go into that central chamber where the Flame of Precipitation is upon the altar and visit there either in the central chamber or one of the council halls where you choose to offer your petitions or join with one of Us Who are presenting various petitions.

The curtains of the ante chambers you have been often told are of lovely fine

gold mesh; they are drawn back and in the seven chambers where chelas and Beings representing the seven rays are abiding for the time being. At the front portion of each of the seven chambers are the Chohans who represent each ray. In the Central Council Hall beloved Lanto presides. He stands on the green carpet which is inside the ring of flowers where the beautiful Green Flame of Precipitation glows! On His right side, We have the beloved Pallas Athena and on His left the beloved Astrea. They are beginning Their radiation a little ahead of time this year to bring the assistance which is required.

As the Transmission Flame is to flow around the world, please remember that the activity of the Royal Teton is the power of <u>conscious precipitation</u>! Think on that just a moment as the Brothers and Sisters from the various Retreats, the Angels and Cosmic Visitors begin to enter and take Their places!

You are, each one, a precipitated ray from God's Heart! It is the very nature of your being! You are not stagnant! There is no stopping of the flow of God energy from the Universal First Cause, (or by whatever Name you wish to call It) down into your heart and out into your world to its periphery and then back again into your own beings, emotion, minds, etheric bodies and flesh until the circle has been completed - IT IS ALWAYS CONSTANT MOTION! If you could look at each other, as I am looking at you now, and see that precipitation of the electronic light as it flows from Your "I AM" Presence through your silver cord, you would see the most exquisite colors, truly rainbow rays, flowing down into your heart, expanding the Immortal Three Fold Flame of God and then flowing out - through you and then, (forgive Me,) the colors are not always as beautiful - but from above down they are most beautiful and exquisite, representing the good of your Causal Bodies and the specific radiation of your own beloved "I AM"Presence and the radiation of whatever Ascended Master is endeavoring to use you as His or Her chela.

Therefore why does precipitation seem so difficult to comprehend with the outer consciousness, when each and every one of you, and Myself, every Angel,every Being is a precipitating ray from the Universal First Cause! So will you think during this 30 day period of that power of precipitation as being yourself - YOU ARE THE PRECIPITATION POWER! As I speak to you I am precipitating light, forming it into words, directing those words with all the energy and conviction of My full gathered cosmic momentum of Faith into your life! What happens? According to the amount of resistance around you or the amount of receptivity does that energy which I direct either enter into your worlds or bounce off as you have seen a hail stone bounce off a window pane or the windshield of your automobile.

Now beloved ones, We are used to having Our words "bounce" off - that has happened to Us for a long, long time - ever since the inception of the Theosophical Order and Our endeavors to convince mankind of Our reality, We have had a good deal of experience with that! Now there is less and less of that condition and thank God there is more and more acceptance of the possibility that there are intelligences in the universe Who have completed Their mission on Earth and the capacity to help and assist others who wish to attain like Mastery! You know it was a difficult thing when mankind were so prone to limit their acceptance to just the One beloved Master-(Our blessed Jesus) - and the breaking through of prejudices so that other Beings could be accepted and it has taken the strength of many stalwart souls!

Now there comes in the West a greater and greater realization that <u>We do exist in fact</u>. There shall come a day when We will stand forth, visible and tangible to you; then your conviction will be strong enough to convince others who will not have earned the right to those 'privy councils'.

Above the great Tetons beloved ones the form of the ampitheatre that has been created by the Builders of Form is in the shape of the North American Continent. They have taken in Alaska, New Foundland and Greenland down into Mexico and the Florida Peninsula. They have divided this ampitheatre into the seven groupings representative

of the seven colors of the rays. Into this great ampitheatre are coming - particularly those you have been calling for who are to embody having been released from centuries in the Compound; and many,many are coming from the Ascension Temples, those of your loved ones that have passed on thrcugh the change and who are now preparing for their own Ascension. The Sleepers Realm is well represented and I think by the end of the year they will not require more than about three months in the Sleepers Realm rather than the longer period of time that they had to spend there heretofore.

The Archangels have chosen to stand as the Chchans are doing, each in one of the seven sections of the ampitheatre above the Teton. The beloved Lady Master Leto is with Me tonightand it is Her desire to touch the Flame in your hearts and to give you that feeling of freedom from bondage of flesh! Just as you are seated for a moment , or as you read this feel Her as She walks among you touching the Flame in your heart until that Flame becomes more powerful to you than the bondage of flesh! I know those flesh bodies are weary - when they have served long and hard and Leto's radiation is one of great joy and light. It is Her service to help to relieve the burden of the physical vehicles. Relax physically now and just take that substance as She gives it to you. She is a very lovely golden haired lady Who wears purple and has a little crown, very small, of amethysts on Her head, She is endeavoring to render this service for you during this thirty day period (Dec, 15th, 1956 tc Jan. 15th. 1957). Thank you and good night.

Beloved Children on The Path:

Each lifestream proceeds through the Universe upon a Pathway of Light Energy, which is emitted from the individual himself, and which determines for the most part the course of his journey and the nature of his experience. Therefore, although most men and women walk side by side, no two tread the same path because their consciousness is unfolding before and around them according to their own particular design of thought, feeling and activity. When we refer to the Masters and THE Path, We come to a definite aspect of the Law.

The student or chela desiring to fulfill his God Destiny has inquired of Life, mentally and emotionally, as to its purpose and its goal. To Him is revealed the Higher Way, and to him is given certain exercises of control and self-improvement, wherein the Path consciously released from his body, may pattern itself as The Way. When an individual thus weaves by his own energy that Path of Light over which he will pass, in the Way of the Master, he no longer follows an ever-winding byroad shooting hither and thither according to his every individual whim, but rather a straight and progressive Pathway of Light and Life, which ultimately leads to the goal of Freedom, Mastery and Perfection.

The Path lies within every man, and his nature is determined by the consciousness. When the student is determined to stop this human circling, he can create the Path or Ladder upon which his consciousness rises into Perfection. It is not enough to love the Path, to admire the Path or those upon it, but to emit that Path by one's own Life Energy.

So, dear ones, as We now look at the students with the inner sight (We see all your bodies as easily as you see each other's physical form), We are encouraged with the individual effort We see put forth in the building of each one's Path. We are therefore immediately able to grasp the state of development of the lifestream, and are more or less certain as to what to expect of the individual under pressure. As an engineer, looking at a bridge with the designing eye of a master in his profession, can pretty well determine how much of a load that bridge can carry - where any particular strain would first be felt, so does the Master determine upon looking at the inner bodies, as well as the physical form of the student, how much or how little pressure that lifestream could stand in the superhuman work of the Gods.

If the student is sincere, honest and determined to be of assistance in the progress of humanity, the Master, in cooperation with the Holy Christ Self, will set into motion certain Causes whereby the individual's weak points can be sublimated for greater work ahead. These causes and their resultant Effects, sometimes project the student into a series of turbulent experiences, during which time he forgets his previous offer to serve, and he bemoans his discomfort, not being astute enough to recognize the experience rather then being an unpleasant one - is but a strengthening of the fibre of his nature,

In the outer world if an individual plans to become a pianist, he visualizes himself sitting in the concert hall playing an exquisite concerto, but when he applies to the teacher he is given wrist exercises, scales and certain mechanics of a mental nature, none of which is glamorous or inspirational. However, if he applies himself to the preparation - the concert of the future becomes a fact. He must rely upon the wisdom of the preparation, then dexterity comes with application. It is thus in the Masters' Service. This is the Way of the chela, little ones, and it does not always seem a comfortable Way. These experiences, beloved ones, should not be a pall upon the Spirit.

My love enfolds you. MAHA CHOHAN.

Dear Friends - With love and gratitude we acknowledge your expressions of encouragement and your help in carrying on this work of the Masters.

Beloved Children of the One God:

It is My pleasure to offer for your instruction and edification, an address by the Beloved Adelphia, Guardian Angel of students of the Light.

Blessings and Love

MAHA CHOHAN.

Address by Beloved Adelphia, December 24th. 1956.

HAIL! to Thee, Blessed children serving God in the restraining confines of physical bodies! You are working toward the establishment of the spiritual partnership between the Angelic Kingdom and the Kingdom of human beings....thus heralding the New Day of Saint Germain's Freedom on this Earth, presently filled with so much travail and temporary distress!

I bless you as co-workers in re-establishing the Kingdom of Heaven upon this Sweet Earth! In long ages past, this glorious association was natural, and the Angels did walk and talk with men.....What has been, remember, lives in the Ethers and is more easily re-established than that which has never manifested.

In every God aspiring group, who have proved themselves sincere, devoted, loyal and constant, there is always a member of the Angelic or Devic Host in attendance - at least during the meeting time. This Being takes up the prayer force of the group, removes the carnal emanations of the peoples, and charges into that prayer force His or Her own added momentum, driving it like the sped arrow through the psychic plane into the Presence of God Himself.

However, when a group of individuals pass the infant stage (spiritually speaking) that group often draws a Specific Being WHO REMAINS THE GUARDIAN PRESENCE of the Group and the activities, even when the services are not in action. Then such a Being uses the place of worship as a Focus and often gathers together other celestial Beings in that place of worship to continue the dissipation of the clouds of evil and distress that form the psychic plane in which the majority of mankind live at the present time. The magnetization of such a Being is due to the type of worship, the nature of the individuals forming the group, and often-as in My case- past association and service together.

Your forcefield is a LIVING BREATHING FORM composed of all your thoughts, feelings, actions, spoken words, your applications, songs, visualizations and prayers, not only in your communal worship but also in your private lives. These forcefields are like jewels shining and radiating throughout the murky atmosphere of the Earth at this present time.

Into these forcefields certain of Us have chosen to come, adding Our Light, Wisdom, Strength and Understanding - Our Faith, Love and Confidence in the reality of the Godhead and ALL Who dwell with Him, Joyously willing to do His bidding! Thus- as you give to Us your light (each according to his own capacity) so do We give to you Our Light and encouragement - according to Our comprehension of Deity!

Here, you have chosen to re-create the protective activity of the spiritual selves of mankind, hidden like a kernel within the groping soul! That too is My desire. Therefore, is it not natural that You and I should serve together in His Name?

Christmas Eve is a hallowed time when men and women all over the planet who, ordinarily never go to a place of worship, join together to honor that Christ which, instinctively, they <u>know</u> is hidden within the heart! Thus the churches are filled and We are given opportunity to gather up all this worship and prayer force and send it on High!

(Will you pause a minute to sing to the Angels, thus allowing Us further opportunity to render Our service.... thank you).

Some among you have desired to know the difference between the Seraphim, the Cherubim and the Angelic Host. I shall endeavor to clarify this for you!

Cherubim are primarily Beings Who plunge deep into the electronic belt around the Sun to which They belong, saturate Themselves with the virtues of that Sun God and Goddess and bring that FEELING and VIRTUE to the Earth. They learn, even as you do, through experimentation, how to HOLD THE VIRTUE and radiate It out to bless those to Whom they are sent. There are little cherubim (as yours were when they came to you) who dissipate that virtue in the strong impact of unbelief and rebellion but Who grow (as yours have done) until They can hold within Their auras the blessing they have been sent to radiate and remain untouched by the energies of less developed lifestreams.

The Great Cherubim Who guard world movements - such as Cherubim Lovelee, are Those Who have so developed and <u>earned</u> the opportunity of enfolding peoples all over the planet in Their radiation of Grace....

(Sing to Cherubim Lovelee, please.)

The Seraphim are glorious Beings Who usually form the Court, - the Honor Guard - of Beings Who travel through the Cosmos. Always when such Beings make a Visitation, you will see the Presence of the delicate graceful Seraphim preceding the Cosmic Being, Master or other Divine Guest. They too are a radiating center of Divine Love and Protection, but, for the most part, Their Service is One of Ministration to the Divine Messengers.

The Angelic Host (as a whole) are created by Archangels, Archii, Cosmic Beings and Ascended Masters and form the "spiritual court" of such Beings. For instance, around Beloved Mother Mary, there are countless Angels of Healing, around Kwan Yin countless Angels of Mercy, around Lord Michael countless Angels of Protection. These Angels are Messengers of the Beings Who have created Them out of Their own hearts and and carry the gifts of the Being into the atmosphere of Earth, when directed, to bless and uplift whom-so-ever chooses to accept that gift and their reality.

Your beautiful Cherubim have enjoyed much Their visit to Helios and Vesta, to Alpha and Omega, to Their Own Divine Complements, and to the Realm in which They naturally abide. Remember, in all this glorious freedom They have absorbed (because that is Their Nature) the FEELINGS of the Sun Gods and Goddesses, the Other Divine Ones Whom They visited, and the crystal clear atmosphere, in which there is no distress, in which They have abided for this short time. Every one is EAGER (a most unusual activity) to return into your auras with their Christmas gifts of renewed faith and the various qualities of which you personally are cognizant.

The Beloved Archangel Michael will escort Them back on the Cosmic Highway created on Transmission Evening, and Each one of Them bring to you a gift of radiation. Stop a moment and FEEL IT! Ask your Holy Christ self to ALLOW YOUR MINDS TO ACCEPT and your FEELING WORLDS TO KNOW THEY ARE HERE! Association with Them has kept you upon the Spiritual Path thus far. Further association with Them will raise you to a point where you can truly not only feel but actually see (with the inner sight first) and the physical sight later, the Company you keep!

Your auras (composed of the emotional, mental, etheric and physical emanations from your soul and outer mind) are more or less unprotected from the world in which you live. You have not yet learned the value nor accepted the power that there is in the Tube of Light in which We live, move and have our Being. Thus you are more prone to accept into those auras the distress of the world than the glory of your own "I AM" Presence, the Divine Ones and even your Cherubim. Gradually, however, you will learn that the energy directed from the Immortal three-fold flame within your hearts can be controlled and change the quality of energy in the world around you. To this end the Cherubim, like the Spiritual Hierarchy, have "forsworn nirvana" to help you. Thus can mankind KNOW the value and practical benefit of association between Angels and men!

You have heard that the service of Beloved Saint Germain is to re-establish association among the Angels, human beings and the elemental kingdom. This service has begun, truly. You have also heard (long ago) that this is the law of <u>control</u> of

energy and vibration. Now, this control cannot come from will power and be sustained, although the Will to Do is the first step in such association. It can come as the understanding of the chelas is increased, their faith strengthened, their acceptance increased and the Christ within given opportunity to burst through the hard shell of the soul (accumulated experiences of ages of time). Then you will be able to not only magnetize the Rays from Your Spiritual Partners but also be able to radiate those Rays more powerfully than all the accumulation of discordantly qualified energy with which you might find yourselves surrounded.

What think you of the blessings to your homes, your families, your business, your associations, when a Cherubim actually LIVES within your Aura? Ah! children you know not yet what Their Radiation does for all who touch the compass of your individual and collective worlds!

I, long ago, served in what is now known as Philadelphia. When your forcefield became strong enough and it was seen by the Directive Powers Whose Will We serve that I might ensoul that forcefield and guard It - and you and your tiny cherubim too, I came! I am grateful indeed for this opportunity! Thank you for coming again! .... as you often sing to Us. You shall not be regretful when you see the clouds of distress, the cause and core of disease and limitation that has been lifted from mankind through your fidelity! I AM REAL! I Am your Friend. Often when your Cherubim has a "difficult time" I hold such an One in My Own Arms and create the atmosphere of the Kingdom for Him or Her and then They are able to continue in Their Service. I guard and guide your group activities. I invite and sometimes plead for certain Beings Who come to bless you! I direct your individual endeavors of a spiritual, as well as a secular nature, into the Paths of Righteousness. When an individual leaves your group and returns Home "to go out no more" that Cherubim returns with such an One and often forms the first of the Spiritual Court of the Ascending One. There is truly a great comradeship in such an association.

Your Cherubim, all grown now to about sixteen year old youths, by your earthy count of Age, return in Golden Robes, banded at the hem and sleeve cuff by the Royal Blue Sapphire Bands - indicative of the service of the Temple that pulsates above the City of Brotherly Love. Accept Them, take time when you return home tonight to really FEEL them ..... LOVE them... THANK Them! You will receive the response in an uplift of your own feelings - this I promise You!

Many among you have asked that I speak with you. It is not often that the Cherubic Kingdom renders this service. They are primarily RADIATING CENTERS OF VIRTUE However, no honest request in God's Name, can be denied, so I have been given permission, so to speak, and thank you, on behalf of the Sun God and Goddess of this System, the Silent Watcher of this Earth, and all Celestial Beings Who have desired to see the Earth rise again, with Its attendant evolutions as Sanat Kumara promised the Cosmic Law It would do!

My aura is elastic, so to speak, in your terminology (forgive Me but I have not used "human phrases for so long it is difficult to "word" My thoughts and feelings to you in a manner that is comprehensible to the outer mind). However, I abide always over your Sanctuary and Your City, and usually in garments of Gold and Blue, "I AM" awaiting your call. A Holy and hallowed Christmas Season be yours! I decree that 1957 shall SHOW YOUR RELUCTANT OUTER MINDS HOW REAL WE ARE! To you, who served with me on Atlantis, at inner levels through the ages and now again, I say thank you and God bless you!

ADELPHIA.

Dear Friends - Please accept our heartiest thanks and good wishes for A Happy and Opulent year of 1957. God bless you each one.

HOMES AND RETREATS OF THE MASTERS OF WISDOM

Temple of Truth - Crete
(January 15th,1957 through February 14th, 1957)

Just after midnight (December 31st), as the New Year of 1957 came into being, the New Lord of the World (previously known and loved as Gautama Buddha) received into His consciousness from Beloved Helios and Vesta (God and Goddess of our physical Sun) the Thought-form for this year. It is made of lovely crystal substance and, in form,looks something like Aladdin's famous lamp, from which blazes the brilliant green Flame of Truth. This Thought-form reveals to all who know of Its presence or who look upon It that the God-virtues of TRUTH and PURITY are to be externalized by the mankind of Earth this year, as well as to be developed and expanded by the Cosmic Sponsors of the year; the Elohim of Purity (Beloved Claire) and His Divine Complement, Beloved Astrea; Our Lord Maha Chohan and His Divine Complement, Beloved Pallas Athena (Goddess of Truth).

Therefore, in the wisdom of the Great Cosmic Law, the Temple of Truth (which now is active in the ethers over the Island of Crete) presided over by the Ascended Master Hilarion, will be the first focus this year of the attention of the Great White Brotherhood and those unascended lifestreams interested in serving with Them.

Once, long ago, the last remnant of Atlantis sank beneath the waves of the present Atlantic Ocean and certain Priests and Priestesses of the White Order were entrusted with the carrying of Their specifically magnetized God-virtues to other landed surfaces of the Earth which would remain above the waters of the Earth. One such God-virtue so to be carried to safety was TRUTH. The group of consecrated lifestreams who were designated to carry the God-virtue of Truth sailed eastward to what is now the Grecian Peninsula and Its adjacent islands. There, in a ceremony of reverence and devotion, They anchored the Flame of Truth on what is presently the Island of Crete. At that time, this Island was a part of the mainland of the Grecian Peninsula but subsequent Earth changes have disconnected It by water from the mainland. Through ages of time, the virtue of TRUTH (which is anchored within a Flame) has radiated that quality into the emotional, mental, etheric and physical planes of Earth in which mankind presently dwell.

Just exactly what does the focus of a Cosmic Virtue so radiated into the atmosphere and worlds of mankind do for them and all the evolutions belonging to a planetary system? It supplies a pressure of the substance and feeling of that Virtue which interpenetrates the planes of mankind's consciousness heretofore referred to and beneficially effects all the life belonging to those evolutions.

The nature of even the physical flame <u>is to rise</u>! Therefore, in order to magnetize and sustain that Flame from the Realms of Light in the physical octave of Earth, certain dedicated and consecrated individual Intelligences (such as the Brotherhood of Truth at Crete) volunteer to form the Open Door to the drawing forth of such Virtues by calling them into the lower atmosphere of Earth and radiating

them there. Such Volunteers should be sincerely appreciated and blessed by Earth's people.

One such focus of God-qualities radiating to the mankind of Earth is that of TRUTH and this Flame has been guarded, sustained, radiated and expanded through the human concepts of the races which have used the Earth as a school-room from time to time. All leaders of activities of constructive nature have "tuned in" to this God-virtue of Truth and whatever light of TRUTH has broken through the misconceptions of the mass mind all through the ages is due to the actual presence of the Flame of Truth in Earth's atmosphere. Receptive, willing, sincere ~~and~~ consciousnesses who have been eager for and have called forth this Virtue, willing to open themselves to Its presence, have received this Light of Truth into the outer mind; thus allowing speedier progress and greater spiritual development to bless the members of the human race.

At present, the Great Hierarch of the Temple of Truth is the Chohan of the Fifth Ray, known by the Name of Hilarion. He was St. Paul, the Apostle, at the time of Beloved Jesus' ministry. Hilarion was preceded in this Office as Hierarch by many other Illustrious Ones Who kept Truth alive amidst an ever-dimming human consciouness.

As was the case with many other Temples dedicated to the Virtues of God, the devotees of Truth builded on their new location at Crete a glorious Temple similar in design to the Temple of Truth in which They had served on the Atlantean Continent. It looked very similar to the Parthenon which had been designed by Phidias. Wise men and women from all over the landed surface of the Earth made pilgrimages to this Temple to secure added light upon their individual and collective endeavors to serve God and man. Proximity to the Flame of Truth expanded Their consciousness, especially concerning that Virtue, enabling them to know Truth and carry Its wisdom back into their homelands.

Later, this physical Temple was destroyed by those who rebelled against Truth and against the disciplines of purity and harmony and today only the beautiful etheric Temple of Truth remains (over the Island of Crete). Here Hilarion and The Brotherhood of Truth continue to receive the wise pilgrims, teach Truth and expand Its Virtue through the consciousnesses of these pilgrims (who visit this Temple in the finer body - mostly at night while the physical body sleeps).

Thus, shining in the ethers over the Island of Crete, there stands this many-columned Temple with Its faithful Guardians and all are invited to visit It in consciousness as often as they wish, absorb Its Truth and, in turn, become radiating centers of Truth through the avenues of expression to which they have devoted their lives.

The Goddess of Truth (Pallas Athena) is very active in this Temple. Ages ago, when the Gods walked and talked with men consciously, visible to the physical sight of all, it was comparatively easy to convey the Truth which Beloved Jesus said would set mankind free. Later, using the etheric memories of this Temple, certain "dark forces" created similar Temples of Truth wherein they drew men and women who were not always strong enough to withstand the pressures of personal adulation and gain. Through these individuals these unfortunate members of the "dark forces" pretended to present the words, the Truths of God to a credulous, hopeful and sincere people. This took place in the latter days of the Delphic oracles.

A "Bridge to Freedom" Publication
January 1957 Supplement

However, now we return to the true Etheric Temple of Truth, to Its Divine Patroness - Pallas Athena (Goddess of Truth); To Its Hierarch Hilarion and, through the sincere endeavors of unascended lifestreams who are willing to thus co-operate with the Ascended Ones to the best of their ability, "funnel" the feeling and love of and for TRUTH to mankind. Daily, consciously "tune in" to this Temple during these thirty days while It is particularly active. Ask for LIGHT and UNDERSTANDING upon your individual path, as well as the path of the Earth and all Its evolutions. If you will consistently do this, you will be amazed as to how ideas, patterns, plans and thoughts which have seemed vague or disjointed will suddenly become clear, connected and practical!

Remember that The Brotherhood of each Retreat has offered you the loving daily service of a Sponsor from that Retreat. Ask that One to come and make you know the Truth about yourself, your personal activities, as well as your fellowman and communal activities. Prove that this Virtue is alive and eager to enter into your world, giving you Its blessings of illumination.

(Note: For further description of the Temple of Truth, please see "The Bridge to Freedom," Vol. 4, No. 1; Vol 5, No. 6.)

The Hierarch of this Retreat is Hilarion, Chohan of the Fifth Ray; the color of the Flame of Truth is Chinese Green; keynote, melody "Onward Christian Soldiers".

The statement for the Transmission Class of January 19th, 1957 is:

Beloved Ones:

One of the great dispensations that the Lords of Karma have allowed as of this New Year is the parting of the veil to a point where the outer and intellectual consciousness of the prepared ones may be made not only aware of - but conscious instruments - for the manifestation of the Designs and Plans of the Brothers.

Although the inner bodies of the more advanced members of the race have heretofore been coworkers with the Heirarchy in Their Design for the furthering of mankind's greater good, the work of the Brotherhood has been hindered to a great extent by reason of the lack of co-ordination between the outer and the inner memory and the higher and the lower mind. Thus the plans of the Brotherhood could only reach into the affairs of men by the unwieldy medium of intuition and strong pressure on the feeling nature of the chela, and the honest, sincere member of the race who would do God's will if he might know The Way. Many of you, dear ones, have made great strides in the matter of inner perception during the past year, and with the aforementioned dispensation, you will in this manner be able to add the full force of your outer bodies, and the authority delegated to you as members of the human race, to promote the God-design as presented this year.

Although the vast majority of the race will not be accorded this privilege, it is a good beginning, and as the Cosmic Lords of Karma see the efficacy of conscious cooperation between the inner and outer, as manifested through you, will it be easier to have the dispensation widened in its scope to include greater numbers of sincere lifestreams, who, if they could see more completely, would most certainly add the pressure and weight of their Consciousness to The Cause. The Practice of realizing The Presence is a mighty power in the parting of the veil.

"Practising The Presence" if it were written on a scroll of pure linen, inscribed in gold, and precipitated direct from Saint Germain's heart and hand into the Group Activity of every blessed Focus that He has established and brought forth; Mankind would love to receive such an immortal scroll with those words precipitated in a supernatural manner on it; they would in their delight, suspend it like a talisman round their necks, wrap it round their bodies, hang it in a gold frame upon their walls because it breathed of phenomena and satisfied the sense of form, which is ths proof required by the human race in order to change the pattern and tenure of their nature. Yet it is through impression, inspiration, and sometimes insinuation, that the Divine Edicts of the Universal Cosmos must be imparted into the lives of the students to forward the work of the Heirarchy.

Today, Beloved Ones, as the New Year begins, I give you each one, in spirit, this scroll of priceless linen, knowing that in the year ahead you will be interested enough in The Way of The Presence to desire that the vibratory action of The Presence might actually impress the feeling nature, the thought formation, and draw the outer self and The Presence into an intelligent and harmonious partnership.

In return, I humbly ask that each night you direct your soul (as you direct the car by the steering wheel) toward the Retreat of the Month, before sleep, and it will pursue its course unerringly aided by the magnetic currents established for this purpose.

Hilarion's Retreat at Crete then is your Day Star until February 15th. My Gratitude and love enfold you. Blessings and Love MAHA CHOHAN.

A BRIDGE TO FREEDOM PUBLICATION.

January 20th 1957.

VOL. 5. NO. 43.

Beloved Children of My Heart:

From time to time individuals are of the opinion that there is no need for a Mediator or Bridge to connect the God Self with the outer intellect. These people are honestly and firmly convinced that as the Presence is connected through the Higher Mental Body with the heart of every lifestream, outside means of communication and spiritual guidance is unnecessary. To these people I address the following -

The purpose of a Mediator is to convey the Truth from the Heart of God to the outer minds of individuals who have lost their personal and direct contact with their own Divinity. When this purpose has been accomplished no mediation or transmission of consciousness is necessary, but until this point is reached, the outer mind of men, (unable to rise to the inspiration of their own Higher Selves) are benighted, and through the Mercy of God are given enlightenment by those who have attained a degree of evolution wherein they may climb the Mount of Attainment, assimilate the Truth and carry the knowledge of that Truth back to the Pilgrims on the Path. The wise pilgrims will avail themselves of the Cup thus offered, and in so doing their climb up the Mount of Attainment will be less arduous.

Every lifestream on the planet has had direct communication with the Presence from the time individuality first took place. Over every lifestream on the planet hovers a Silent Watcher. Yet, without a Mediator or Spiritual Guide in flesh form, these individuals are unable to receive direct guidance from their own Higher Self. This is self evident by reason of the fact that for four and a half million years the Presence has been unable to raise the outer consciousness into union with Its consciousness, because the subtle and fine vibrations of the Presence fall unheeded on the ears of the outer self.

God in His Mercy has thus provided spiritual counsel - a step-down through physical bodies highly developed as Mediators of this counsel - which turns the outer self towards Truth. Many false mediators have come. The test of their reality, however, is, if their teaching turns the outer self towards the individual's own Mighty "I AM" Presence - then that Mediator comes from God.

Humanity is like a great group of people on one shore of a wide river where there is neither food, nor drink, nor sunshine. On the other side of the river is a land flowing with milk and honey. Humanity is unable to cross the river into this land of plenty except through the medium of a Bridge. Those who are wise walk on the Bridge into the rich fertile land, receive of its bountiful nourishment and carry it back to their less alert brethren, who refuse to enter the rich land by means of a Bridge, preferring to remain in privation until they can cross the river under their own motivation.

A Bridge is required until the spiritual knowledge has developed through repeated crossings to the other shore where all Truth is attained.

Beloved ones, levitation is an activity of the spirit as well as of the body. When spiritual levitation is developed, each individual can plunge into the heart of his own Presence and bring forth the fullness of Truth, but the mass of mankind will never develop these spiritual powers until they accept and use the medium of the Bridge or Mediator to carry them into the Realm of Truth where they may sit humbly at the feet of the Master and acquire the ways and means by which their own spiritual perception may be developed.

Knowledge of the Masters of the Sacred Fire, the Violet Flame and the Divine Destiny of the Planet Earth all was gained on the Far Shore and brought back to the land of privation.

It pleases Me, dear Children of My Heart, that you have wisely and humbly partaken of this Cup. You have not condemned the "plank and the cables of the Bridge" but have availed yourselves of the Mercies that such a span affords. By repeated crossings many of you will soon make sufficient contact whereby the Realm of the Real will flow into you, and you will remain in consciousness on that rich and verdant shore; thus in your dealings with your fellowman, every moment of which calls for the exercise of love and patience and self-discipline, will you be radiating centers of My Peace on Earth. My Love and Light are ever with you.

Blessings and Love,

MAHA CHOHAN.

In the Name of the Masters of Light, dear friends, we thank you for your unfailing support of Their Endeavors to raise humanity of Earth.

Beloved Children of God:

I LOVE YOU! In the final analysis, LOVE ALONE will assist you to regain your perfect Identity. For the sake of Love, We remain with you to LOVE you free. My beloved Son, Hilarion, chose to give the description of the activities on the anniversary of the transmission flame class celebrated at the famous Temple of Truth at Crete. I present herewith His words, which are, of course, His life (His love) given to you to help to set you free.

Love and Blessings

MAHA CHOHAN.

By Hilarion, January 19th. 1957.

The Temple of Truth was opened on January 15th. and We have since been receiving Cosmic Visitors as well as those not yet ascended. Because of Lord Gautama's tremendous search for Truth during His Earthlife and His enduring interest in Truth through the ages, He offered to be Our Cosmic Guest of Honor. Wearing soft white robes His Presence stood above the green flame of Truth rising upon the altar and the green flame seemed to blend with the whiteness of His robe. The Beloved Maha Chohan, wearing an Indian costume of a white satin-like texture with a matching turban fastened in front by a large emerald, took His place at the right side of the Flame. The beautiful Pallas Athena resplendent also in shimmering robes of white, took Her position at the left of the great altar, pouring the radience of Her Momentum of Truth into the Flame, whence it flowed into the worlds of the entire assembly present, out into the worlds of the beloved entire student body and all evolving life upon the planet.

As these two great Beings are the sponsors for the Earth for 1957 we feel greatly honored by Their Presence with us. Blessed Serapis will be honored by the Presence of the other two Sponsors, The Elohim of Purity and Blessed Astrea, at the next transmission flame class which will be held at Luxor next month.

Around the Altar green ivy and lovely crystal flame flowers looking something like the calla lily make a perfect adornment. The Seven Chohans (Myself included) will officiate in the actual Etheric Temple of Truth during tonight's ceremonies.

In the atmosphere above Europe, the Builders of Form have created a great ampitheatre in the form of a gigantic square, outlined with columns of ~~emerald~~ green; using the same emerald green substance for the seats of all who will be drawn toward this activity seeking Truth upon some aspect of constructive endeavor. The Archangels as usual, officiate in, through and around the Ampitheatre.

Thinking back to the glorious Temple of Truth which was manifested in the physical world on the continent of Atlantis, one marvels at the capacity of unascended individuals who, as Priests and Priestesses of the Temple of Truth over which Pallas Athena presided, who brought only the mental image of that Temple with them when they began the long voyage to Greece. The passing from one embodiment to another, spending sometime in the inner realms and returning to Earthlife again, having to adjust to family and racial ways, they were still able to draw upon that mental image and re-create in Greece a Temple of Truth very like the One in which they served with Pallas Athena in Atlantean days. After the decline of the true Grecian culture, the physical Temple of Truth also began to crumble and decay. The devotees of Truth used caves and simple huts wherein the Delphic Oracles abode. These Delphic Oracles were trained from a very early age to become natural receivers of the Word of God. Later, corruption

entered the Priesthood at Delphi and those corrupted the Oracles so that they were no longer accurate or trustworthy. Consequently Pallas Athena, Who was the Patroness of the True Oracles could no longer use this channel to give Truth to the few who sought it.

The establishment, by the Maha Chohan of the forcefields where specific virtues are magnetized by sincere students and radiated out to all evolutions in the Earth, on Its surface and in Its atmosphere, is the beginning of the re-creation of those foci of God-virtues which will intensify and expand in Saint Germain's Golden Age. Thus have we encouraged the manifestation of certain aspects of God's Virtues at places where they were manifested in previous Golden Ages. The warning to all students is to become more humble and selfless as the magnetization of the Virtue finds action through their groups. Spiritual pride (the error of the human personality) will only hinder the service.

Both Our Lord Maha Chohan and Pallas Athena spoke to the Assembly and blessed all endeavoring to assist the Earth and Its evolutions at this time.

HILARION.

(Note: Beloved ones, your dear letters are a current of your own energy flowing into the aura of our Lord Maha Chohan. Back on the track of your own energy comes His particular radiation of healing, comfort, peace and supply. There is nothing mandatory in His request. It is merely the science of energy by which YOU receive greater blessings). We thank you for your generous support of the Bulletin which enables us to get the Words of the God-free to you, each and every one.

Beloved Children of the Light:

If a person is thristy and offers you a cup, your first desire is to fill that cup with some liquid which will satisfy that desire within the individual's vehicles.

From the time that you fill the cup and return it to him - your responsibility ceases. Whether he drinks it, or whether he spills it away, or whatever use his body forces put that drink to, is not your responsibility, nor does it for the most part require your further attention, your thought or your feeling, except in so far as your making a call for his enlightenment.

In a similar manner when an individual professes an interest in the Higher Law, and holds out the cup of his consciousness to the Hierarchy, he cannot be denied a release of substance to fill that cup, which usually comes from a Master or a Messenger of the Angelic Kingdom. The cup is filled with the particular need or requirement of the moment.

When you hold your cup up to your Presence and to the Masters through a prayer, an invocation, a decree, or a heartfelt desire, it is immediately filled, because the Law of Life is that a Blessing asked for can never be denied. There is no human being, no matter what the accumulation around the outer self may be, who ever is, or was, or ever will be denied a blessing when the cup is held up for it and the invocation goes forth for such an outpouring.

The size of the cup determines the gift - not the nature of the supplicant - just as when the rain falls the sinner or the saint receives the same amount of substance in the cistern, but the nature of the individual will determine how much good the blessing will do.

When the heart signifies to the Higher Self and to the Hierarchy that the individual is desirous of uniting his individual lifestream with the God-Design, (whatever it may be), designated for the planet and the race, and when the cup of such an one is lifted up that it may be filled to quench the thirst of other wayfarers on the Path, that person is immediately placed upon the Rolls of those who are to be graced by super human assistance from the members of the Celestial Hierarchy, Whose one purpose is to manifest the God-Idea with regard to this Planet and her people.

The voluntary offering from the heart of the lifestream to a Spiritual CAUSE is a source of great joy and encouragement to the Brotherhood, because it is the <u>voluntary</u> cooperation of the members of the human race that the Brotherhood waits for, in order to translate its God-Good into form. As has been said many times, They are not permitted to intrude upon the affairs of men except through the consciousness of individuals yet belonging to unascended mankind, who as a free-will offering desire to be the Bridge through which Their Design is translated into form.

So, dear children, hesitate not to hold up your cups - accept the outpouring from above, and ask that the nourishment released at your calls, both for yourself and others, may be utilized to the very highest possible degree by the respective lifestreams, and that their own Holy Christ Self may protect the gifts and hold them for the hour when the Blessing can most readily unfold the growing spiritual soul-center.

Blessings and Love MAHA CHOHAN.

Fellow-Wayfarers on the Path - Again we express gratitude for your encouraging letters and for your substantial help in enabling us to get these Messages to you.

VOL. 5. NO. 46.

Beloved Children on the Path of Truth:

The essential difference between mankind and the Ascended Masters lies in the nature predominantly active, which is anchored in the feeling world. We have all heard of "human" nature - and the nature of a man is the determining factor of his present place in the evolution of his particular lifestream.

Those who have passed from the human nature into the Divine have taken unto themselves the nature of the Godhead Itself, and all Perfected Beings share that God-Nature in a greater or lesser degree, according to their ability and capacity to blend all their feelings and beings into the original God-Nature of the Father.

It is, therefore, essential for evolving humanity to contemplate and understand the active Nature of God as regards the action and re-action of feeling and thought, determined by experiences, externally and internally.

To throw off the old and put on the new symbolizes the second birth spoken of by Jesus, and the incorporation of the God-nature into the actions and re-actions of the human self is the process by which man and saint are welded into ONE Cause, which has been referred to as "The Imitation of the Christ".

The action of the human nature will always be diametrically opposed to the action and release of the feeling of the God Nature. The self-conscious substitution of the higher for the lower can be a daily practice, until by use, the God-Nature becomes the predominant and almost unconscious governing power of the lifestream.

A man's nature is composed of what he thinks and feels; what he knows; how he acts and reacts to circumstances that arise in the course of his life's experience and evolution.

From the elemental substance of the grass and trees, throughout the four-footed kingdom upward, to the very Godhead Itself, each expression of Life is an individual nature. Those individuals who have become sainted have, by meditative practices, or active exercises, entered into a realization of the Nature of God. Even perceiving that Nature intellectually they became aware of the wisdom and necessity of assuming that Nature in order to become One with the God Identity, which is the ultimate goal of all Life expression.

To assume the Nature of the Godhead has been the delight of every member of the Ascended Host and is the heart of the teaching of the Ascension. That is why it is really immaterial whether the individual turns his attention towards the One Source, or any Perfected Being who is a member of the Hierarchy, because They all share in common the God-Nature of Love, Harmony, Understanding, Peace.

Individuals have achieved God's Union through devotion to a saint, an avatar or the Sun itself, because the nature of the Perfected One towards Whom their attention was turned began to infiltrate and blend with their own.

A student becomes a true disciple on The Path when there is a perceivable blending of his former nature with the higher, finer and more beautiful consciousness of the Ascended One, which shows in the action and re-action to circumstances of the individual, and which manifests in love, tolerance and kindness towards his fellowman. Such an one is in the stages of the new re-birth.

Blessings and Love

VOL. 5. NO.47.

Blessed Children of the Light:

You have all heard at different times the expression "second nature"; well, mankind will do well to accept the "second nature", which is the Spiritual Nature, wholly different from the human nature in which they were born after leaving God's Kingdom. I mean by this the nature which the average man assumes at birth and retains during the course of his life unless he is visited by the Spirit and born literally again. It is to change the nature that I have come. It is to change the nature that I sustain My Love through your lives, and it is to the establishment of your Spiritual Nature that I have dedicated this portion of My Life - freely given.

The vibratory action of the inner bodies has had an independent life within the consciousness of mankind for so long that when the individual first determines to set the pattern of that vibration consciously, preceding the day's activities, directing the Flame through the mental, the emotional, etheric and the physical bodies, there is liable to be a resistance to a dictated rate of vibration. You will find then that the bodies will attempt to assume their original nature at the first opportunity when pressure touches any one of them in the course of the experience during the day. This is why I am bringing to your attention now the vibratory action which can be invoked from the Holy Spirit to enter into your inner bodies and remain a constant pulsating, fundamental vibration more powerful than any accumulated action of the past.

As you know, during the ministery of the Master Jesus He gathered about Himself a number of lifestreams who, at inner levels, had dedicated themselves to the establishment of a new Era called the Christian Dispensation. However, in the short time of His ministery they did not develop within themselves the conscious contact with their own God-Identity to a point where they could sustain it when He was removed from their midst. Yet the three year period of His ministery was set by Cosmic Law, and at the completion of it the victorious attainment of the Ascension was to be the capstone of the pyramid of a Perfect Life. Jesus, therefore, and the Hierarchy realized that more than human help had to be given the disciples in order that they might carry on the great work.

At this time Jesus began to make the calls for the Holy Comforter or the Holy Spirit to release the Sacred Fire. This Fire, passing through the inner bodies, would raise their vibratory action to a point where they might connect with the subtle vibrations of their Higher Selves, and during the period of their ministery have that acceleration of nature which enabled the firm foundation of Jesus' work through them.

In your Biblical description of the Visitation at Whitsuntide the tongues of Flame released from the Holy Spirit was an activity of the Sacred Fire which came forth in response to Jesus' call and rendered this specific service.

The visitation of the Holy Spirit has occurred on this planet not once, but many times. At the time of the disciples of Jesus it was a mass activity, but it had occurred many times previous to that and was part of the conscious knowledge which Jesus knew through previous experience in many lives. His application for the dispensation was granted Him because the work of the disciples was impersonal service to the incoming age. When a disciple or student has so requested opportunity for Cosmic Work and the establishment of the Kingdom of the Great White Brotherhood it will never be denied. The actual tongues of Flame can be a palpable and tangible experience in the life of the aspirant.

Dear Children on the Path, try to hold in consciousness the realization that the Spirit of Breath and the Spirit of Light abide yet in this Universe. The Indivisible God-Power very eagerly awaits the call of the unascended beings that It may manifest.

I might add here, that Breath is Life in this physical world and its powerful and potent force is yet untapped, although man turns to all kinds of artificial stimulants to step up the vitality of their exhausted bodies and inner vehicles.

If you would make it a practice of taking deep breaths from the Holy Spirit before you start any activity whatsoever, you would bring a great peace to your consciousness and a great illumination to your mind and soul, for "I AM" in that Breath.

In the East nobody lifts a weighty object without the cooperation of the breath. The tons of energy expended by the heavy people of the West in all movements of the physical bodies, without the cooperation of the breath, is a source of amazement to all who know anything of the uplifting power that is inherently within the breath. People drag their bodies around scarcely able to move them from place to place because there is not enough breath within them to make them light and vibrant. This is the reason for lethargy, heaviness and depression in the vehicles.

People on the Spiritual Path in the Western hemisphere are not at all cognizant of the capacity within the breath to raise the soul and the mind and the consciousness to tremendous heights.

Think on this Breath of the Holy Spirit of Life! When the Breath was breathed into the nostrils of man it was given to be a resurrecting power, not only of his mind, but in all of his vehicles. Start your day, dear ones, by partaking deeply of this Breath of Life. You will find It a most cooperative Servant.

Love and Blessings.

VOL. 5. NO.48.

Beloved Children of God;

I bless you for being interested in drawing the rays of Purification and of Truth into the emotional, mental, etheric and physical worlds of all in the Earth, on the Earth and in Its atmosphere. I give you herewith a digest of Beloved Serapis Bey's instruction on Transmission Class Evening (February 16th. 1957);

Love and Blessings

MAHA CHOHAN.

SERAPIS BEY:

Now tonight We are honored to have the radiation of the focus of the Spiritual Hierarchy of the Earth at Luxor. As you know, last month beloved Gautama, the new Lord of the world, in honor of Truth and of Purity, called Hilarion and Myself to Him and gave Us first and second places on the Spiritual Map for the year, in order that there might be anchored into the emotional, mental, etheric and physical bodies of all mankind as much of Truth and as much of Purity as is possible.

Since the fifteenth of February the Brothers and Sisters of the various Retreats have been coming toward Luxor, some in consciousness, some in Their inner bodies and of course the Ascended Masters and God-Free Beings in Their glorious Electronic Light Bodies. Many of the God-Free Beings and those of your loved Ones Who have made the Ascension have utilized the services at Luxor as well as many of the other Masters including blessed Jesus, so when everyone Who has ascended, has been helped to that ascension by the Ascension Flame, every such an One brings a certain gratitude in the energy of His world as He turns His attention towards Luxor. You will know that same gratitude one day when you pass through the veil into the Realms of Light; you will know what it means to feel the gratitude within your heart, when you know that you are free from the wheel of birth and death and that gratitude becomes part of your Causal Body; part of your own lifestream; part of the buoyancy which is Eternal Youth.

So as these Beings come back toward Us Each brings the memory of Their Own Individual ascension; Jesus bringing the memory of His ascension and all the glory that surrounded Him as that magnificent event transpired in the physical appearance world; Saint Germain bringing His memory of His ascension from the heart of the Transylvanian mountains and every other Being Who has ascended before or since. If They did not ascend at Luxor, there was always a Sponsor from Luxor, either a Lady or a Gentleman belonging to Our Brotherhood Who assisted Them to that Victory as They entered into the Ascended Master Realm.

It reminds us of the joy that We all have when We enter Shamballa at the end of the year, as the Masters return to Luxor they come with joy and laughter, ~~and gratitude~~. The chelas who are unascended who have been burned by the disciplines because they did not achieve come with a different consciousness, a consciousness of rebellion and resistance sometimes and a consciousness that all was not fair to them in their training in Our retreat. Everyone who is in a classroom and dosen't make the grade with his class is bound to have some rebellion and so the unascended lifestreams of people who were at Luxor and who have come into embodiment again and are in touch with the power at Luxor, either while their bodies sleep or now that the students know that Luxor is open while their minds are awake are bound to feel a bit of disappointment because of their own previous mistakes, errors and failures.

We have asked and have been given assistance, particularly of the Archaii, the beloved Hope, to give a sense of buoyancy to every lifestream who is presently working

on sublimating those etheric patterns of past mistakes and temporary failure on life's way. There are very many people all over this planet, metaphysicians and occultists and students of the spiritual law who have visited Luxor and passed, as I have described to you often, through one, two, three, four or five initiations in this Retreat and then either failed the discipline or for one reason or other decided that they could not continue in it. These individuals invariably have, as all human beings do, blamed the Retreat, the Hierarch, the Brotherhood, the climate, anything but themselves. That vibratory action is buried in the etheric consciousness.

As We say in Our forthcoming magazine HOPE and as We have discussed so often with Hilarion, when Science realizes that the etheric consciousness and the subconscious mind are one and the same and that this etheric consciousness is a lot older than one embodiment, they will come to a better understanding of the cause and core of distresses and of the effects that appear such as mental, moral, emotional, physical and financial distress.

You will remember, as described to you, the Temple of Luxor is square made up of columns - great columns of tremendous height - You can visualize them like columns of the Temples of Egypt ages ago. These columns form squares within squares. The innermost square is white and then the columns extend outward in the colors of the rays, like the colors on your Chart. Individuals entering into the Retreat at Luxor to honor the Ascension Flame start at the outside of the Temple and they just walk between these columns - there are no doors of course. Before the individuals is light of various colors. For instance, starting with the outer Court there is just the activity of the violet ray and as the visitor becomes accustomed to it - he may advance into the next corridor if he so desires to do.

That is the activity with the unascended chela who is drawn toward Luxor. First he sees just the outer columns of the great Temple, then he sees just before him the beautiful violet light. Some are content to bathe in this violet fire and proceed no further on their spiritual journey. Some of them are content to just enjoy that beautiful radiation; Some do pass through the violet fire into the next band of color (gold) and so on until they come to the pure white light which is the radiation around the Ascension Flame.

Tonight Our Guests are the beloved Astrea and the beloved Elohim of Purity. The beloved Astrea is the Divine Complement of the Elohim of Purity and has been accepted by the Karmic Board, as One of the four Sponsors of 1957. They are Our Guests tonight. In this great Temple, within the innermost square, is the altar on which the Ascension Flame rises. It ascends as beautiful crystal light, so magnificent that the eye of an unascended being cannot even see it, it is so pure. The inner sight, or the eye of an Ascended Being can see the little tiny globules of the Ascension Flame and they are rising upward in constant motion and within them are dancing little beings, little sylphs and salamanders.

Into this Ascension Flame, there has been directed the prayer force from the whole planet Earth. Every time there is a church service, every time there is an individual prayer, that energy is drawn by the Angels belonging to Raphaels Legion, Uriel's Legion, and so on and the various Beings purify it and it becomes part of the Ascension Flame. Then it begins to ascend in beautiful rhythm with music within it. I believe that the day will come in the not too far distant future when you can see the dancing joyous activity of the Flame, no matter what particular Flame it is, and you will no longer be afraid of it or consider it so ephemereal.

In this Ascension Flame is Jesus Christ's Victory, Saint Germain's achievement, the victory of every One of your ascended Loved Ones. In the Ascension Flame is your own prayer force, all your wonderful decrees, and It blazes up into the atmosphere above Egypt, Africa and all over that particular area where the conditions in the physical appearance world seem so chaotic.

Inside the actual Temple beloved Astrea and the Elohim of Purity stand at either side of the Ascension Flame. They are both in pure snow white. Astrea, as you know, has beautiful golden hair. It is banded with crystalline substance with a blazing diamond jewel upon Her forehead. The beloved Elohim of Purity is dressed almost the same- both are in long white robes - only the jewel upon His forehead is a beautiful blue sapphire. These Beings radiate tremendous power. The Elohim helped build not only this Earth but the other planets of the system - Their power is so tremendous that within the inner square only the Cosmic Beings, The Masters, Ascended Beings and Angels abide. Outside the first set of columns the chelas gather behind their Master and look around the corner of the columns but they do not come too close to that tremendous radiation of the Ascension Flame and the gathering of the Ascended Host.

Our Lord Maha Chohan and blessed Pallas Athena are standing - everyone stands at Luxor - We don't have any seats in the Temple - (When the instruction is given the chela stands - the Guru is often seated, I Myself am seated when interviewing the chela - but the aspirant, the chela, always must stand. This activity has something to do with the light passing through the spinal column). So everyone is standing tonight, including the Maha Chohan and Pallas Athena. It is a very happy, a very joyous occasion.

I would like to ask Our Honored Guests, the Beloved Elohim of Purity, One of the four great Sponsors for 1957, if He cares to speak into the atmosphere of Earth through the receptive consciousness of these humble people.

The Elohim of Purity speaks:

Peoples of Earth! Purity shall abide in, through and around the Earth, Its evolutions and every person, place, condition and thing connected with It in any way. I have remained with this Planet Earth, have seen Her from Her birth in the minds and hearts of Helios and Vesta. I have seen Her in the crysallis within the Body of the Silent Watcher. I have been one of those Builders of Form Who helped to draw Her out of that crysallis and womb into manifest form. I have seen the great Amaryllis and Forces of Nature preparing Her to become a most beautiful paradise, to be a schoolroom for an evolution destined to choose this Earth as a way to learn the truth of mastering energy and vibration in the physical world. I have witnessed along with the other Elohim through the centuries that have passed, the degradation to which the Earth has presently come and the impurity which has been charged into the elemental life, the inner and physical bodies of mankind and the atmosphere of Earth. It is My decree, in the NAME OF GOD which "I AM" without limit to return this Earth to that state of paradise, to that state of God perfection which She expressed when, smiling in the robes of Spring with the crown of Amaryllis upon Her brow, She opened Her arms and heart to the first Manu and the first root race in such welcome and with such honor, generosity and grace.

Oh, I love Thee, blessed Earth. When, on that day when Thy people didst say they would accept the laggards from the other Stars, if an Elohim could shudder, I would say My very Being did so shudder, seeing what might result in giving so innocently and yet which would cost life so much. I would say to the beloved peoples of Earth, any body on the planet Earth who is interested in purifying Her, anyone who is interested in releasing water or air or earth or any human being from a distress or imperfection is My friend and I am with such an one always. IT IS MY REASON FOR BEING. Until there is wiped from this Earth the need for hospitals and all such imperfection that have made a travesty of Helios' and Vesta's pattern for this Earth. Beloved Astrea, do you wish to speak?

Beloved Astrea:

Ladies and gentlemen, We are a voluntary part of your evolution because We love you. We have the joy of inner sight and through that inner sight We can see the causes and the cores behind the manifest effects that play upon the screen of life and which will play upon it in the future unless they are removed. We are

therefore very grateful when We receive the cooperation of even a handful of people who believe in and who can and will take counsel and the instruction that We give, because in so doing when you call for the removal of the cause and the core of certain distress- es it gives Us freedom in Our octave to serve with you. To those of you who have loved Me and used My Name and have asked Me for the assistance in the removal of the cause and core of distress, I give My special blessing. The beloved Elohim of Purity, the Maha Chohan, Pallas Athena and I hope to do much for the planet Earth. We hope not to be discomforting. We come to bring you Comfort and Truth to set you free. The Maha Chohan said when We met at Luxor, that Our cooperative service is to bring such Comfort to this Earth; Comfort and Purity; Comfort through the removal of the cause and core of distress; Comfort through the release of Truth and the removal of bigotry and Comfort through standing with the doors of Our Consciousness open so Our gifts may be released to you. He always has a way, as you know, of lining up a great many activities which might appear a little frightening to the human mind and presenting them in a way that will not distress anybody. We had the joy of talking with Him and We enjoy serving with Him and with blessed Pallas Athena too.

Now We will return you to the blessed Serapis and We would like to say thank you in 1957 for accepting Us; remembering Us, and serving with Us.

Serapis Bey: Thank you beloved Astrea and beloved Elohim of Purity. These great Beings of Light, as Astrea has told you, met with Our Lord Maha Chohan and Pallas Athena and They have some beautiful designs and plans for you for your thought and for your use in 1957 if you will accept them and use them. They will be presented to you from time to time and She (Astrea) is willing with Her Circle and Sword of Blue Flame to give the assistance and the great Elohim of Purity too.

In the atmosphere above the Retreat, the ampitheatre is builded like a great square - this square is very, very large - it is larger than the Earth itself and it looks like a parchment lantern which fits right down over the Earth. That is the shape of the ampitheatre tonight. It is unusual in the fact that it is not just over Asia and Africa but it completely encompasses the entire globe. Into that ampitheatre the Archangels brings Their Friends of Light, the Ascended Masters Theirs and the sleep- ers are brought by their Guardians, the members from the compound are brought by their teachers.

Tonight all the other Chohans are in crystal garments as well as Myself. Beloved Gabriel is serving with the Archangels; Beloved Hope is right within the Ascension Flame and the activity of purification which is Theirs to give will commence in a few minutes so if you will just concentrate upon them and that activity of Light it will give Me the opportunity to take My place and make the necessary arrangements for the transmission of the Flame from Luxor. Thank you so much.

Beloved subscribers to the Bulletin:

God bless you for keeping the life line open to the Presence of Our Lord Maha Chohan through your own feelings of love for him, written and otherwise. We appreci- ate too your financial support which enables us to make His words available for your use and expansion of consciousness.

Beloved Children of Light:

I cannot too strongly urge you to contemplate with all your great capacity the actual Nature that makes up the Father of all Life; His feeling toward all His children the actual desire and design of His Being for the Earth and all upon It, and within It.

This has formed the ecstasy of every saint who has proceeded beyond the ken of mortal mind and been unified with the God-Nature - even for an instant, in that exultation of consciousness, radiation and feeling. To put on the God-Nature is as easy and simple as it is to don the garments of the external fashion realm.

To live, exemplifying the God-Nature in your thought and feeling, in contact with and conduct of life, is to be free instantly from human nature, its pressures, actions and reactions, its limitations, in yourself and others. It is to enter and abide in the kingdom of Heaven, which is the Way by which We proceeded and by which We maintain Our Happiness Supreme. There is no external happiness until the outer nature has become the God-Nature in regard to all Life, and that is the ONENESS toward which all consciously or unconsciously aspire.

When the Beloved Mary is spoken of as the Mother Aspect of the Deity, it is because Her Nature has become One with the Mother Element of the Eternal Father of All Life. Jesus is One in Nature with the Son - every Being Who represents a God or Goddess, or any particular Virtue has become One with that facet of the God-Nature, and although We share the Whole, that is the predominant characteristic of Our Individual Being.

The early Christians, as well as some of the very devotional ones of today patterned their lives on the very simple question of what Jesus would do if placed in the same circumstances as they found themselves. Earnestly such individuals ask for His illumination and feeling, and then try to the best of their ability and capacity to contact His feeling and reactions according to His possible activity if He were in that circumstance.

Now, all individuals are not equally capable of understanding the nature of the Master Jesus, nor intellectually of judging what He would do under all circumstances, but every desire within the heart to act and react as He would, brings through it a grace and perfection and blessing and an intuitional pressure from Jesus which does direct the life course more and more in the Way of the Master. The early Christians, with great success, followed this simple Way of Life and became so imbued with the Nature of their Master that they took on the luminosity of flesh, the brilliance of consciousness, the love of heart and even the capacity, in His Name, to heal and set Life free. It is worth the time and thought of the chelas of the Master to begin such a holy practice, and in their daily lives see what beneficent results will ensue not only in their own peace of mind, but in the kindly unfoldment of those around them.

So I bless you, little children, in your endeavors, as you walk -- sometimes stumbling - upon the same Path that We traveled so long ago.

Blessings and Love

MAHA CHOHAN.

Beloved Children of God!

The glorious white robe of the Master Jesus is a constant reminder to the initiate and the aspirant that the Life and Energy of his own being may be woven, and is woven, at every moment into the vehicles through which his soul must function and achieve at last everlasting Peace.

"To him that overcometh shall be given a white garment". This garment is woven by the Presence into the substance of the bodies and aura of the evolving soul's consciousness when the attention of the heart is centered on the Spiritual Center from whence all blessings truly flow.

The aura around the lifestream consists of a constantly moving sea of electrons passing outward, driven by thought and feeling, and returning inward on the return course of their circular journey to find oneness in the heart of their creator. The radiation from the Presence, however, is vertical and passes downward through the bodies, and then completes the circle back into the Presence. So you have the directive activity of the lifestream going out in a horizontal line, tying you to the manifestation of Earth, and the more ephemeral electronic circuit coming from the Presence, and made up only of those directed thoughts and feelings which turn towards the Source.

As the greatest amount of the energy of the lifestream is directed into the affairs of the world, that circuit is more powerful than the short intervals of contemplation, prayer and devotions that form the Divine Circle uniting you with the Godhead, and this is the beginning of that White Garment, that Seamless Robe, which, you see, has neither beginning nor end.

Now, when the individual has done with interesting himself in the satisfaction of the personal self, and more and more of the Life Energy is directed towards the Source, this Cosmic Christ Cloak or Seamless Robe, woven out of the individual's own Love for God, not only increases the intensity but begins to form a natural protective ring that disconnects the energy of the lifestream from the magnetic pull of imperfect manifestation.

It is not the matter of a moment to change the currents of attention from form and manifestation into the joyous contemplation of the God-Self, and yet those individuals who have entered that discipline, when seen with the Inner Eye, appear to be held within an almost invisible mist that is barely discernible through their cloaks of many colors. It would take the trained eye of a Free Being to show you the potential Christ Bearers of the Age. But as the personal is singled out from the masses and entered under the standard of the Christ Beings, that mist begins to take more form and substance and eventually it is the predominant vibration through the cloak or through the aura. It forms the Garment which Jesus so powerfully manifested that those who touched Its very fringe were excused of their mistakes and mercifully reinstated in health and well-being.

Weave your Seamless Robe, dear hearts, each one, so that he who touches Its hem will be blessed by Its nature, Its quality, Its gifts, To qualify that Cosmic Christ Cloak, the Spiritual Electronic Essence which is the protective power of your Higher Nature with confidence, healing, spiritual conviction or any one of the countless virtues of the Universal, is to render an impersonal service in which your self can never either be recognized or acknowledged as the doer, and is the great impersonal blessing which forms the Heart Pulsation of the Brotherhood.

Blessings and Love

MAHA CHOHAN.

We bless you, dear hearts, for your financial aid which helps us to continue this service in the name of the Masters.

Blessed Children of Light:

The ten or more billion individual Flames who represent the human race passing through experience to a God-Estate are looked upon by the Hierarchy entirely from the standpoint of their Light.

As you have seen the fireflies glow in the dusk and have enjoyed the beauty of their radiance, you can grasp a picture of how the mankind of Earth look to the inner eye of the Brotherhood, except that the uniformity of Light is nowhere near as exact as that of the small light in the insect. However, in one glance the Master can look at the entire ten billion members of the race, incarnate and discarnate, and from His Cosmic Consciousness hold them all within a span similar to about an eighteen inch board held before the physical eye.

The amount of Light within the lifestream distinguishes one from another, and it is by the size of the periphery of that Light that the Master makes His judgement as to what particular service and cooperation can be fitted between the Hierarchy and the human being who represents those that are to be helped to freedom.

Thus, the students who work with the Master are not chosen for their personality-but for their LIGHT. A certain intensity of Light, a certain wideness of the sphere of influence covered by their radiation is required by the Cosmic Law before more than ordinary personal assistance can be given. Therefore it is evident that individuals who are blessed by the association with the Masters have already a tremendous expansion of their Light, and the association made is to use their sphere of influence as conductors for the Master's Consciousness, Plans, Presence and Powers.

Beloved ones, I say to you, the students were chosen, having been individuals who of their own volition, in their respective orbits, offered their lifestreams to the Cosmic Law, who were found true to such an offer, and who were therefore to be graced by association with the Gods, that their consciousness might be expanded and they become aware of a way and means that could assist in the establishment and sustenance of God's will in a portion of His Kingdom.

We have come over a period of years in order to widen the perception of the individual consciousness to make each one aware of the way by which they could voluntarily aid in setting up causes that would wield effects of a lasting nature.

You are now at a point where that perception and awareness will allow you to enter into the Realm of Cosmic Causation, and after the Design presented to you by the Masters, create a Form representative of that Inner Design. This is the period of apprenticeship, and is followed by Mastery.

Feel always that the periphery of your aura represents the span in which the Master can serve best, and know that His Consciousness, His Presence, His Substance and His Love flow along the spokes of your own energy to the end of your sphere of influence to best serve His Design. Beloved ones hold your energy always as a sacred conductor for His Presence.

Blessings and Love

MAHA CHOHAN.

Thank you, dear friends, for the aid you give us in maintaining this Service of the Masters, Your helpful letters, also, are much appreciated.

Beloved Children:

Reading your hearts and seeing your weariness, today I say to you LABOR, in the sense of physical depletion, is not in accord with the Plan of God for His Kingdom or for His Children. The present labor under which mankind ekes out existence is but a disintegration of the elements of the physical body, as well as the resilient vitality of the Fire of the soul. Until the curse of labor has been removed from mankind, spiritual unfoldment of a lasting nature cannot be manifested. Service to Life, which was the Divine intent behind creation and the sustenance of the individual focci who chose to incarnate in the world of form, was meant to be a glad and happy opportunity to draw, mould and expand the God Life for the enriching of the created Universe through manifold designs, voluntarily drawn forth and sustained by the evolving race.

It is Our desire, Our design and Our purpose to release those aspiring to spiritual unfoldment and union from the curse of labor, which is the selfimposed karma that all mankind took upon themselves when they claimed the outer self to be the "Doer".

The Inner man, himself, can know no labor. All unfoldment is in accord with the Divine Design, but when the intellectual consciousness claimed to be the "Doer", the effect that ensued from this unnatural activity of the human self created the heart and soul of Labor as it is known today.

When the students come again to a point of allowing the Great God Flame within full freedom to act according to the Design of the God Presence, Labor will be superseded by Service, and man will rise to his natural estate of a Light Being, free from the curse of Cain.

To overcome this bondage the individual must be aware of and conscious of the God Force, the Faculties and Activities that are within Life before he can make conscious demand by the Authority of His Own Flame upon the Cosmic Law for the use of those Faculties, Gifts and Powers to mould out of the Universal Light Substance form in accord with the God Plan.

As the designer or manufacturer has, at his fingertips, sources of material and ways and means of blending those materials into a definite pattern, so does the student, who is to become co-creator with God in the expanse of His Kingdom, have first to be trained and become aware of those Powers and Potent Forces by which the design of his King may become form.

It is such training that is undertaken by the Ascended Masters devoted to the establishment of the God Kingdom on Earth, through students like yourselves, whose motives and desires are sincere, but those capacities require development and refinement in order to become facets for God-expression.

To have, within the confines of the short association between Ourselves and these Groups, brought you to a place of perception and awareness of the Powers within the Sacred Fire, and the creative principles of thought and feeling, is to have drawn the consciousness from infancy to maturity.

The apprenticeship now lies within the development of the capacity to tune into and wield these Powers, not by chance, but by indisputable scientific law, and this training is, and always has been from the beginning of time, the most strenuous for the chela. It should be, however, a time of great hope, for at the successful completion of such apprenticeship, individual mastery is assured. And in a far greater

sense the value of the student in the work of the Hierarchy becomes a thousand fold more than that of the most earnest heart yet unable to enter the realm of creative thought and feeling, and from the Design of the Master, create form. It is to this particular phase of your development, children of Light, that I am turning My attention, thought and the pressure of My Lifestream at this hour. Your freedom will be proof of My friendship, association and desire to continue in greater and closer One-ness.

Blessings and Love

MAHA CHOHAN.

BELOVED LORD MAHA CHOHAN.

Transmission, Flourtown, March 16th. 1957.

Beloved and blessed children of God seeking comfort for yourselves and seeking comfort for the Earth and Its evolutions, I love you for your presence upon this Earth at this time. I love you because you desire to give comfort to the peoples of the Earth and to all of Its kingdoms. I love you because you have honored Us, All Who represent the Spiritual Hierarchy by accepting Us as real Beings of love and of light.

Blessed ones, We have served for many, many centuries with only a handful of initiates conscious of Our individuality and being. Only within the last hundred and fifty years or so has that veil been drawn aside by brave, courageous souls until more and more to the outer consciousness and on the screen of your life has been revealed the Presence behind all those constructive endeavors that bless the evolutions evolving in the Earth, on Its surface and in Its atmosphere.

Now you cannot have an intelligent activity without a conscious Intelligence behind it and the metaphysical aspect of spirit without the Being Who has created and sustained that spirit or divine nature is lacking in Divine logic. It is also lacking for an individual to accept a virtue on any one of the seven rays without realizing that there is a conscious Director of that virtue to the individual or into any conditions into which it is invoked. The Godhead Himself, by whatever name mankind has chosen to call Him, is a thinking and feeling Being and the Aura around the Godhead is filled with the virtues of that Perfected Being or pair of Beings which forms the nature or Holy Spirit of that Godhead to that Universe or Planetary System.

Now, the individual consciousnesses belonging to the various planets of a sun Who have ascended into Their Eternal Freedom, or Who have never taken embodiment on any planet, but who have qualified cosmically to serve as channels, conductors and directors of the Holy Spirit of God - the Father-Mother have learned (even as I have done for the Earth) through experimentation with the various qualities that represent Comfort to Life.

They drew primal energy (even as you are doing now while listening to Me or reading My words) and found that the capacity to hear that which I AM saying is life qualified with the ability to hear.

As these Beings drew primal life, They also learned to create around Themselves an aura like that around the Godhead which contains all the virtues of that Godhead, and when all those virtues are embodied in an Intelligence, that One is ready to apply for, or volunteer to become, a channel for the Holy Spirit to any planet of the system.

Of course, I Am not the first One to represent the Holy Spirit to this Earth -- there have been feminine Beings who have held this Office preceding My ascendency to it... Radiating the power of the Holy Spirit to any planet is not necessarily a masculine office, but, beloved ones, it is Our service to try, wherever it is possible, to create in, through and around you by the proximity of Our radiation to you as you hear or read Our words, or as you contemplate Us and send your attention toward Us... As you do this, We, in turn, immediately turn Our attention toward you...It is Our desire to create the Holy Spirit from within the Flame in your hearts until it is more powerful by far than all the pressures of the human creations that are around you.

This attainment of the powers of the Holy Spirit is an absolutely possible feat

that has been accomplished by many, many unascended beings who have walked the Earth and have been a comfort to other lifestreams... As We have so often said, all of life desires to be comforted, but it is quite a different thing when you apply for the privilege and honor of being a comforting presence to the life evolving on the planet where you presently abide.

Beloved ones, in anticipation of this Meeting tonight, from all over the known world initiates have been coming toward Ceylon for some time and many well known men and women who are figures in the world's international affairs have been My guests; they have visited the upper floors of Our plantation and partaken of Our hospitality, but have not entered within the heart of the Retreat, or taken part in the activities.

The Flame room is all done in pink, walls and floor. As I have told you before, the pictures of the Seven Chohans hang on the walls - My seven Boys - Whom I love so well and Who serve with Me so selflessly... The Flame of Comfort is pink primarily, but there is also an activity of gold within it, because there is so much of the essence of healing contained within it.

The Beloved Pallas Athene has offered to stand within that Flame tonight and greet Our great Guests as They come.... She wears a beautiful robe of buttercup yellow very, very simple in design and following, as usual, the Grecian fashion. Her hair is arranged high on Her head with small green ivy leaves woven into it as a gesture of love and courtesy to Myself. She is now standing by the altar where the Comfort Flame is already blazing.

The Flame Room is all in pink, walls and carpet. Above it in the atmosphere is the amphitheatre built by the beloved Builders of Form in the form of a dove -- all in a beautiful shade of soft pink, with seats arranged in the wings and body, in pink also. As you know, only the Ascended Ones and the great Beings who are Visitors from other stars and planets have places in the Flame room. Some initiates and advanced chelas are also seated within that room; All others are seated in the beautiful amphitheatre, which, presently extends over Asia with one wing hovering over Asia Minor where human disturbances are manifesting themselves at present; the other wing just touching the rim of the Pacific.

The majority of the Great Ones are robed in a soft shade of pink tonight, with the exception of the Beloved Pallas Athene and Myself who are wearing the buttercup yellow; my costume being relieved by an emerald girdle and a large emerald which adorns the front of My turban.

In the Comfort Flame you will see all the beings of nature who are free to attend. It is interesting to note that the little elementals from everyone's garden held their own "conferences"... You see, when an individual gets the idea that he or she will create a garden and sets about proving that idea in a practical manner a nature Deva is assigned to that garden to assist him in its creation as well as to help the little elementals in creating and sustaining the flowers and the various plants, shrubbery, grass, trees and so forth that make up the garden.

When the Temple of Comfort is open, these Nature Devas call to council all the little beings under their supervision -- from the smallest and humblest of gardens to the most magnificent formal gardens that go with palaces and large estates. Certain members of these little people are appointed as emissaries to the Temple of Comfort... So they come, as you in consciousness come, and they play in, through and around the Flame -- you may see them, the little sylphs, the gnomes, the salamanders and the undines - and they do enjoy that tremendous radiation.

Some are given permission by their Nature Deva to stay during the entire thirty days, but their attendance is usually on a rotating basis - so many come - then they go back and another group comes in, until by the time the Retreat is closed, its radiation has been carried forth to the Nature Kingdom by as many of these little beings as possible.

Of course, I love the Nature Kingdom, having worked with it so long and having done so much research on it at inner levels as well as in the world of form when I lived on the Earth... I have found that the wonderful obedience, the wonderful joy, the magnificent desire to express the perfection that is within the seed in the Nature Kingdom has given Me great inspiration in dealing with the human kingdom, where free-

will has made mankind very reluctant (forgive Me) for the most part to express their divine potentiality. In the nature kingdom, of course, you have that certain pollution that has been imposed uponit by mankind, but for the most part, the tiniest undine, the smallest salamander or sylph express the most wonderful feeling of willingness to help or render any service that they are called upon to perform by Myself or any One of those great Beings Who are particularly concerned with that kingdom.

I Am rather like Kuthumi in My tendency to get involved in a study of the nature kingdom and I can well sympathize with Him in His evolution when He used to spend so much timeat Morya's great expense of time and exasperation watching a bird or a flower, because the nature kingdom is to Me an unceasing marvelous, manifest expression of what can be done through obedience to the Laws of God and the laws of one's own individuality expressed.....

Now, when We speak to mankind and see the innate Divinity - every one of you potential gods and goddesses-we regret that there is not that joyous response.... There is, because of many centuries of discordant living, rather an <u>acceptance of appearances</u> and a reluctance, really, beloved ones, to let go of these appearances in favor of the expression of your Divine Perfection....That, in a nutshell, is the difference between the nature kingdom and the human kingdom.

We are endeavoring now to reach the great mass of humanity - the millions and millions of embodied lifestreams as well as those who must yet take another embodiment on the Earth...We must try to make them comfortable first - then make them willing to listen to the law of life and then make them willing to be a Comforting Presence to Life in turn, so that we can have for the Lord Buddha (the new Lord of the World) an ever expanding aura of comfort around this planet instead of the cry of agony, pain and distress that arises from it day and night.

When I speak with the Silent Watchers of the various countries, beloved ones, and They report to Me the condition of the thoughts and feelings - the prayers and the consciousnesses of the peoples under Their charge, it rends My heart, because My responsibility to every bit of life on this Earth is to bring to it comfort.

Therefore, wherever I AM accepted and recognized to be an Intelligence desiring to bring comfort, there "I AM" at that moment, with all the energy, all the life and all the substance and power which is Mine, willing and eager to flow through any such one, regardless of race, creed or color...All I want is a willing heart desiring to be a comfort to life...There is no merit, beloved ones,in giving comfort to someone whom you are particularly enamored of at the moment, because you are <u>getting comfort</u> out of such a service, but when you can give impersonal comfort to <u>all of life</u>, even when there is no temporary affection for the one in distress and whom you happen to be serving - <u>then you are coming to maturity</u> under the Ray which I supervise.

I have seen people many times who spend a whole lifetime giving comfort to a husband, a wife, a mother, sister or brother or child (which is, of course, a very commendable trait), but if you were to look at the aura of that one, you would see that the <u>giving</u> of that comfort <u>was a satisfaction to the self</u> of the giver more than the desire and motive to convey comfort into the consciousness of the one he or she was serving...You will be much happier, dear hearts, when you loose yourselves from the feeling that you must give all your comfort to <u>one part of life</u> and learn to open your arms and desire to give comfort to all.

You know, there is a balance. I Am always working on that balance with My Beloved Seven Cholans...It is the balance between getting people depleted in body and exchequer, thus getting them in such a condition that they do nothing at all - and that of teaching them the aspects of the law of life... There is a balance between making people think of these deeper aspects of the law and just giving them knowledge which they do not put to use.

Hilarion had prepared a very beautiful treatise on the brain which He was very desirous of giving tonight...The Beloved Morya had made His application to the World Teacher to speak to you tonight because of the coming Saint Patrick's Day and His own connection with Ireland... Saint Germain also asked for permission to speak because of certain activities of the Violet Fire which are so necessary at this time, but the

Beloved Maitreya, Who holds the position of the World Teacher compromised by letting Me speak to you Myself....So you see, there are a great many People in the higher Octaves eager to come to you - a great many Divine Men and Women, so loving, so interested in you Who are eager to give Their radiation and have so many wonderful things to tell you....So I, beloved ones, was given the assignment to speak to you tonight to make you happy, to keep you comfortable -- to make you aware of My love for you and to bring you closer -- ever closer -- into My own World and into My Aura.

It has been for ages, beloved ones, that the chelas were approached by their Chohans and I, personally, had very little contact with unascended beings, but now we have come to a point where I do have that association through the medium of a bridge.

Have you ever thought what a wonderful thing a bridge is! I AM bridging the consciousness from the Ascended Masters' Realm to yours tonight with My energy... It is something like a drawbridge -- My energy is reaching into your minds -- your energy is reaching back into the substance of My Feeling World and this activity creates a current that flows from Me into your world and from your world back to Me - and so it expands to bless and enrich all life...

As the breathing exercises are about to commence, I must return, although, as I have told you, the Beloved Pallas Athene is representing Me tonight in the Flame Room, She stands now within the Flame and I shall take My place before the chalice from which the Flame of Comfort is ascending...We will clasp hands, She from within the Flame and I from My place facing the chalice as this is the signal for the exercises to begin, I shall have to leave you, beloved ones, with the reminder <u>that the Comfort Flame is real</u> and I Am as close to each one of you as Life Itself.

Blessings and Love

MAHA CHOHAN.

Beloved Friends: As we present these words of the Maha Chohan Himself to you, we ask Him to enfold you with His Grace, His Peace, His Love and abundance for your consistent and willing help in this Endeavor.
